Summary of The 4

Disciplines of Execution by Chris McChesney, Sean Covey, and Jim Huling  
Includes Analysis  
Preview: The 4 Disciplines of Execution is a guide for businesses to reliably commit to the goals and plans they set, authored by associates from FranklinCovey, a management consultancy. Rather

than focusing on what a business must accomplish to be successful, the four disciplines establish how to accomplish those things. One reason commitments tend to be abandoned in business is that new projects and goals are less urgent than the day-to-day tasks of each individual employee, which the authors call the "whirlwind." The key to commitment fulfillment is for new tasks to take up only a small portion of each employee's time, but for that employee to be held accountable for completing them. The first discipline is to settle on one or two wildly important goals (WIGs). These are the things that would have the most significant impact on progress

toward the business's long-term goals. In the second discipline, the WIG... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Is this blue book more valuable than a business degree? Most people enter their professional careers not understanding how to grow a business. At times, this makes them feel lost, or worse, like a fraud pretending to know what they're doing. It's hard to be successful without a clear understanding of how business works. These 60 daily readings are crucial for any professional or business owner who wants to take their career to the next level. New York Times and Wall Street Journal bestselling author, Donald Miller knows that business is more than just a good idea made profitable - it's a system of unspoken rules, rarely taught by MBA schools. If you are

attempting to profitably grow your business or career, you need elite business knowledge—knowledge that creates tangible value. Even if you had the time, access, or money to attend a Top 20 business school, you would still be missing the practical knowledge that propels the best and brightest forward. However, there is another way to achieve this insider skill development, which can both drastically improve your career earnings and the satisfaction of achieving your goals. Donald Miller learned how to rise to the top using the principles he shares in this book. He wrote *Business Made Simple* to teach others what it takes to grow your career and create a company that is

healthy and profitable. These short, daily entries and accompanying videos will add enormous value to your business and the organization you work for. In this sixty-day guide, readers will be introduced to the nine areas where truly successful leaders and their businesses excel: Character: What kind of person succeeds in business? Leadership: How do you unite a team around a mission? Personal Productivity: How can you get more done in less time? Messaging: Why aren't customers paying more attention? Marketing: How do I build a sales funnel? Business Strategy: How does a business really work? Execution: How can we get things done? Sales: How do I

close more sales? Management: What does a good manager do? Business Made Simple is the must-have guide for anyone who feels lost or overwhelmed by the modern business climate, even if they attended business school. Learn what the most successful business leaders have known for years through the simple but effective secrets shared in these pages. Take things further: If you want to be worth more as a business professional, read each daily entry and follow along with the free videos that will be sent to you after you buy the book. [50 Years of Presidents and Their Pets](#) 50Minutes.com Trust is a mechanism of people's decision-

making processes that mediates nearly every interaction in their lives. Identifying and discussing the specific issues or behaviors that increase or decrease one's willingness to trust—to be vulnerable to the actions of others—helps leaders increase their comfort in dealing with today's volatile, uncertain, complex, and ambiguous world. Developing fluency in initiating trust conversations helps both leaders and their colleagues open up to the possibility of creating greater responsibility throughout their relationships, teams, and business units. *Great Leaders Have No Rules* Pocket Books  
As a serial entrepreneur, Kevin

Kruse has seen time and again that the leadership practices that actually work are the opposite of what is commonly taught and implemented. Close Your Open Door Policy shows how a contrarian approach can be a better, faster, and easier way to succeed as a leader. Chapter by chapter, Kruse focuses on a piece of popular wisdom, then shows with real-world case studies and quantitative research that the opposite approach will lead to better results, encouraging leaders to play favorites, stay out of meetings, and, of course, close their open doors.

### **Leadership Pain**

Open Book Publishers Argues that couples must recognize the polarity between

masculinity and femininity in order to sustain a mutually satisfying marriage, in a guide the draws on examples from the author's call-in radio show.

### **Summary of The 4 Disciplines of Execution**

Currency From Stephen R. Covey's eldest son come a revolutionary book that will guide business leaders, public figures and their organizations towards unprecedented productivity and satisfaction. Trust, says Stephen M. R. Covey, is the very basis of the 21st century's global economy, but its power is generally overlooked and misunderstood. Covey shows you how to inspire immediate trust in everyone you encounter - colleagues, constituents, the

marketplace - allowing you to forego the time-killing and energy-draining check and balance bureaucracies that are so often relied upon in lieu of actual trust.

*The One Thing that Changes Everything* Simon and Schuster The must-read summary of Stephen M. Covey's book "The Speed of Trust: The One Thing That Changes Everything". This complete summary of the ideas from Stephen M. Covey's book "The Speed of Trust" shows that trust is a hard-nosed business asset which can deliver quantifiable economic value. This helpful outline will help you to manage this asset, by giving you ways to build and enhance trust, both in and

outside your business. Added-value of this summary: • Save time • Understand the key concepts • Expand your business knowledge To learn more, read "The Speed of Trust" and discover how to win people's trust for better results! [The SPEED of Trust](#) Dr. Laura Schlessinger Lively and authoritative, this study offers a distinctive contribution to political ideas. It should appeal to all of those interested in politics, philosophy, social policy and social studies.

### **Pets at the White**

**House** Simon and Schuster Hierarchical, coercive leadership should have no place in the church. But if we move away from those unbiblical (and ineffective) forms

of power-based leadership, we still need to lead. In *Leading Without Power*, Mark Oestreicher explores-- in very pragmatic ways--what it might look like for us to replace power-based leadership modalities with other approaches. *Leading Without Power* unpacks nine metaphorical job titles, with stories and examples of what it looks like to embody these mindsets and practices: • Competency Facilitator • Culture Evangelist • Mission Curator • Storytelling Host • Champion of Hope • Uniqueness DJ • Contextualization Czar • Trust Guard • Collaboration Guide Read it alone or collectively, with a leadership team (volunteer, staff, or

both), looking for ways that different team members can utilize their passions and gifts to build a robust and flourishing culture of people development and values-based leadership.

A timely, must-have guide to understanding and overcoming bias in the workplace, from the experts at FranklinCovey.

Unconscious bias affects everyone. It can look like the disappointment of an HR professional when a candidate for a new position asks about maternity leave. It can look like preferring the application of an Ivy League graduate over one from a state school. It can look like assuming a man is more entitled to speak in a meeting than his

female junior colleague. Ideal for every manager who wants to understand and move past their own preconceived ideas, *The Leader's Guide to Unconscious Bias* explains that bias is the result of mental shortcuts, our likes and dislikes, and is a natural part of the human condition. And what we assume about each other and how we interact with one another has vast effects on our organizational success—especially in the workplace.

Teaching you how to overcome unconscious bias, this book provides more than thirty unique tools, such as a prep worksheet and a list of ways to reframe your unconscious thoughts. According to the experts at

FranklinCovey, your workplace can achieve its highest performance rate once you start to overcome your biases and allow your employees to be whole people. By recognizing bias, emphasizing empathy and curiosity, and making true understanding a priority in the workplace, we can unlock the potential of every person we encounter.

### **Review and Analysis of Covey's Book**

Simon and Schuster Inspiring stories and practical insights challenge readers to live a life of everyday greatness. Best-selling author Stephen Covey and Reader's Digest have joined forces to produce an extraordinary volume of inspiration, insight,

and motivation to live a life of character and contribution. The timeless principles and practical wisdom along with a "Go-Forward Plan" challenge readers to make three important choices every day: The Choice to Act - your energy The Choice of Purpose - your destination The Choice for Principles - the means for attaining your goals Topics include: Searching for Meaning Taking Charge Starting Within Creating the Dream Teaming with Others Overcoming Adversity Blending the Pieces With stories from some of the world's best known and loved writers, leaders, and celebrities, such as Maya Angelou, Jack Benny, and Henry David Thoreau, and insights and

commentary from Stephen Covey, the Wrap Up and Reflections at the end of each chapter help create a project that can be used for group or personal study.

Simon and Schuster  
A Wall Street Journal and Publishers Weekly Bestseller Lift your leadership to new heights Doug Conant, Founder of ConantLeadership, former CEO of Campbell Soup Company, and former President of Nabisco Foods, shares transformational

insights in his new book, *The Blueprint*. Conant is the only former Fortune 500 CEO who is a New York Times bestselling author, a top 50 Leadership Innovator, a Top 100 Leadership Speaker, and a Top 100 Most Influential Author in the World. Get Unstuck In 1984, Doug Conant was fired without warning and with barely an explanation. He felt hopeless and stuck but, surprisingly, this defeating turn of events turned out to be the best thing that ever happened to him. Doug began to consider what might be holding him back from realizing his potential, fulfilling his dreams, and making a bigger impact on the world around him. Embarking on a journey of self-

reflection and discovery, he forged a path to revolutionize his leadership and transform his career trajectory. Ultimately, Doug was able to condense his remarkable leadership story into six practical steps. It wasn't until Doug worked through these six steps that he was able to lift his leadership to heights that ultimately brought him career success, joy, and fulfillment.

Reach High - Envision  
 Dig Deep - Reflect Lay  
 the Groundwork -  
 Study Design - Plan  
 Build - Practice  
 Reinforce - Improve In  
 The Blueprint, part  
 leadership manifesto,  
 part practical manual,  
 Doug teaches leaders  
 how to work through  
 the same six steps that  
 he used to transform  
 his journey. The six

steps are manageable and incremental, designed to fit practically within the pace of busy modern life. Knowing how daunting the prospect of change can be, Doug arms readers with exercises and practices to realistically bring their foundation to life in every situation. Now, today's leaders who feel stuck and overwhelmed finally have a blueprint for lifting their leadership to make meaningful change in their organizations and in the world.

### The Speed of Trust

John Wiley & Sons  
 Open the conversation up with your authentic self. What lessons are you trying to learn today? The messages in this book come directly from work with

guides and angels in the healing process with others. They are brought to you with the intention to give you deeper knowledge of yourself and how your energy is engaging with the universe. This book can give you a quick answer when you need clarity, give you inspiration for your day or be a motivational topic for meditations. How this book serves you will be as unique as you are. Give it a shot, ask it a question and watch the answers unfold.

**Executive E. Q.** Inst for Principle From the bestselling author of *The Speed of Trust* and *Smart Trust*, a revolutionary new way to lead. Stephen M. R. Covey has made it his life's work to understand trust in leadership and

organizations. In his newest and most transformative book, *Trust and Inspire*, he makes the compelling argument that even though our world has changed drastically, our leadership style has not. Most organizations, teams, schools, and families today still operate from a model of "command and control," focusing on hierarchies and compliance from people. But because of the changing nature of the world, the workforce, work itself, and the choices we have for where and how to work and live, these old rules of leadership no longer apply. Covey's solution is simple, yet bold: a shift from this "command and control" model to a leadership style of

“trust and inspire.” Covey challenges our beliefs about people and leadership that have been deeply engrained in management approaches for decades. Trust and Inspire is a new way of leading that starts with the belief that people are creative, collaborative, and full of potential. People with this kind of leader are inspired to become the best version of themselves and to produce their best work. People don’t want to be managed; they want to be led. Trust and Inspire is the solution to the future of work: where a dispersed workforce will be the norm, necessitating trust and collaboration across time zones, cultures, personalities, and

technology. Trust and Inspire calls for a radical shift in the way we lead in the 21st century, and Covey shows us how.

### **Why Simple Wins**

Simon and Schuster  
A fresh, effective, and enduring way to lead—starting with your next interaction  
Most leaders feel the inevitable interruptions in their jam-packed days are troublesome. But in *TouchPoints*, Conant and Norgaard argue that these—and every point of contact with other people—are overlooked opportunities for leaders to increase their impact and promote their organization’s strategy and values. Through previously untold stories from Conant’s tenure as CEO of Campbell Soup

Company and Norgaard's vast consulting experience, the authors show that a leader's impact and legacy are built through hundreds, even thousands, of interactive moments in time. The good news is that anyone can develop "TouchPoint" mastery by focusing on three essential components: head, heart, and hands. TouchPoints speaks to the theory and craft of leadership, promoting a balanced presence of rational, authentic, active, and wise leadership practices. Leadership mastery in the smallest and otherwise ordinary moments can transform aimless activity in individuals and organizations into focused energy—one

magical moment at a time.
