He soon discovers that the woman he pined for was hiding a shocking secret. And now someone is out to stop Ben from uncovering the truth about Diana's illicit affairs. In his most heart-pumping thriller yet,

James Patterson plunges us into the depths of a mind tortured by paranoia and obsession, on an action-packed chase through a world of danger and deceit. **Invisible Swords** Random House According to the contributors to this volume, the communications media deliberately blank out critical conditions and developments whose

imagery would pose unacceptable challenges to the dominant structures of culture-power. Such "invisible crises" include the suppression of information about the dehumanization and stigmatization of groups of people; the drift toward ecological suicide; the neglect of vital institutions such as public education and the arts; the way in which television corrupts the electoral process; and

the promotion of practices which drug, poison and kill. The book asks why the media are, in the view of contributors, withholding vital information from the public, and focuses on the increasing concentration of culture-power that, it is argued, keeps these truths from public view.

INVISIBLE . . . the perfect murder always looks like an accident. FBI agent Emmy Dockery is absolutely relentless. She's young and driven, and her unique skill at seeing connections others miss has brought her an impressive string of arrests. But a shocking new case-unfolding across the country-has left her utterly baffled. The victims all appear to have died by accident, and have

seemingly nothing in common. But this many deaths can't be coincidence. And the killer is somehow one step ahead of every move Dockery makes. How? To FBI special agent Harrison "Books" Bookman, everyone in the FBI is a suspect-particularly Emmy Dockery (the fact that she's his ex-fiancee doesn't make it easier). But someone else is watching Dockery. Studying,

learning,
waiting. Until
it's the perfect
time to strike.

 do you learn
 to be a black

America? For young black men today, it means coming of age during the presidency of Barack Obama. It means witnessing the deaths of Oscar Grant, Trayvon Martin, Michael Brown, Akai Gurley, and too many more. It means celebrating powerful moments of black self-determination for LeBron James, Dave Chappelle, and Frank Ocean. In *Invisible Man*, Got the Whole

World Watching, Mychal Denzel Smith chronicles his own personal and political education during these tumultuous years, describing his efforts to come into his own in a world that denied his humanity. Smith unapologetically upends reigning assumptions about black masculinity, rewriting the script for black manhood so that depression and anxiety aren't

considered taboo, and feminism and LGBTQ rights become part of the fight. The questions Smith asks in this book are urgent--for him, for the martyrs and the tokens, and for the Trayvons that could have been and are still waiting. Sundays at Tiffany's (Bonus Edition) Little, Brown While grieving her husband's murder, a young Colorado veterinarian meets a troubled FBI agent and

begins to uncover the world's most sinister secrets in this thriller from James Patterson. Frannie O'Neill is a young and talented veterinarian living in Colorado. Late one night, near the woods of her animal hospital, Frannie stumbles upon a strange, astonishing phenomenon that will change the course of her life forever: an eleven-year-old girl named Max. With breathtaking energy, Max leads Frannie and Kit to uncover one of the most diabolical and inhuman plots of modern science. Bold and compelling, When the

Wind Blows is a story of suspense and passion as only James Patterson could tell it. *Murder House* Little, Brown Dark mysteries come to East Hampton while a struggling lawyer fights to save his friend from being framed for a triple murder. Montauk lawyer Tom Dunleavy's client list is woefully small- occasional real estate closings barely keep him in paper

clips. So when he is hired to defend a local man accused in a triple murder in East Hampton, he knows that he has found the case of his lifetime. The crime turns the glittering playground for the super-rich into a blazing inferno. Dunleavy's client is a local hero, but he knows the case rests on money, deception, and forbidden desires. His client will be framed-unless he can find the key to the case. When Dunleavy is

joined by his former flame, the savvy and well-connected attorney, Kate Costello, he believes he has a chance. But payback is a bitch, especially from the rich. The violent retaliations of billionaires threatened by his investigation exceed anything Dunleavy has ever seen. With the entire nation's eyes on him in a new Trial of the Century, Dunleavy orchestrates a series of revelations

that lead to a stunning outcome-and the truth is wilder than anything he ever imagined. *Texas Ranger* Ballantine Books Can you be guilty of murder if you can't remember what happened? With over 500,000 copies sold and thousands of 5-star reviews between them, the Lee Callaway series will leave you turning the pages to know what
