The messenger who reports important action that has occurred offstage

is a familiar inhabitant of Greek tragedy. A messenger informs us about the death of Jocasta and the blinding of Oedipus, the madness of Heracles, the slaughter of Aigisthos, and the death of Hippolytus, among

other important events. Despite its prevalence, this conventional figure remains only little understood. Combining several critical approaches—narrative theory, genre study, and rhetorical analysis—this

lucid study develops a synthetic view of the messenger of Greek tragedy, showing how this role illuminates some of the genre's most persistent concerns, especially those relating to language, knowledge, and the workings of tragic theater itself. James Barrett gives close readings of several plays including Aeschylus's Persians, Sophocles' Electra and Oedipus Tyrannus, and Euripides' Bacchae and Rhesos. He traces the literary ancestry of the tragic

messenger, showing that the messenger's narrative constitutes an unexplored site of engagement with Homeric epic, and that the role illuminates fifth-century b.c. experimentation with modes of speech. Breaking new ground in the study of Athenian tragedy, Barrett deepens our understanding of many central texts and of a form of theater that highlights the fragility and limits of human knowledge, a theme explored by its use of the messenger.

Planning is a critical stage

of radiotherapy. Careful

consideration of the

complex variables

involved and critical

assessment of the

techniques available are fundamental to good and effective practice. First published in 1985, Practical Radiotherapy Planning has, over three editions, established itself as the popular choice for the trainee radiation oncologist and radiographer, providing the 'nuts and bolts' of planning in a practical and accessible manner. This fourth edition encompasses a wealth of new material, reflecting the radical change in the practice of radiotherapy in recent years. The

information contained within the introductory chapters has been expanded and brought up to date, and a new chapter on patient management has been added. CT stimulators, MLC shieldings and dose profiles, principles of IMRT, and use of MRI, PET and ultrasound are all included, amongst other new developments in this field. The aim of the book remains unchanged. Complexity of treatment planning has increased greatly, but the fourth edition continues to

emphasise underlying principles of treatment that can be applied for conventional, conformal and novel treatments, taking into account advances in imaging and treatment delivery. *Understanding the Dollars and Sense of Success in Network Marketing* Kogan Page Publishers (Musicians Institute Press). “This landmark book gives us an invaluable perspective on the Supreme Court in

democracy’s hour of maximum danger.”—Jon Meacham The gripping story of the year that transformed the Supreme Court into the court of Donald Trump and Amy Coney Barrett, from the Pulitzer Prize-winning law columnist for The New York Times At the end of the Supreme Court’s 2019–20 term, the center was holding. The predictions that the court would move irrevocably to the far right hadn’t come to pass, as the justices released surprisingly moderate opinions in

cases involving abortion rights, LGBTQ rights, and how local governments could respond to the pandemic, all shepherded by Chief Justice John Roberts. By the end of the 2020–21 term, much about the nation’s highest court had changed. The right-wing supermajority had completed its first term on the bench, cementing Donald Trump’s legacy on American jurisprudence. This is the story of those twelve months. From the death of Ruth Bader Ginsburg to the rise of

Amy Coney Barrett, from the pandemic to the election, from the Trump campaign's legal challenges to the ongoing debate about the role of religion in American life, the Supreme Court has been at the center of many of the biggest events of the year, with the liberal justices Sonia Sotomayor, Elena Kagan, and Stephen Breyer outnumbered six to three. Throughout *Justice on the Brink*, legendary journalist Linda Greenhouse, who won a Pulitzer Prize for her Supreme Court

coverage, gives us unique insight into a court under stress, providing the context and brilliant analysis readers of her work in *The New York Times* have come to expect. Ultimately, Greenhouse asks a fundamental question relevant to all Americans: Is this still John Roberts's Supreme Court, or does the court now belong to Donald Trump? *Somerset Medieval Wills* Kogan Page Publishers
When Thomas Jefferson was young, Virginia was still a colony of England.

Jefferson thought that many English laws and taxes were unfair, so he studied hard to become a lawyer and help make better laws. Soon he and others came to believe that the colonies should become a new country, and Jefferson was chosen to write the Declaration of Independence. As the third president of the United States, he focused on exploring the country and making it grow. His fairness and love of learning made him one of the most beloved presidents of all time.

Master Interviews and Presentations to Land Your Dream Job Random House

A blockbuster collection from one of Ireland's most exciting young voices.

"Sharp and lively . . . a rough, charged, and surprisingly fun read."

(Interview) A National Book Foundation 5 Under 35 Honoree * Winner of the Frank O'Connor International Short Story Award * Winner of the Guardian First Book Award * Winner of the Rooney Prize for Irish Literature Enter the small,

rural town of Glanbeigh, a place whose fate took a downturn with the Celtic Tiger, a desolate spot where buffoonery and tension simmer and erupt, and booze-sodden boredom fills the corners of every pub and nightclub. Here, and in the towns beyond, the young live hard and wear the scars. Amongst them, there's jilted Jimmy, whose best friend Tug is the terror of the town and Jimmy's sole company in his search for the missing Clancy kid; Bat, a lovesick soul with a face like "a

bowl of mashed up spuds" even before Nubbin Tansey's boot kicked it in; and Arm, a young and desperate criminal whose destiny is shaped when he and his partner, Dympna, fail to carry out a job. In each story, a local voice delineates the grittiness of post boom Irish society. These are unforgettable characters rendered through silence, humor, and violence. "Lyrical and tough and smart . . . What seems to be about sorrow and foreboding turns into an adventure, instead, in the tender art of the

unexpected.” —Anne Enright, Man Booker Prize Award-winning author
 “Sometimes comic, sometimes melancholy, Young Skins touches the heart, as well as the mind.” —Irish American Post

The Untold Story of the Rev. Jim Jones and His People Penguin

First published in 1906, Geronimo's Story of His Life is the collaborative work between GERONIMO (1829-1909), chief of the Chiricahua Apache, and American writer STEPHEN MELVIL BARRETT (b. 1865). Barrett produced the book with special

permission from President Roosevelt, under the provision that the War Department would check it for accuracy before publication. Geronimo told the story of his life, truly, in his own way. According to Barrett, Geronimo would recount a story from his life in whatever

way he chose on any given day. Sometimes that would be in his tepee. Sometimes they would be on horseback. And not once would the chief allow himself to be interrupted or questioned during his telling. Anyone interested in history or Native Americans will find

this firsthand account of the life of one of the most renowned figures in history a thrilling and sobering tale, offering excellent insight into the Apache military and spiritual leader who led a 25-year war of resistance against the government of the United States.
