Glimmer of Hope is the official, definitive book from The March for Our Lives founders. In keeping up with their ongoing fight to end gun-violence in all communities, the student leaders of March for Our Lives have decided not to be paid as authors of the book. 100% of net proceeds from this book will be paid to March For Our Lives Action Fund. "Glimmer of Hope provides a blueprint for launching social change."—NPR.org *A Seventeen Magazine Best Book of 2018* "This is a clarion call to action for teens, by teens, and is moving and powerful."—Booklist, Starred Review Glimmer of Hope tells the story of how a group of teenagers raced to channel their rage and sorrow into action, and went on to create one of the largest youth-led movements in global history. March For Our Lives Action Fund is a nonprofit 501c4 organization dedicated to furthering the work of March For Our Lives students to end gun violence across the country. The full list of contributors, in alphabetical order, are: Adam Alhanti, Dylan Baierlein, John Barnitt, Alfonso Calderon, Sarah Chadwick, Jaclyn Corin, Matt Deitsch, Ryan Deitsch, Sam Deitsch, Brendan Duff, Emma González, Chris Grady, David Hogg, Lauren Hogg, Cameron Kasky, Jammal Lemy, Charlie Mirsky, Kyrah Simon, Delaney Tarr, Bradley Thornton, Kevin Trejos, Naomi Wadler, Sofie Whitney, Daniel Williams, and Alex Wind.

This new cli-fi epic chronicles a future NYC wracked by climate change and follows the individuals who must make the most of what remains to survive. It's 2110, the Earth's glaciers have melted, and there's no climate fix in sight. As refugees stream inland from the inundated coasts, social structures and national economies are stressed to the point of fracture. Food production falters. Pandemics rage. Rising sea level and devastating superstorms have flooded much of Manhattan and wrecked its infrastructure. Its residents have mostly fled, but a few die-hards have bet their survival on the hope that digging in and staying local is a safer strategy. As the weather worsens, can a damaged population of poor folk, artists, misfits, and loners work out their differences in time to create a sustainable long-term society? In a lawless city, where the well-armed rich have appropriated the high ground, can an ex-priest find a middle road between non-violence and all-out war? The lives of his downtown band of leftovers will depend on it. Sheltering among them, a young girl named Glimmer struggles to regain a past lost to trauma. As her memory returns, she finds she must choose who and how to be, and who and what to believe in, even if it means giving up a love she has only recently found herself able to embrace.

Glimmers of Grace Penguin

A water crisis on our immediate horizon is destined to hurt, even kill, millions of children, and the window of opportunity to do something about it is rapidly closing. There is, however, a glimmer of hope that could turn into rays of sunshine. Water is a commodity, and we have just come through

some painful times dealing with the shortage of another commodity energy. For those who lived through the "energy crisis," this book offers a brief trip down memory lane. "

Selected as a Pioneer Woman Best Beach Read! Featured on Buzzfeed Books! In the first of a thrilling new series, one woman's extraordinary psychic gift plunges her already-troubled present into chaos—and puts her future in someone's deadly sights . . . Until now, Odessa Jones' inherited ability to read emotions and foretell danger has protected her. But second sight didn't warn her she would soon be a widow—and about to lose her home and the catering business she's worked so hard to build. The only things keeping Dessa going are her love for baking and her sometimes-mellow cat, Juniper. Unfortunately, putting her life back together means taking a gig at an all-kinds-of-shady real estate firm run by volatile owner Charlie Risko . . . Until Charlie is brutally killed—and Dessa's bullied co-worker is arrested for murder. Dessa can't be sure who's guilty. But it doesn't take a psychic to discover that everyone from Charlie's much-abused staff to his long-suffering younger wife had multiple reasons to want him dead. And as Dessa follows a trail of lies through blackmail, dead-end clues, and corruption, she needs to see the truth fast—or a killer will bury her deep down with it.

A Glimmer of Death Independently Published

Following a nuclear holocaust, Nathan Taylor and his family face grim choices in order to stay alive. Fleeing deadly radiation, plague and desperate men, Nathan, an army officer, leads his wife and their two teenage sons away from chaos and madness toward his ancestral home in Kentucky. Horrors lie in their path. From the prison struggling to maintain control of its inmates, to the desperadoes who enslave anyone who comes their way, even survival may cost Nathan his humanity...or that of his sons, Joshua and David. Nathan struggles to keep his family intact, but it requires making brutal choices. He wants to protect his sons, but knows they now must be deadly and cold at times. Nathan's home has been spared from the worst of the destruction, but a larger conflict over scarce resources erupts. For the survivors to have any chance they will have to fight and the desperate journey has transformed young Joshua and David into men called upon to lead and sacrifice. Torn between harsh realities, and wanting to hold onto fleeting childhoods, they are often conflicted and angry about the roles thrust upon them. Much will depend on how Nathan and his sons respond to a madman and his military regime seeking to conquer the fledgling community they are helping to build. GLIMMER OF HOPE is an epic tale of one family's endurance and triumph after tomorrow's apocalypse.

Many African countries achieved independence from their colonisers over five decades ago, but the people and the continent largely remain mere spectators in the arena of their own dance. The post-independence states are supposed to be sovereign, but the levers of economic and political powers still reside in the donor states. Not in many fora is the complex reality that defines Africa more trenchantly articulated than in imaginative literature produced about and on the continent. This is the crux of the essays collected in African Literature and the Future. The book reflects on Africa's past and present, addressing anxieties about the future through the epistemological lens of literature. The contributors peep ahead from a backward glance. They dissect the trend and tenor of politics and their impact on the socio-cultural and economic development of the continent as portrayed in imaginative writings over the years. One salient feature of African literature is the close affinity between art and politics in its polemics. This is well established in all the six essays in the book as the authors stress the interconnections between literature and society in their textual analyses. On the whole, there is an overwhelming feeling of angst and pessimism, but the authors perceive a glimmer of hope despite daunting odds, under different conditions. Thus, they depict the plausible fate of Africa in the twenty-first century, as informed by its ancient and recent past, gleaned from primary texts.

Luke Rosentino and Claire Bennett are professors at a small southern university. They meet at a time when both their lives are being turned upside down by fate. Claire's marriage is ending after she finds her husband to be unfaithful. At the same time, Luke's daughter comes to live with him after her mother's death. Claire's husband, Dennis, is struggling with his own demons and decides to kidnap Luke's daughter with the help of his former lover, Becky. However, Becky has secrets of her own that could jeopardize Dennis' plan. Police and FBI must intervene before Dennis' murderous rage shatters all possible glimmers of hope. "A Glimmer of Hope" is a taut, suspense-filled story about anger, jealousy, new beginnings, love, marriage and family relationships. It's about the choices that we make and how they affect the people around us. Beth Davis earned a bachelor's in journalism from the University of South Carolina in 2000. In 2018, Jamie McDonald embarked on his greatest adventure yet: running 5,500 miles (the equivalent of 210 marathons), solo and unsupported, coast to coast across America. An impressive feat for anyone, let alone someone who was told as a poorly child that they might never walk again. Running through 22 states, Jamie battled 50-degree heat in desolate deserts, dodged rattlesnakes and mountain lions, had several near-death encounters and suffered an injury that left him no choice but to run 300 miles barefoot. Oh, and he did it all dressed in his superhero suit as his alter ego, Adventureman, to raise funds for sick children. Though his journey was mentally and physically exhausting, America gave him the surprise of a lifetime, and the heart-warming kindness and generosity he encountered along the way gave him that glimmer of hope he needed to persevere against all odds. And as if that wasn't enough, Jamie then took on one of his most demanding challenges to date - one which would require him to dig deep to find the secret of resilience, as he attempted to smash one of the toughest records on the planet.

As Turner and Bridget's relationship deepens, living together seems like the right move, but to make it work both need to make concessions. Bridget is realistic and keeps her expectations low. Turner could never be the true love mate she yearns for, but he is as good as she's going to get. Other than his emotional limitations, he's perfect in every way. Turner's hard shell is starting to show cracks. He wants immortality, he wants to be part of the clan, and he wants Bridget, but he doesn't want to cause her pain. His options are either abandon his quest for immortality and give Bridget his few remaining decades, or abandon Bridget by going for the transition and most likely dying. His rational mind dictates that he chooses the former, but his gut pulls him toward the latter. Which one is he going to trust?

Glimmers of Reality Crossway

June's life at home with her stepmother and stepsister is a dark one--and a secret one. Not even her dad knows the truth, and she can't find the words to tell anyone else. She's trapped like a butterfly in a net. Then June meets Blister, a boy from a large, loving, chaotic family. In him, she finds a glimmer of hope that perhaps she can find a way to fly far, far away. Because she deserves her freedom. Doesn't she?

A Glimmer of Hope Univ. of Queensland Press

The United States may be headed toward a disastrous conflict with China unless Washington updates its understanding of contemporary Chinese society. After four decades of engagement, the United States and China now appear to be locked on a collision course that has already fomented a trade war, seems likely to produce a new cold war, and could even result in dangerous military conflict. The current deterioration of the bilateral relationship is the culmination of years of disputes, disillusionment, disappointment, and distrust between the two countries. Washington has legitimate concerns about Beijing's excessive domestic political control and aggressive foreign policy stances, just as Chinese leaders believe the United States still has futile designs on blocking their country's inevitable rise to great-power status. Cheng Li's Middle Class Shanghai argues that American policymakers must not lose sight of the expansive dynamism and diversity in present-day China. The caricature of the PRC as a monolithic Communist apparatus set on exporting its ideology and development model is simplistic and misguided. Drawing on empirical research in the realms of higher education, avant-garde art, architecture, and law, this unique study highlights the strong, constructive impact of bilateral exchanges. Combining eclectic human stories with striking new data analysis, this book addresses the possibility that the development of China's class structure and cosmopolitan culture—exemplified and led by Shanghai—could provide a force for reshaping U.S.-China engagement. Both countries should build upon the deep cultural and educational exchanges that have bound them together for decades. The author concludes that U.S. policymakers should neither underestimate the role and strength of the Chinese middle class, nor ostracize or alienate this force with policies that push it toward jingoistic nationalism to the detriment of both countries and the global community. With its unique focus, this book will enlighten policymakers, scholars, business leaders, and anyone interested in China and its increasingly fraught relations with the United States.

This open access book contains the oral histories that were inspired by the work of the Special Olympics in conjunction with the 50th anniversary of its founding. The foreword and prefatory materials provide an overview of the Special Olympics and its growth in the Peoples Republic of China. The sections that follow record interview transcripts of individuals with intellectual disabilities living in Shanghai. In addition to chronicling the involvement of these individuals and their families in the Special Olympics movement, the interview transcripts also capture their daily lives and how they have

navigated school and work.
