## ROMAN MAY

---

*A Reference Grammar of  
Thai* Cambridge University  
Press

This is a textbook for  
students of Korean, a  
sequel to our book for  
beginners.

**Level 1 Korean  
Grammar Textbook**  
Taylor & Francis

Korean Morphosyntax:  
Focusing on Clitics and  
Their Roles in Syntax  
presents a theory-neutral  
comprehensive analysis of  
Korean morphosyntax for  
advanced students and  
scholars of Korean  
language and linguistics.  
This book focuses on the  
morphosyntactic status of  
particles in Korean and  
highlights how this  
understanding allows for a  
proper analysis of

sentences. As the  
significance of clitics in  
Korean has not been  
highlighted by previous  
works in such depth, this  
book offers the first  
comprehensive study of  
this aspect of the Korean  
language. The new  
observations offered here  
will allow readers to  
correctly identify the  
basic units of syntax and  
to properly analyze  
sentences in Korean. This

book will be of interest to graduates and scholars interested in Korean linguistics and morphosyntax.

**Complete Korean

Intermediate Course**

Cambridge University  
Press

Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language.

Korean Cambridge  
University Press

This is a complete and effective intermediate-level Korean textbook and

Korean language learning package It is the next book in the Elementary Korean series and takes student's abilities to read comprehend Korean, speak Korean, read Korean, and write Korean to the next level.

Continuing Korean is designed for learners who have achieved basic proficiency and wish to progress to the more complex structures of the Korean language. It offers a full range of field-tested exercises that will help readers build their confidence and fluency in

the Korean language.

Each lesson includes Korean dialogues, vocabulary, lesson notes and detailed breakdowns of the grammatical structure under discussion, and exercises. The downloadable audio is another great way to learn Korean and ensures correct pronunciation and helps to build listening comprehension.

**The Handbook of  
Korean Linguistics**

Grammar Workbooks

This title explains the use of Japanese words such as wa, ga and mo looking at

the rules and meanings of words in their literary forms.

*Modern Korean Grammar Workbook* Univ of California Press

Do you want your Korean language skills to shine? Then Essential Korean Grammar offers exactly what you need to finally understand and express which grammar option is best. Having a solid understanding of grammar is essential to effectively learn Korean. Essential Korean Grammar gives you excellent examples that

lay out the best grammar options for communicating, and when to use each option. The grammar items are cleverly rated so you can determine what's most useful for you to study, based on your Korean knowledge level and your plans. There is a star rating system, from 5 stars ("critical"; with these under your belt you can communicate almost everything you need to say) to 1 star (don't worry about this unless there's some reason you need to know it—for example, the

TOPIK exam). Essential Korean Grammar is a toolbox to help you form correct and natural-sounding sentences, and determine which grammar you need for reading or writing Korean. It details: How to combine grammar points with each type of word. How it is similar to and different from related grammar points. Commonly used expressions. Things for learners to watch out for. The example sentences for each grammar point use simple vocabulary that even a beginner will

know. A perfect supplement to any Korean language textbook!  
Korean Grammar in Use - Beginning (English ver.) (□□□) Tuttle Publishing  
 An introduction to Japanese through authentic, commonly-used sentences. This best-selling Japanese textbook is a user-friendly guide for beginners designed for use in a classroom or self-study. It adopts a very different approach from other Japanese language books—teaching you the underlying sentence structures and patterns of

Japanese along with essential vocabulary and phrases so you can attain basic fluency quickly. The emphasis is on acquiring a working knowledge of simple, everyday Japanese sentences. This new edition has been thoroughly updated and expanded to reflect the way Japanese is spoken in Japan today. Manga illustrations have been added to each dialogue along with the latest jargon for the internet, social media, cellphones, and IT, and a bidirectional dictionary is included at

the back. Each self-contained lesson presents a simple four-step method: Step 1: Basic Sentences: Each lesson begins with a few simple sentences. Essential vocabulary and phrases are learned within the context of these sentences. Audio recordings by native speakers are in the free CD-ROM in the book. Step 2: Communication Notes: A detailed discussion of each sentence follows to assist you in understanding the underlying structure and

how to form new sentences based on the same pattern. Step 3: Everyday Conversations: Authentic dialogues with manga illustrations and native-speaker recordings show you how people communicate naturally in Japan today through simple, everyday interactions. Step 4: Exercises: Several sets of easy exercises help reinforce your understanding of the key points presented in the lesson and review what you have learned so you can move on to the next

lesson.

 A clear, detailed and comprehensive guide to the grammar of the Thai language.  
Intermediate College Korean Cambridge University Press  
 This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing

strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar

reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand. **MP3(CD)** [www.darakwon.co.kr](http://www.darakwon.co.kr) **TOPIK 1~2** **1~2** **-**

 Use Korean Grammar Ind  
*Longman Dictionary of  
 Language Teaching and  
 Applied Linguistics*  
 Darakwon

Advanced Korean offers a  
 complete, systematic, and  
 streamlined third-year  
 course in Korean. It is  
 ideal for university  
 students and adult  
 learners with plentiful  
 reading texts and written  
 exercises, all in Korean  
 Hangul. Concise Korean  
 grammar notes in English,  
 extensive glossaries, and  
 an answer key make this  
 book suitable for those  
 studying alone, as well as  
 for classroom use. There  
 are 20 comprehensive  
 lessons, each with a  
 reading text in which new  
 language is introduced in

context, followed by vocabulary, grammar points, and exercises. Lessons 5, 10, 15 and 20 are short reviews of the key structural patterns introduced. The focus is on written Korean, but the reading texts are not academic, they are breezy, chatty, and amusing, with illustrations. The textbook comes with a downloadable supplement entitled Sino-Korean Companion. It is for those learners wishing to commence the study of Chinese characters as

they are used in the Korean language. The 20 lessons build on the content of the lessons in the main textbook to introduce 500 Chinese characters in their Sino-Korean readings. The emphasis is on giving students the tools they need to decipher unfamiliar Chinese characters on their own, and also on Sino-Korean vocabulary acquisition. Each lesson introduces approximately 25-30 new Chinese characters along with related vocabulary items, and builds on

previous characters and vocabulary introduced, demonstrating the cumulative effect on one's vocabulary of paying systematic attention to Sino-Korean.

The Language of the Old-Okinawan Omoro Sōshi  
Univ of California Press  
Routledge's Modern Grammar series is an innovative reference guide combining traditional and function-focused grammar in a single volume, with an accompanying workbook. The aim of the Modern Korean Grammar is to

provide an overview of the structures and functions of the Korean language. Designed for those who have already acquired the basics of the language, the book combines a comprehensive description of the grammatical structures of Korean with a functional/usage approach to the language. All target grammatical and functional points will be illustrated with examples in Hangul with English translations for better understanding. In

addition, the use of linguistic terminology is limited, to facilitate quick and easy comprehension. Essential Korean Grammar Cambridge University Press  
An Introduction to Korean Linguistics is a valuable and comprehensive text for those with an interest in Korean linguistics. This book provides an in-depth introduction to the basics of Korean linguistics, and modern linguistic theory, in an accessible style. It features a step-by-step approach designed to lead the reader through

the linguistic make-up of the language, from the basics of its sound system and sentence structure to the semantics of modern spoken Korean. Features include: Detailed chapters covering the core areas in the field of linguistics, including phonetics, phonology, morphology and syntax Clear and accessible explanations which effectively demonstrate the intricacies and subtleties of the Korean language Suggested readings for those interested in expanding their

knowledge of a specific topic Exercises designed to complement the factual and analytical issues covered in each chapter A comprehensive glossary of central terms and a companion website offering a wealth of additional materials. Korean is an invaluable language for the study of theoretical and comparative linguistics as it provides important examples and counter-examples to key issues, making *An Introduction to Korean Linguistics* an essential text for students

and professional linguists alike.

### **Intermediate Korean** BRILL

This new edition has been updated and revised to accompany the Fifth edition of *English Grammar in Use*, the first choice for intermediate (B1-B2) learners. This book contains 200 varied exercises to provide learners with extra practice of the grammar they have studied. *An Introduction to Korean Linguistics* Routledge In this volume, Leon A. Serafim and Rumiko

Shinzato offer a grammatical and phonological description of the Old Okinawan language for comparison with other Ryukyuan languages and Old Japanese, phonologically reconstructing, translating, and annotating selected omoros.

Numeral Classifiers and Classifier Languages Talk To Me In Korean This best-selling dictionary is now in its 4th edition. Specifically written for students of language teaching and

applied linguistics, it has become an indispensable resource for those engaged in courses in TEFL, TESOL, applied linguistics and introductory courses in general linguistics. Fully revised, this new edition includes over 350 new entries. Previous definitions have been revised or replaced in order to make this the most up-to-date and comprehensive dictionary available. Providing straightforward and accessible explanations of difficult terms and ideas

in applied linguistics, this dictionary offers: Nearly 3000 detailed entries, from subject areas such as teaching methodology, curriculum development, sociolinguistics, syntax and phonetics. Clear and accurate definitions which assume no prior knowledge of the subject matter helpful diagrams and tables cross references throughout, linking related subject areas for ease of reference, and helping to broaden students' knowledge The Dictionary of Language Teaching and

Applied Linguistics is the definitive resource for students.

*A Korean Grammar on Semantic-pragmatic Principles* John Wiley & Sons

This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the

traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook

makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments. Routledge "Basic Korean: A Grammar and Workbook, Second Edition, is an accessible reference grammar and workbook in one volume. The text can be used in conjunction with any primary textbook, both as a practice book to reinforce

learning and as a reference guide to the basics of Korean grammar. This book presents twenty-six individual grammar points, covering the core material which students would expect to encounter in their first year of learning Korean. Grammar points are followed by examples and exercises which allow students to reinforce and consolidate their learning. This new edition has been updated and enhanced to include more varied exercises and

contemporary vocabulary and dialogues. Clearly presented and user-friendly, Basic Korean provides readers with the essential tools to express themselves in a wide variety of situations, making it an ideal grammar reference and practice resource for both beginners and students with some knowledge of the language"--
