Intermediate Accounting Irwin/McGraw-Hill

Intermediate Accounting by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate texts are measured. Throughout the thirty years, and ten best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. This Updated Edition features and incorporates the 2005 FASB key accounting

standards that have been updated since the original publication of "Intermediate Accounting, 11th Edition." The Updated Eleventh Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Included in the package is the "Problem-Solving Survival Guide."

Principles of Taxation for Bus and Inves Thomson South-Western

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters.
