AVILA SHANNON

The Secret Language of Birthdays Sterling Publishing Company, Inc.

Combining astrology, numerology, and pure psychic intuition, *The Secret Language of Birthdays* is a wholly unique compilation that reveals one's strengths, weaknesses, and major issues while providing practical advice and spiritual guidance. Many have suspected that your birthday affects your personality and how you relate to others. Nineteen years and over one million copies later, *The Secret Language of Birthdays* continues to fascinate readers by describing the characteristics associated with being born on a particular day. The 366 personality profiles are based on astrology, numerology, the tarot, and Gary Goldschneider's observations of more than 14,000 people. Your strengths, weaknesses, and major concerns will be illuminated while you are given practical advice and spiritual guidance. After you study your profile, it will be hard to resist examining those of family, friends, colleagues, and even celebrities.

The Secret Language of Relationships Simon and Schuster

Zu den Themen Körpersprache und nonverbale Kommunikation gibt es hunderte von Büchern. Kevin Hogan überschreitet dabei die Idee der Körpersprache als reines Referenzmaterial und bringt sie durch *The Secret Language of Business* mit der Geschäftswelt in Einklang. Diese Buch ist auf

das Lehren des A und O der Körpersprache ausgerichtet und wie diese nicht nur das private und geschäftliche Leben berührt, sondern letztendlich auch verändert. Die Einführungskapitel klärt über die Grundlagen von Körpersprache auf und die Kraft, die sie besitzt, Einstellungen, Aktionen und Ergebnisse zu beeinflussen. Nachdem Sie diese technische Aspekte bewältigt haben, wird Hogan Ihnen beibringen, Ihre Körpersprache zu Ihrem Vorteil in allen Aspekten des Berufslebens (Meetings, Verkaufstagen, Bewerbungsgespräche, Management, etc.) zu nutzen.

The Secret Language of Anatomy Pantheon

The Secret Language of Relationships shows how astrology can craft a relationship profile between any two individuals born during any two weeks of the year. The result is an indispensable guide to getting the most out of every relationship. The bestselling companion book to the groundbreaking *The Secret Language of Birthdays*, *The Secret Language of Relationships* offers a fascinating look into why we are drawn to certain people.

Goldschneider divides the year into 48 "weeks," showing the personality traits for each period. With an amazing 1,176 combinations of personalities, you can better understand any relationship in your life. Beautifully illustrated and designed, the Secret Language series is sure to delight a new generation of astrology enthusiasts and all people who are interested in better understanding themselves and the people around them.

The Secret Language of Influence AMACOM

Edgar Award-winning novelist Frances O'Roark Dowell explores the shifting terrain of middle-school friendship in this follow-up to the beloved *The Secret Language of Girls*. Kate and Marylin are smack dab in the middle of middle school—seventh grade—and they know they can never be best

friends like they used to be. Marylin is a middle school cheerleader obsessed with popularity and hairstyles, and Kate is the exact opposite with her combat boots and hankering to learn guitar and write her own songs. Still, Kate and Marylin yearn to find some middle ground for their friendship—but it's harder than they ever imagined.

Secret Language of Tarot sets itself apart from other tarot books by teaching readers how to translate the pictorial symbolism from one deck to another, strengthening the reader's ability to recognize specific icons in any deck and in the world around them. The Secret Language of Tarot can be used as both a reference book and as a series of guided meditations on the individual symbols. Each of the seven chapters contain a set of symbols that share a common theme. Extensive research provides readers with the lore and mythological meanings of the symbols to help foster intuitive powers. The explanation of imagery is both insightful and eclectic. When read from beginning to end, The Secret Language of Tarot reveals a hidden current of understanding and connection between the individual cards of the deck. Each chapter ends with an Integration Lesson and a special Symbol Spread to deepen the understanding of the cards. The Secret Language of Tarot brings imagery and intuition into a course of study of the tarot. It is a must-have for any serious tarot reader that is written in accessible language for the novice as well.

Secret Language Penguin

In the old days, when Kate had no interest in romance, she never cared what other people thought. Now, it appeared, love was turning her into a rotten human being. Eleven-year-old Kate Faber wishes she could talk to her best friend, Marylin, about this. But Marylin is no longer her best friend. Or is she? Kate and Marylin were always the kind of best friends who lived on the same block for their entire lives, and who agreed on what kinds of boys were worth kissing and who should be invited to their sleepover. The kind of best friends who didn't need words to talk, but who always just knew. But lately Marylin has started to think that Kate can be a bit babyish. And Kate thinks Marylin is acting like a big snob. Somehow nothing is the same, but secretly Kate and Marylin both wish it could be...

The Secret Language of Destiny Weiser Books

Carriere, whose screenwriting credits include The Tin Drum, The Unbearable Lightness of Being, and Cyrano de Bergerac, explores the vocabulary of the visual language of film. Filled with anecdote and insight, this book provides readers with an illuminating new way to see and enjoy the movies.

The Secret Language of Your Body Black Dog & Leventhal

"Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller The Light Between Us. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In Signs, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully motivational in asking us to see beyond ourselves to a more magnificent universal design"--

The Kind of Friends We Used to Be National Geographic Books

In this beautiful and thorough investigation, The Secret Language of Color celebrates and illuminates the countless ways in which color colors our world. Why is the sky blue, the grass green, a rose red? Most of us have no idea how to answer these questions, nor are we aware that color pervades nearly all aspects of life, from the subatomic realm and the natural world to human culture and psychology. Organized into chapters that begin with a fascinating explanation of the physics and chemistry of color, The Secret Language of Color travels from outer space to Earth, from plants to animals to humans. In these chapters we learn about how and why we see color, the nature of rainbows, animals with color vision far superior and far inferior to our own, how our language influences the colors we see, and much more. Between these chapters, authors Joann Eckstut and Arielle Eckstut turn their attention to the individual hues of the visible spectrum?red, orange, yellow, green, blue, and violet?presenting each in fascinating, in-depth detail. Including hundreds of stunning photographs and dozens of informative, often entertaining graphics, every page is a breathtaking demonstration of color and its role in the world around us. Whether you see red, are a shrinking violet, or talk a blue streak, this is the perfect book for anyone interested in the history, science, culture, and beauty of color in the natural and man-made world.

Decoding the Secret Language of Your Body National Geographic Books

This indispensable astrological text addresses the question we all ask at some point during the course of our lives: "What is the purpose of my life?" It identifies, based on birthdate, what, on a soul level, someone came into this lifetime to achieve, in other words, their karmic signature. Gary Goldschneider and Joost Elffers take the reader on a spiritual quest around the astrological galaxy that culminates in a sense of purpose and truth. In addition to the great inter-personal benefits, this book also contains thousands of tidbits of information regarding the astrological signs of actors,

musicians, and world leaders.

Secret Language of Animals Hierophant Publishing

Most people have visited a doctor's office or emergency room in their lifetime to gain clarity about an ailment or check in after a procedure. While doctors strive to ensure their patients understand their diagnoses, rarely do those outside the medical community understand the words and phrases we hear practitioners yell across a hospital hallway or murmur to a colleague behind office doors. Doctors and nurses use a kind of secret language, comprised of words unlikely to be found in a medical textbook or heard on television. In The Secret Language of Doctors, Dr. Brian Goldman decodes those code words for the average patient. What does it mean when a patient has the symptoms of "incarceritis"? What are "blocking" and "turfing"? And why do you never want to be diagnosed with a "horrendoma"? Dr. Goldman reveals the meaning behind the colorful and secret expressions doctors use to describe difficult patients, situations, and medical conditions—including those they don't want you to know. Gain profound insight into what doctors really think about patients in this funny and biting examination of modern medical culture.

[The Secret Language of Colour Cards](#) Pantheon

A highly visual exploration of diagrams and data that helps you understand how "maps" are part of everyday thinking, how they tell stories, and how they can reframe your point of view, from Stanford University's world-renowned d.school. "This book is the ultimate legend to mapping all kinds of data."—Jessica Hagy, Webby Award-winning blogger of Indexed and author of How to Be Interesting (In Ten Simple Steps) Maps aren't just geographic, they are also infographic and include all types of frameworks and diagrams. Any figure that sorts data visually and presents it spatially is a map. Maps are ways of organizing information and figuring out what's important. Even stories can be mapped! The Secret Language of Maps provides a simple framework to deconstruct existing maps and then shows you how to create your own. An embedded mystery story about a woman who investigates the disappearance of an old high school friend illustrates how to use different maps to make sense of all types of information. Colorful illustrations bring the story to life and demonstrate how the fictional character's collection of data, properly organized and "mapped," leads her to solve the mystery of her friend's disappearance. You'll learn how to gather data, organize it, and present it to an audience. You'll also learn how to view the many maps that swirl around our daily lives with a critical eye, aware of the forces that are in play for every creator.

The Secret Language of Your Name Microsoft Press

The book introduces the concept of narrative intelligencean ability to understand and act and react agilely in the quicksilver world of interacting narratives. It shows why this is key to the central task of leadership, what its dimensions are, and how you can measure it. The books lucid explanations, vivid examples and practical tips are essential reading for CEOs, managers, change agents, marketers, salespersons, brand managers, politicians, teachers, parentsanyone who is setting out to the change the world.

The Secret Language of Girls Scholastic Inc.

This book is about language that is designed to mean what it does not seem to mean. Ciphers and codes conceal messages and protect secrets. Symbol and magic hide meanings to delight or imperil. Languages made to baffle and confuse let insiders talk openly without being understood by thosebeyond the circle.Barry Blake looks at these and many more. He explores the history and uses of the slangs and argots of schools and trades. He traces the centuries-old cants used by sailors and criminals in Britain, among them Polari, the mix of Italian, Yiddish, and slang once spoken among strolling players andcircus folk and taken up by gays in the twentieth century. He examines the sacred languages of ancient cults and religions, uncovers the workings of onomancy, spells, and gematria, looks into the obliqueness of allusion and parody, and celebrates the absurdities of euphemism and jargon.Secret Language takes the reader on fascinating excursions down obscure byways of language, ranging across time and culture. With revelations on every page it will entertain anyone with an urge to know more about the most arcane and curious uses of language.

[The Secret Language of Sisters](#) Penguin

By the end of this inspiring journey, you'll have uncovered and applied the life-altering teachings your body has been signaling you all along and be able to live the life you were truly meant to live.

The Secret Language of Doctors Simon and Schuster

Itchy palms...cold feet...a pain in the neck. Not a day goes by that our bodies don't "speak" to us through tickles and tingles, belches and bellyaches -- and psychiatrist Martin Rush takes us on an entertaining, enlightening exploration as he teaches us how to decode these secret signs and signals. Rush reasons that many of the twitches and twinges we experience may have psychological roots, rather than physical ones. The runny nose, lower backache, and cough signify some underlying wants or needs that the body is trying to convey. Because we aren't always aware of our feelings, the sudden symptom may be a physiological way of drawing our attention to an unnoticed emotion. By recognizing these signals, and then deciphering them, we can better understand the meanings in our aches, pains, and other symptoms. So, if you're itching to know why you have sudden chronic sneezing attacks, or why your eyelid occasionally twitches uncontrollably, or what is behind that unexplainable rash, then perhaps it's time for a visit with Dr. Rush. The quintessential example of the mind-body connection, Decoding The Secret Language of Your Body makes everyone aware of even the most subtle interaction between feelings and body responses.

[The Secret Language of Feelings](#) Triumph Books

This is a study of an almost inaccessible area of the intricate linguistic fabric of Afghanistan - namely, its secret codes of communication. The text

draws on a profound knowledge of Afghanistan and neighbouring regions, as well as the cultural and sociolinguistic processes at work across Eurasia. The author situates these sociolinguistic matters within the appropriate diachronic and comparative background, and traces the numerous threads which connect them to areas both close to and distant from Afghanistan. The book will be of great interest to scholars from a wide range of disciplines, including, but extending beyond, the realms of linguistics, cultural history, and sociology. It will also be of practical value in many areas, notably with regards to military and political issues, as well as humanitarian aid.

Code Simon and Schuster

Explores the culture, history, and psychology that lies behind a wide range of symbols.
