SANTANA MELINA

The First Book of Moses, Called Genesis Penguin Books India
 Set in Pakistan, this is the story of a teen girl living with her mother and siblings in a diplomatic compound. As if getting used to another new country and set of customs and friends isn't enough, she must cope with an increasingly tense political situation that becomes dangerous with alarming speed. Her life and those of her sister and brother depend on her resourcefulness and the unexpected help of an enigmatic Muslim classmate.
Satan's Last Storm Houghton Mifflin Harcourt
 The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers

introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

How We Live Now (And Always Have) in the Future Tense HarperCollins
 Fourteen theological scholars address key topics related to the age of the earth, which is the crucial issue of debate in the church today regarding origins. Bringing to bear rigorous biblical, theological, and historical arguments in favor of a six-day creation, the global Flood, and a young earth, they also provide much-needed critiques of a number of contemporary old-earth interpretations of the book of Genesis. This fresh defense of the literal history of Genesis 1-11 nicely complements other studies which focus more on the scientific evidence of young-earth creationism. As such, this book can serve as a versatile supplement to other works, but is also designed to be used as a standalone text for seminary and Bible college professors and students, pastors, missionaries, and others who want in-depth apologetic resources. Coming to Grips with Genesis: Biblical Authority and the Age of the Earth includes: Forewords by Dr. John MacArthur,

President of the Master's Seminary and Senior Pastor of Grace Community Church, Sun Valley, CA; and the late Dr. Henry Morris, Founder and President Emeritus, Institute for Creation Research
 Detailed analysis of the verbs of Genesis 1 A defense of the Genesis 5 & 11 genealogies as strict chronologies
 Reasons for rejecting millions of years of death and natural evil before Adam's sin
 Careful reflection on Jesus' teachings regarding a young earth

To Paradise Whitecap Books Limited

Some simply wanted to be left alone; others set out to create a better world. An in-depth look at six major sects and many smaller communities.

Thunder in Paradise InterVarsity Press

The Promise of Paradise is an extraordinary little guidebook that will give you the tools, the attitude, and the diving board to make the greatest move of your life. This simple, clear, and often funny book is a gift that will change your life for the better. Powerful and practical, these short chapters take you through the true life lessons of wellness expert and spiritual teacher Dr. Jonathan Ellerby, CEO of the Tao Wellness Center & Inspired Living Community Mexican Caribbean. Jonathan released his commitment to a quickly growing career as an author, media expert and

traveling speaker, to move with his family to the Riviera Maya of Mexico to help design and lead the "Tao" wellness center and residential development. Tao is a community and event center dedicated to the pursuit of health through the celebration of connection, personal passion, inner peace and the imperative to make the world a better place. The "Tao Inspired Living Community" blends the magic of the local landscape with global influences to offer programs, international events, and a sense of community beyond compare. In one of the safest and most sought after tropical destinations in the world, Dr. Ellerby reclaims age old lessons and promises of health, happiness, longevity and peace. On his journey to make this paradise like setting his home, Jonathan also faces the turbulent waters of relocation, tourism, societal fear, stereotypes and cultural evolution in a time of global, financial, and spiritual upheaval. The resulting wisdom is inspiring, a joy to read, and a truly life changing path to put into practice.

But the Documentary Hypothesis should remain our primary point of reference, and it alone provides the most dependable perspective from which to approach this most difficult of areas in the study of the Old Testament.

[A Tibetan Lama's Extraordinary Journey to a Land of Immortality](#) Kregel Academic

This memoir of a woman who joined the Rajneeshi community in a search for ultimate fulfillment, provides a behind-the-scenes look at the cult, describing its beginning to its demise in the 1980s. *The Language of Paradise: A Novel* Fulcrum Publishing

"[An] ambitious economic history of the united States...rich with details." ?—David Leonhardt, New York Times Book Review How did a weak collection of former British colonies become an industrial, financial, and military colossus? From the eighteenth to the twenty-first centuries, the American economy has been transformed by wave after wave of emerging technology: the steam engine, electricity, the internal combustion engine, computer technology. Yet technology-driven change leads to growing misalignment between an innovative economy and anachronistic legal and political structures until the gap is closed by the modernization of America's institutions—often amid upheavals such as the Civil War and Reconstruction and the Great Depression and World War II. When the U.S. economy has flourished, government and business, labor and universities, have worked together in a never-ending project of economic nation building. As the United States struggles to emerge from the Great Recession, Michael Lind clearly demonstrates that Americans, since the earliest days of the republic, have reinvented the American economy - and have the power to do so again.

A lyrical debut novel from a musician and artist renowned for her sharp sexual and political imagery Jo is in a strange new country for university and having a more peculiar time than most. In a house with no walls, shared with a woman who has no boundaries, she finds her strange home coming to life in unimaginable ways. Jo's sensitivity and all her senses become increasingly heightened and fraught, as the lines between bodies and plants, dreaming and wakefulness, blur and mesh. This debut novel from critically acclaimed artist and musician Jenny Hval presents a heady and hyper-sensual portrayal of sexual awakening and queer desire.

Theology, Science, and the Age of the Earth Harlequin

A desperate victim of abuse and a young college student from a troubled background team up to confront their greatest fears, only to find the greatest fight is yet to come. Unable to afford the rent after breaking up with her abusive ex-boyfriend, Amanda (Katie Cassidy) begins searching for a roommate and meets Hailey (Tracy Spiridakos). Haley too has had her fair share of hardships, but now she's determined to get an education, and build a brighter future for herself. Before long the two women are living together, and have sworn to help rebuild each other's shattered lives. But things turn tense when Amanda's menacing ex-boyfriend begins to stir up trouble, prompting

both her and Hailey to try to make a clean break from the past. Meanwhile, the more Hailey reveals about her turbulent history, the more clear it becomes to Amanda that her new roommate isn't exactly who she says she is. ~ Jason Buchanan, Rovi *From Paradise to the Promised Land* W. W. Norton & Company An analysis of how religious bias shaped U.S. federal Indian law.

Economic Analysis of the Digital Economy Baker Books

Luke Fury was Jessica's last hope! Jessica's only desire was to find out the truth about her husband's death...but everywhere she turned for help she met a brick wall of secrecy. Luke had been her husband's colleague, and clearly knew more than he pretended. But he considered Jessica a self-indulgent socialite—and he wasn't about to do her any favors! Jessica was determined to convince Luke that he'd misjudged her; suddenly her growing attraction for him was becoming the most burning desire of all....

From Paradise to the Promised Land Harper Collins

"This book is likely to become the future point of reference for scholarship on environmental issues in Israel. Tal combines his extensive inside knowledge with broad and thorough research to take the reader clearly through a complex fabric of personalities, organizations, and issues."—Stuart Schoenfeld, York University "This is truly an excellent book. It is the first treatment of the whole array of environmental issues in Israel, and in its historical context - an absolute necessity. Extremely well-written and in fact hard to put down, this book is useful on many levels, for United Nations Agencies and development officials, Israeli and Palestinian government officials, and environmentalists and teachers around the world."—Brock Evans, Executive Director, The Endangered Species Coalition and author of many articles and books on the politics of the environment "Pollution in a Promised Land is an innovative book, and an important one, by perhaps the most prominent environmental activist in Israel. Tal's approach is to take an "eagle's eye view" of his vast subject, now gliding far above, providing overview, now swooping down very close and, through interviews or anecdotes, describing his subject with great immediacy and in memorable detail."—Noah J. Efron, Bar Ilan University "Anyone who cares about the land of Israel should read Pollution in a Promised Land. It is critical to understanding the social, political, and scientific dimensions of the country's environmental challenges as well as the country's remarkable ecological achievements. Alon Tal is uniquely qualified to present this fascinating and dramatic environmental history."—Tzachi Hanegbi, Minister of the Environment, Israel *Paradise Lost, Book 3* Random House

A charge to people who believe that you must believe in a young earth to be a Christian.

Coming to Grips With Genesis Doubleday

Set in nineteenth-century New England, this exquisite novel tests a woman's love against her husband's utopian quest. Sophy Hedge, the artistic daughter of the town's minister, falls in love with Gideon Birdsall, a driven theology student assisting her father with a Hebrew lexicon. Sophy is drawn to Gideon's intellect, passion, and spiritual nature, while Gideon glimpses in her a free soul unbound by convention. Yet Gideon's restlessness after they wed worries Sophy, and she finds his friendship with Leander Solloway, the charismatic new schoolmaster, a cause for anxiety. As the

men immerse themselves in Gideon's mystical theories, Sophy translates her fears into secret paintings. When Sophy becomes pregnant, Gideon and Leander construct a faux Eden in a greenhouse as part of a daring experiment to discover the language of paradise—the tongue Adam spoke when he named the creatures of the earth. Sophy must decide whether to live and paint in the world her husband has made or escape to save her child and herself. Addressing the timeless issues of faith, art, and the elusive dream of perfection, Barbara Klein Moss has captured the fragility of human longing.

From Paradise to the Promised Land Tundra Books

Follow the biblical trail from Adam to Moses in the shade of the tree of life. Discover how Gods original plan unfolds through dreams, name meanings, and prophecy. Every person must choose a path either by following the scarlet cord of blood or the black chain of sin. Learn why the Bible is one book with many unifying themes and how the Pentateuch (first five books) lays the foundation for the rest of scripture. Find how the familiar stories are connected to one another and to the whole, as well as pointing to the Messiah the fulfillment of Gods purpose to dwell among his people. The tree of life is like a pair of bookends, appearing first in Genesis and ending in Revelation. The trail that connects them provides a fascinating adventure for the person who wants a deeper understanding of spiritual truths. The book includes questions for reflection and discussion.

Hay House, Inc

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.
