The Red JesterAndrei Bely's Petersburg as a Novel of the European ModernLIT Verlag Münster

**Audrey Bely** LIT Verlag Münster

Andrei Bely's novel Petersburg is considered one of the four greatest prose masterpieces of the 20th century. In this new edition of the best-selling translation, the reader will have access to the translators' detailed commentary, which provides the necessary historical and literary context for understanding the novel, as well as a foreword by Olga Matich, acclaimed scholar of Russian literature. Set in 1905 in St. Petersburg, a city in the throes of sociopolitical conflict, the novel follows university student Nikolai Apollonovich Ableukhov, who has gotten entangled with a revolutionary terrorist organization with plans to assassinate a government official-Nikolai's own father, Apollon Apollonovich Ableukhov. With a sprawling cast of characters, set against a

nightmarish city, it is all at once a historical, political, philosophical, and darkly comedic novel.

[Unity and Gesture in Andrey Bely's Petersburg](#) Harper Collins

Describes authors, works, and literary terms from all eras and all parts of the world.

[The Red Jester](#) University Press of Kentucky

Andrey Bely, novelist, essayist, theoretician, critic, and poet, was a central figure in the Russian Symbolist movement of the 1920s, the most important literary movement in Russia in this century. Bely articulated a Symbolist aesthetic and originated a new approach to the study of Russian metrics and versification, giving rise to a new scholarly discipline that still thrives in the West. Although regarded by some critics, including Vladimir Nabokov, as the author of the greatest Russian novel of this century, Bely has been nearly forgotten in his native country for ideological reasons. In the West he remains little known and generally under-valued. But with recent English translations of Kotik Letaev and his masterpiece, Petersburg, interest in Bely is increasing. Janecek's book brings together some of the best modern scholarship on Bely and the Russian Symbolist movement of the 1920s.

Santiago, an old Cuban fisherman, has gone 84 days without catching a fish. Confident that his bad luck is at an end, he sets off alone, far into the Gulf Stream, to fish. Santiago's faith is rewarded, and he quickly hooks a marlin...a marlin so big he is unable to pull it in and finds himself being pulled by the giant fish for two days and two nights. **The Reformatory Press** The Red Jester Andrei Bely's Petersburg as a Novel of the European Modern

An introduction to a complex but hugely influential Russian novel written on the eve of the First World War. Accessible essays explain how Petersburg articulated the sensibility, ideas, phobias, and aspirations of Russian and transnational modernism.

*A Critical Review* Good Press

Essays by leading theater scholars and theorists exploring the "turn to landscape" in modern and contemporary theater

The Face of Nature Oxford University Press on Demand

What was Andrei Bely's aim in his ambiguous novel Petersburg? For the first time, this study firmly places Bely's work at the heart of the European Modern (die Moderne). The book argues that the novel - with its concern for the spiritual and its desire to create new aesthetics - helped reshape fundamental views of reality, of the Self, and of consciousness. Theories of Freud and Jung, as well as the aesthetics of the Viennese Secession, are used to elucidate Bely's approach to the narrative. The book also presents Rudolf Steiner's anthroposophy as the prism through which Bely reflects modernist ideas. (Series: Slavistik - Vol. 1)

*A Selection of the Choicest Productions of English Authors, from the Earliest to the Present Time, Connected by a Critical and Biographical History ...* Indiana University Press

This book traces the development of Audrey Bely's technique as a novelist from the early experimental Symphonies, to the last novel, Masks.

The Stony Dance Bantam

The era of Russian Symbolism (1892-1917) has been called the Silver Age of Russian culture, and even the Second Golden Age. Symbolist authors are among the greatest Russian authors of this century, and their activities helped to foster one of the most significant advances in cultural life (in poetry, prose, music, theater, and painting) that has ever been seen there. This book is designed to serve as an introduction to Symbolism in Russia, as a movement, an artistic method, and a world view. The primary emphasis is on the history of the movement itself. Attention is devoted to what the Symbolists wrote, said, and thought, and on how they interacted. In this context, the main actors are the authors of poetry, prose, drama, and criticism, but space is also devoted to the important connections between literary figures and artists, philosophers, and the intelligentsia in general. This broad, detailed and balanced account of this period will serve as a standard reference work and encourage further research among scholars and students of literature.

**A History of Russian Symbolism** John Benjamins Publishing

A "healer of souls" named X. Anaxagoras persuades a married couple that the life they are living is too perfect, too safe, too dull, and they are too much of a prisoner of "The Proper Thing" aboard their luxury yacht moored at the Vancouver Yacht Club. Tossing overboard all nautical discipline and propriety, the crew of the Sprindrift embark in a series of adventures that involves kidnappings and claim-jumping a gold mine.

Secret Harbour Merriam-Webster

"Secret Harbour" by Stewart Edward White. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

*The Mirror of Literature, Amusement, and Instruction* New York : Grosset & Dunlap

Widely considered the greatest Russian modernist novel, Andrei Bely's Petersburg has until now

eluded the critical attention that a book of its caliber merits. In *The Stony Dance*, Timothy Langen offers readers a study of Bely's masterpiece unparalleled in its comprehensiveness, clarity, and inclusion of detail—a critical study that is at the same time a meditation on the nature of literary art. Thoroughly versed in Russian and European modernism, in Bely's biography and writings, and in twentieth-century literary theory, Langen constructs an original analytic scheme for reading Petersburg. Guided by Bely's fertile but challenging notions of art and philosophy, he analyzes the novel first as an object embodying intentions and essences, then as a pattern of signification and events, and finally as a dance of gestures that coordinate body and meaning, regularity and surprise, self and other, and author, novel, and reader. The terms are derived from Bely's own writings, but they are nuanced with reference to Russian and European contexts and clarified with reference to philosophy and literary theory. Langen shows how Bely invariably challenges his own concepts and patterns, thereby creating an unusually demanding and dynamic text. In finding an approach to these enriching difficulties, this book at long last shows readers a welcoming way into Bely's thought, and his masterwork, and their place in the complex world of early twentieth-century literature.

Austrian Information Cambridge University Press

This work offers a comparative cross-cultural history of dreams. The authors examine a range of texts concerning dreams, from a variety of religious contexts (including China, the Americas and Greek and Roman antiquity) to explore the ways in which different cultures experience the world of dreams.

*Cyclopaedia of English Literature*

T W O M E N To see two men together working, walking, talking, eating, embracing, at play or simply sitting or standing side by side is to experience a certain physical tension that is unique to the male. This tension manifests itself by way of an altogether compelling combination of strength and vulnerability. From the first, men have been assigned the role of leader, provider, decider, protector, instigator, fighter and wooer. These attributes have been thrust upon them since childhood attributes that little boys barely understand or know what to do with. To be a child is difficult enough. To suddenly be told that boys don't cry and that they must be strong and that they have special responsibilities that must be developed throughout their lives is, to say the very least, daunting. I myself recall being subjected to parental prodding that insisted on certain kinds of behavior, mainly directed away from the behavior of little girls. How to deal with this pressure is every little boy's dilemma. In school, we boys get a belly-full of boy-behavior. It's a rough world out there in the classroom, in the halls and in the schoolyard. But a lot of us relish the sensation, of boy-power and gleefully embrace it. Others of us observe it all and keep our own counsel. The quieter boys among us look forward to a less boisterous or less aggressive manhood. Yet all of us will continuously and forever be subjected to what the world, itself subject to chaos and confusion, thinks a man should be. Thus it is that so many boys, when they reach manhood, offer a poignant portrait of emotional strength and frailty the inborn or learned "manly" qualities of stoicism and self-confidence in perpetual conflict with an equally persistent sense of uncertainty, innocence and bewilderment. In this book, I offer a glimpse of some of these qualities in men from many walks of life. My aim in these photographs is to capture a wide gamut of professions as well as revealing men unafraid to show their deep love and affection for each other. Too, I wanted to show what men look like, how they interact and how they see themselves and each other. I tried to provide a perspective into the awkward logic of their psychological makeup. Given that they owe their existence to that mystery known as WOMAN, I also wanted to offer a vision of man as a lone, perhaps happily liberated, traveler in a world bereft of women. Mostly, however, I wanted to celebrate male togetherness as a very positive and quite beautiful force a moving and comforting fact of life that is by no means the whole truth for everyone. John Jonas Gruen New York 2012

**On Being a Man**

In these reflections on the mercurial qualities of style in Ovid's Meta-morphoses, Garth Tissol contends that stylistic features of the ever-shifting narrative surface, such as wordplay, narrative disruption, and the self-conscious reworking of the poetic tradition, are thematically significant. It is the style that makes the process of reading the work a changing, transformative experience, as it both embodies and reflects the poem's presentation of the world as defined by instability and flux. Tissol deftly illustrates that far from being merely ornamental, style is as much a site for interpretation as any other element of Ovid's art. In the first chapter, Tissol argues that verbal wit and wordplay are closely linked to Ovidian metamorphoses. Wit challenges the ordinary conceptual categories of Ovid's readers, disturbing and extending the meanings and references of words. Thereby it contributes on the stylistic level to the readers' apprehension of flux. On a larger scale, parallel disturbances occur in the progress of narratives. In the second and third chapters, the author examines surprise and abrupt alteration of perspective as important features of narrative style. We experience reading as a transformative process not only in the characteristic indirection and unpredictability of Ovid's narrative but also in the memory of his predecessors. In the fourth chapter, Tissol shows how Ovid subsumes Vergil's Aeneid into the Metamorphoses in an especially rich allusive exploitation, one which contrasts Vergil's aetiological themes with those of his own work. Originally published in 1997. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Atheneum

Presents extended reviews of noteworthy books, short reviews, essays and articles on topics and trends in publishing, literature, culture and the arts. Includes lists of best sellers (hardcover and paperback).

Great Authors of All Ages

"Sam Keen is one of the most creative, profound thinkers of our time. I personally have learned and benefited immensely from his books. He brings to the men's movement a new kind of practical wisdom that should help both men and women."—John Bradshaw, author of Homecoming How does one become a "real man"? By joining a fraternity? Getting a letter in football? Conquering a lot of women? Making a lot of money? With traditional notions of manhood under attack, today's men (and women) are looking for a new vision of masculinity. In this groundbreaking book, Sam Keen offers an inspiring guide for men seeking new personal ideals of strength, potency, and warrior-ship in their lives. What does it really mean to be a man? Fire in the Belly answers that question by daringly confronting outdated models that impoverish, injure, and alienate men. It shows instead how men can find their own path to understanding the unique mysteries of being male and in the process rediscover a new vitality and virility that will energize every aspect of their lives. Here is a look at men at work, at play, at war, and in love, moving from brokenness to wholeness and building nurturing, satisfying relationships with one another, their mates, and their families. At no time in history have there been so many men looking for new roles, new attitudes, and new ways of being. In this powerful and empowering book, author Sam Keen retells for modern times the ancient story of the search for what it means to be a man—a man with fire in his belly and passion in his heart. "This book taught me things i didn't know, thawed out some feelings that had been frozen, and made me remember things I thought I wanted to forget. The growing men's movement has added a voice and a book that captures the problems of being male and the promises of manhood achieved. I didn't want it to end."—John Lee, author of The Flying Boy Wit, Narrative, and Cosmic Origins in Ovid's Metamorphoses
