Christ versus Arizona turns on the events in 1881 that surrounded the shootout at the OK Corral, where Wyatt Earp, Doc Holliday, and Virgil and Morgan Earp fought the Clantons and the McLaurys. Set against a backdrop of an Arizona influenced by the Mexican Revolution and the westward expansion of the United States, the story is a bravura performance by the 1989 Nobel

Prize-winning author. A monologue by the nave, unreliable, and uneducated Wendell L. Espana, the book weaves together hundreds of characters and a torrent of interconnected anecdotes, some true, some fabricated. Wendell's story is a document of the vast array of ills that welcomed the dawning of the twentieth century, ills that continue to shape our world in the new millennium. "Cela prefers the weird, the apparently meaningless and the amorphous. The world of his novels has been likened to that of Hieronymus Bosch and Brueghel; he sees man as a prisoner in a forbidding universe where chaos and imperfection always defeat the idealist." Paul West "Cela is a restless spirit. In him is united a marked fondness for experiment with a provocative attitude. At the same time he can be included in an old Spanish tradition of hilarious grotesqueness which is

often the other side of despair. Compassion for mans hopeless suffering is there, but tightly controlled." 1989 Nobel prize for Literature Press Release "One of the most gifted and powerful writers in contemporary Europe." Commonweal

In the first biography in English of the great Argentinian tango singer Carlos Gardel (1890-1935), Collier traces his rise from very modest beginnings to become the first genuine "superstar" of twentieth-century Latin America. In his late teens, Gardel won local fame in the barrios of Buenos Aires singing in cafes and political clubs. By the 1920s, after he switched to tango singing, the songs he wrote and sang enjoyed instant popularity and have become classics of the genre. He began making movies in the 1930s, quickly establishing himself as the most popular star of the Spanish-language cinema, and at the time of his death Paramount was planning to launch his Hollywood career. Collier's biography focuses on Gardel's artistic career and achievements but also sets his life story within the context of the tango tradition, of early twentieth-century Argentina, and of the history of popular entertainment.

The Mystery of the Enchanted Crypt Dalkey Archive Press
The international bestseller that inspired the must-watch drama on USA Network starring Alice Braga as Teresa Mendoza. From "master of the intellectual thriller" Arturo Pérez-Reverte, a remarkable tale, spanning decades and continents—from the dusty streets of Mexico to the sparkling waters off the coast of Morocco, to the Strait of Gibraltar and Spain—in a story encompassing sensuality and cruelty, love and betrayal, and life and death. Teresa Mendoza's boyfriend is a drug smuggler who the narcos of Sinaloa, Mexico, call "the king of the short runway," because he can get a plane full of coke off the ground in three hundred yards. But in a ruthless business, life can be short, and Teresa even has a special cell phone that Guero gave her along with a dark warning. If that phone rings, it means he's dead, and she'd better run, because they're coming for her next. Then the call comes. In order to survive, she will have to say goodbye to the old Teresa, an innocent girl who once entrusted her life to a pinche narco smuggler. She will have to find inside herself a woman who is tough enough to inhabit a world as ugly and dangerous as that of the narcos—a woman she never before knew existed. Indeed, the woman who emerges will surprise even those who know her legend, that of the Queen of the South.

"While the subject of this book, movie musicals, is one of the most popular genres of film, it is difficult to describe exactly what constitutes a musical. Most films have soundtracks. And many include a few musical numbers, but how much musical content does a film need before it is officially a musical? Since there are

no clear-cut rules, I based this book on a few simple guidelines. First, I excluded all silent films, for obvious reasons. Second, I excluded movies where the musical numbers were not performed by the stars of the film, or movies that are basically comedies or dramas, but include a little music. Third, I excluded concert films or any films that did not have a plot. Finally, since this is a book of images, I tried to always give preference to posters that depict people singing or dancing. It is clear that early movies were dominated by a relatively small group of wonderful performers such as Alice Faye, Betty Grable, and, of course, Fred Astaire and Ginger Rogers." -- Taken from the Introduction by Bruce Hershenson.

"Released from an asylum to help with a police enquiry, the quick-witted and foul-smelling narrator, Gonewiththewind, delves deep into the underworld of 1970s Barcelona to investigate the mysterious disappearance of a teenage girl from a convent school." "Helped only by his ageing prostitute sister and the voluptuous nymphomaniac, Mercedes, the narrator's investigations take him deeper into a mystery involving murdered sailors, suicidal daughters, a web of organised crime and a secret, underground crypt." "Both gripping and surprising. The Mystery of the Enchanted Crypt is a hilarious detective story."--BOOK JACKET.

Audiovisual Translation: Dubbing is an introductory textbook that provides a solid overview of the world of dubbing and is fundamentally interactive in approach. A companion to Audiovisual Translation: Subtitling, it follows a similar structure and is accompanied by a DVD. Based on first-hand experience in the field, the book combines translation practice with other related tasks – usually commissioned to dialogue writers and dubbing assistants – thus offering a complete introduction to the field of dubbing. It develops diversified skills, presents a broad picture of the industry, engages with the various controversies in the field, and challenges prevailing stereotypes. The individual chapters cover the map of dubbing in the world, the dubbing market and professional environment, text segmentation into takes or loops, lip-syncing, the challenge of emulating oral discourse, the semiotic nature of audiovisual texts, and specific audiovisual translation issues. The book further raises a number of research questions and looks at some of the unresolved challenges of this very specific form of translation. It includes graded exercises covering core skills that can be practised in class or at home, individually or collectively. The accompanying DVD contains sample film material in Dutch, English, French, Italian and Spanish, as well as a range of useful material related to professional practice.

National bestselling author Carol Berg returns to the world of her award-winning *Flesh and Spirit* and *Breath and Bone* with an all-new tale of magic, mystery, and corruption.... How much must one pay for an hour of youthful folly? The Pureblood Registry accused Lucian de Remeni-Masson of "unseemly involvement with ordinaries," which meant only that he spoke with a young woman not of his own kind, allowed her to see his face unmasked, worked a bit of magic for her....After that one mistake, Lucian's grandsire excised half his magic and savage Harrowers massacred his family. Now the Registry has contracted his art to a common coroner. His extraordinary gift for portraiture is restricted to dead ordinaries—beggars or starvelings hauled from the streets. But sketching the truth of dead men's souls brings unforeseen consequences. Sensations not his own. Truths he cannot possibly know and dares not believe. The coroner calls him a cheat and says he is trying to weasel out of a humiliating contract. The Registry will call him mad—and mad sorcerers are very dangerous....

Introduction À la Poésie Orale Austrian Film Museum

After the modern Mexican state came into being following the Revolution of 1910, hyper-masculine machismo came to be a defining characteristic of "mexicanidad," or Mexican national identity. Virile men (pelados and charros), virtuous prostitutes as mother figures, and minstrel-like gay men were held out as desired and/or abject models not only in governmental rhetoric and propaganda, but also in literature and popular culture, particularly in the cinema. Indeed, cinema provided an especially effective staging ground for the construction of a gendered and sexualized national identity. In this book, Sergio de la Mora offers the first extended analysis of how Mexican cinema has represented masculinities and sexualities and their relationship to national identity from 1950 to 2004. He focuses on three traditional genres (the revolutionary melodrama, the cabaretera [dancehall] prostitution melodrama, and the musical comedy "buddy movie") and one subgenre (the fichera brothel-cabaret comedy) of classic and contemporary cinema. By concentrating on the changing conventions of these genres, de la Mora reveals how Mexican films have both supported and subverted traditional heterosexual norms of Mexican national identity. In particular, his analyses of Mexican cinematic icons Pedro Infante and Gael García Bernal and of Arturo Ripstein's cult film *El lugar sin límites* illuminate cinema's role in fostering distinct figurations of masculinity, queer spectatorship, and gay male representations. De la Mora completes this exciting interdisciplinary study with an in-depth look at how the Mexican state brought about structural changes in the film industry between 1989 and 1994 through the work of the Mexican Film Institute (IMCINE), paving the way for a

renaissance in the national cinema.
