Excludes overseas operations of United States-based companies. Companies listed were included because they were considered to have significant market value (fee not involved).

Alphabetical arrangement by company names. Each entry gives such information as address, telephone number, description of products and services, estimated sales, and officers. Organization, classified, geographical, management, international, marketplace sections. 1975 ed., 1326 companies.

Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments Springer Services are key activities

in a globalized economy and they also underlie the quality of life of local residents. The advanced work presented in this book was selected from the proceedings of the Third International Conference on Serviceology (ICServ2015), held July 7-9, 2015, in San Jose, CA, USA. The conference was supported by the Society for Serviceology. The society was established in 2012 in Japan to explore the scientific systematization of services and to promote technological developments for solutions to industrial issues. This book provides a useful general guide to the state of the art in the theory and practice of services. It can also serve as a valuable reference book for researchers in a wide range of fields from engineering to marketing and economics.
