This Is Your Destiny Simon and Schuster

If you think your astrological fate is sealed by your Sun sign, think again! Your emotions, instincts, intuition, and most private passions are dominated by your Moon sign. In this eye-opening volume, world-famous astrologer and therapist Donna Cunningham unravels

the often bewildering effects of lunar influence: a person's potential for intimacy, sense of security, family ties, susceptibility to indulgence in food or drink, career ambition, as well as how men and women respond differently to the same lunar promptings in love and life. Cunningham provides all the information you need to determine your own and others' Moon signs—and analyze their power. Moon Signs also charts the daily, monthly, and yearly courses of the moon, which create those predictable mood swings—our “emotional weather.” The time-honored tradition of astrology has come into its own as a resource for human development and spiritual insight. For astrological novices and veterans alike, Cunningham's invaluable guide will pave

the way to a more profound understanding of the uncharted and sometimes dark side of the soul.

Revised and updated edition of the classic astrology text on predicting and navigating life crises • Provides charts for the transits of Saturn, Uranus, and Chiron--now updated through 2050--to predict your personal growth cycles and timing of kundalini rising • Shares tools to cope with the intensity of spiritual emergency and direct the kundalini energy released during planetary passages • Includes a new preface by the author reflecting on 20 years of success stories since the book's initial publication • No astrological chart needed to use this book In this updated

edition of Liquid Light of Sex, renowned astrologer and spiritual teacher Barbara Hand Clow explores the connection between life crises in your 30s, 40s, and 50s and the key astrological passages of Saturn, Uranus, and Chiron in your birth chart. She explains how kundalini energy--the "liquid light of sex" that lies at the base of the spine--is activated during these planetary transits, rising through the chakras and triggering the process of spiritual emergency, and in many cases, a cascade of health, emotional, and relationship problems as well as extreme anxiety. She shows that by understanding these astrological transits, you can be prepared for turbulent periods and successfully navigate them by creatively channeling the spiritual fire of kundalini. Clow

provides astrological charts--now updated through 2050 for those born between 1930 and 2000--detailing the cycles of Saturn, Uranus, and Chiron, so you do not need your birth chart to use this book. She explains how to use the charts to predict the onset and completion of each kundalini activation and corresponding crisis. She shares tools for individuals and therapists to cope with the intensity of spiritual emergency and too much fire energy, unblock the chakras, and integrate the power of kundalini for physical, emotional, and spiritual growth. Reflecting on 20 years of success stories since the book's initial publication, Clow presents a road map for using celestial cycles to navigate positively and productively in times of great life

change.

A guide to understanding the phases of astrological Moon signs and their effects on emotions and personality • Describes the positive and negative character-

defining traits of each of the 96 Moon phase/Moon sign combinations • Explains how to use your natal Moon's sign and phase to predict how current and approaching Moons can affect you • Explores the universal challenges arising during each Moon phase throughout the year and ways to honor each phase as it passes The Moon's ever-changing phases offer a way to deepen our understanding of our natal Moon sign as well as the Moon's day-to-day influence on our emotional tides. Through its 8 phases and its wandering dance through each of the 12 signs of the Zodiac--from the Infant's Moon (the New Moon in Aries) to the Storyteller's Moon (the Full Moon in Gemini) to the Prophet's Moon (the waning Balsamic Moon in Aquarius)--the Moon shares its story in 96 different

ways. Telling the stories of the heart of all 96 Moon phase and Moon sign combinations, Raven Kaldera explains the creative gifts and emotional challenges bestowed upon those born under each Moon archetype as well as how to nurture the positive traits and improve--or at least discourage--the negative ones. Exploring the influences each Moon archetype has on us as it passes, the author reveals which Moons are the most difficult, what innate qualities each Moon brings out in us, and what we can do to honor each Moon. Including evocative quotes illuminating the nature of each Moon, Kaldera shows how to use your natal Moon's astrological sign and phase to find your "hidden Moons"--the shadows cast by passing Moons--and predict how current

The Cosmic Key of Life Symbol Nicolas-Hays, Inc.

Dating from antiquity, the doctrine of the Arabic parts has been virtually lost to

Western astrological practice since the 17th century. In his book, Robert Zoller retrieves this valuable key to prediction and provides a clear and simple guide to its practical application. The Arabic parts enable the astrologer to investigate the "inner" meaning of the horoscope and thus to go beyond the "outer" aspects expressed by the arrangement of the planets, signs, and houses. The first section of the book explains how fate, or karma, can be understood through the parts and the esoteric nature of number. The second section includes a translation of the 13th-century Latin text on the parts by the famed court astrologer, Bonatti; this work includes the basic ninety-seven parts, dealing with all areas of life--from war, commodities speculation, and professional life to

marriage and partnerships--in addition to the seventy-three parts from various medieval sources. In the third section of the book, the author illustrates the practical use of the parts in natal, horary, and mundane astrology. His understanding of the parts and their place in a comprehensive interpretation of any horoscope is presented with lucidity and insight, unraveling for the reader this fascinating and long-neglected astrological science.
