**The Confessions of S. Augustine** BEYOND BOOKS HUB  
THE REPUBLIC Plato's Republic is widely acknowledged as one of the most influential works in the history of philosophy. Presented in the form of a dialogue between Socrates and three different interlocutors, it is an inquiry into the notion of a perfect community and the ideal individual within it. During the conversation, other questions are raised: what is goodness; what is reality; what is knowledge; what is the purpose of education? With remarkable lucidity and deft use of allegory, Plato arrives at a depiction of a state bound by harmony and ruled by 'philosopher kings'. THE REPUBLIC The Republic is a philosophical

dialogue about the nature of justice and the order and character of the just city-state and the just individual. The dialogues, among Socrates and various Athenians and foreigners, discuss the meaning of justice and examine whether or not the just man is happier than the unjust man, by proposing a society ruled by philosopher-kings and the guardians. THE REPUBLIC In this intellectually and historically influential work of philosophy and political theory, Plato discusses the theory of forms, the immortality of the soul, and the roles of the philosopher and of poetry in society. THE REPUBLIC  
Twelve Years a Slave Courier Corporation  
Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies.

### There Is No Frigate Like a Book Ember

Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

### Sophie's World Farrar, Straus and Giroux

This volume brings together an international array of scholars to reconsider the meaning and place of poststructuralism historically and demonstrate some of the ways in which it continues to be relevant, especially for debates in aesthetics, ethics, and politics. The book's chapters focus on the works of

Butler, Deleuze, Derrida, Foucault, Irigaray, Kristeva, Lacan, and Lyotard—in combination with those of Agamben, Luhman, Nancy, and Nietzsche—and examine issues including biopolitics, culture, embodiment, epistemology, history, music, temporality, political resistance, psychoanalysis, revolt, and the visual arts. The contributors use poststructuralism as a hermeneutical strategy that rejects the traditional affirmation of unity, totality, transparency, and representation to instead focus on the foundational importance of open-ended becoming, difference, the unknowable, and expression. This approach allows for a more expansive definition of poststructuralism and helps demonstrate how it has contributed to debates across philosophy and other disciplines. Historical Traces and Future Pathways of Poststructuralism will be of particular interest to researchers in philosophy, politics, political theory, critical theory, aesthetics, feminist theory, cultural studies, intellectual history, psychoanalysis, and sociology.

### *ANTHEM* Aeterna Press

Poetry by American Poet Emily Dickinson. This book contains 3 poems, the first and second poems are about the power of words and books and the final poem is about the journey of raindrops.

### Aristotle and Dante Discover the Secrets of the Universe

#### Phoemixx Classics Ebooks

Fans of Alice Sebold and John Green will be transfixed by this sophisticated, edgy debut novel packing dark humor, biting wit, and a lot of Jack Daniels. Who put the word fun in funeral? I can't think of anything fun about Rachel's funeral, except for the fact that she won't be there. Aubrey Glass has a collection of potential suicide notes—just in case. And now, five years—and five

notes—after leaving her hometown, Rachel's the one who goes and kills herself. Aubrey can't believe her luck. But Rachel's death doesn't leave Aubrey in peace. There's a voicemail from her former friend, left only days before her death, that Aubrey can't bring herself to listen to—and worse, a macabre memorial-turned-high-school reunion that promises the opportunity to catch up with everyone . . . including the man responsible for everything that went wrong between Aubrey and Rachel. In the days leading up to the funeral and infamous after party, Aubrey slips seamlessly between her past and present. Memories of friendship tangle with painful new encounters while underneath it all Aubrey feels the rush of something closing in, something she can no longer run from. And when the past and present collide in one devastating night, nothing will be the same again. But facing the future means confronting herself and a shattering truth. Now, Aubrey must decide what will define her: what lies behind . . . or what waits ahead.

*Aesthetics, Ethics, Politics* BEYOND BOOKS HUB

EATING WELL WHEN YOU'RE EXPECTING provides mums-to-be with a realistic approach to navigating healthily and deliciously through the nine months of pregnancy - at home, in the office, at Christmas, in restaurants. Thorough chapters are devoted to nutrition, weight gain, food safety, the postpartum diet, and how to eat when trying to conceive again. And the book comes with 150 contemporary, tasty, and healthy recipes that feed mum and baby well, take little time to prepare, and are gentle on queasy tummies. At the heart of the book are hundreds of pressing questions every mother-to-be has: Is it true I shouldn't eat any food cooked with alcohol? Will the caffeine in coffee cross into my

baby's bloodstream? I'm entering my second trimester, and I'm losing weight, not gaining - help! Is all sushi off limits? How do I get enough calcium if I'm lactose intolerant? I keep dreaming about a hot fudge sundae - can I indulge? (The answer is yes!)

*A Novel About the History of Philosophy* Phoemixx Classics  
Ebooks

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

*The Early History of the Airplane* Simon and Schuster

In it, Aristotle offers an account of what he calls "poetry" (a term which in Greek literally means "making" and in this context includes drama - comedy, tragedy, and the satyr play - as well as lyric poetry and epic poetry). They are similar in the fact that they are all imitations but different in the three ways that Aristotle describes: 1. Differences in music rhythm, harmony, meter and melody. 2. Difference of goodness in the characters. 3. Difference in how the narrative is presented: telling a story or acting it out. In examining its "first principles," Aristotle finds two: 1) imitation and 2) genres and other concepts by which that of truth is applied/revealed in the poesis. His analysis of tragedy constitutes the core of the discussion. Although Aristotle's *Poetics* is universally acknowledged in the Western critical tradition, "almost every detail about his seminal work has aroused divergent opinions."

*Historical Traces and Future Pathways of Poststructuralism*

Courier Corporation

Examines myths and folk tales from around the world in an attempt to understand the symbolism of the hero as it appears in the mythologies and religions of mankind.

*The Glass Castle* Simon and Schuster

Politics affects us all and the same questions reverberate across history. Who should rule? Is property theft? What's mightier - the bullet or the ballot? Discover 80 of the world's greatest thinkers and their political big ideas that continue to shape our lives today. Humankind has always asked profound questions about how we can best govern ourselves and how rulers should behave. The Politics Book charts the development of long-running themes, such as attitudes to democracy and violence, developed by thinkers from Confucius in ancient China to Mahatma Gandhi in 20th-century India. Justice goes hand in hand with politics, and in this comprehensive guide, you can explore the championing of people's rights from the Magna Carta to Thomas Jefferson's Bill of Rights and Malcolm X's call to arms. Ideologies inevitably clash and The Politics Book takes you through the big ideas such as capitalism, communism, and fascism exploring their beginnings and social contexts in step-by-step diagrams and illustrations, with clear explanations that cut through the jargon. Filled with thought-provoking quotes from great thinkers such as Nietzsche, Karl Marx, and Mao Zedong, The Politics Book is a thought-provoking and unmissable read for both students and everyone interested in how the world of government and power works. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand.

With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking refreshers on a single subject.

*The Chocolate War* Good Press

*A Memoir* Bollingen Foundation

Fifteen-year-old Ari Mendoza is an angry loner with a brother in prison, but when he meets Dante and they become friends, Ari starts to ask questions about himself, his parents and his family that he has never asked before.

**Sir Gawain and the Green Knight (A New Verse Translation)** BEYOND BOOKS HUB

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Nicomachean Ethics W. W. Norton & Company

Narrative of the Life of Frederick Douglass First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America’s notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from

the great injustices of the past. Narrative of the Life of Frederick Douglass

Narrative of the Life of Frederick Douglass Good Press

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

*Gorgias* Strelbytskyy Multimedia Publishing

*The Monkes Tale, the Clerkes Tale, the Squieres Tale ...* Penguin Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of

our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

THE genuineness of the Laws is sufficiently proved (1) by more than twenty citations of them in the writings of Aristotle, who was residing at Athens during the last twenty years of the life of Plato, and who, having left it after his death (B. C. 347), returned thither twelve years later (B. C. 335); (2) by the allusion of Isocrates—writing 346 B. C., a year after the death of Plato, and probably not more than three or four years after the composition of the Laws—who speaks of the Laws and Republics written by philosophers (??? ??? ???????); (3) by the reference (Athen. 226 A) of the comic poet Alexis, a younger contemporary of Plato (fl. B. C. 356–306), to the enactment about prices, which occurs in Laws xi. 917 B foll., viz. that the same goods should not be offered at two prices on the same day; (4) by the unanimous voice of later antiquity and the absence of any suspicion among ancient writers worth speaking of to the contrary: for it is not said of Philippus of Opus that he composed any part of the Laws, but only that he copied them out of the waxen tablets, and was thought by some to have written the *Epinomis* (Diog. Laert. iii. 25). Aeterna Press
