'In his fascinating, enraging polemic, Verkaik touches on one of the strangest aspects of the elite schools and their

product's domination of public life for two and a half centuries: the acquiescence of everyone else.'

-Observer In Britain today, the government, judiciary and military are all led by an elite who attended private school. Under their watch, our society has become increasingly divided and the gap between rich and poor is now greater than ever before. Is this the country we want to live in? If we

care about inequality, we have to talk about public schools.

Robert Verkaik issues a searing indictment of the system originally intended to educate the most underprivileged Britons, and outlines how, through meaningful reform, we can finally make society fairer for all.

In 'The Death of a Civil Servant', an administrative clerk accidentally sneezes on a

hierarchical superior at the opera, which results in great embarrassment and hilarious and futile attempts at atonement. The other short stories included in this volume, 'A Calculated Marriage', 'The Culprit', 'The Exclamation Mark', 'The Speech-Maker', 'Who Is to Blame?' and 'A Defenceless Creature' are in the same absurdly comical vein. This short collection shows

Chekhov in an amusing, playful light, poking fun at the greed, sycophancy and ignorance of his characters, with the moral detachment that also characterizes his major, serious works. Attlee Dramatists Play Service Inc

The High Commissioner s Politico's Publishing 'Life in the Jungle' is the autobiography of Michael Heseltine, one

of the most enigmatic politicians in Britain. This book tells the story of not only his political life, but of his business career as well. On Stage & In Shadows Random House The typical contemporary Labour MP is almost certain to be a university-educated Europhile who is more comfortable in the leafy enclaves of north London than the party's historic heartlands. As

a result, Labour has become radically out of step with the culture and values of working-class Britain. Drawing on his background as a firefighter and trade unionist from Dagenham, Paul Embery argues that this disconnect has been inevitable since the Left political establishment swallowed a poisonous brew of economic and social liberalism. They have

come to despise traditional working-class values of patriotism, family and faith and instead embraced globalisation, rapid demographic change and a toxic, divisive brand of identity politics. Embery contends that the Left can only revive if it speaks once again to the priorities of working-class people by combining socialist economics with the cultural

politics of belonging, place and community. No one who wants to really understand why our politics has become so dysfunctional and what the Left can do to fix it can afford to miss this authentic, insightful and passionate book.

Tempus Publishing, Limited  
The enormous respect and affection of the British public for Betty Boothroyd has its roots in a

strong belief in what she stands for: fair play, an unshakeable sense of honour and a passionate belief in the sovereignty of Parliament. Her convictions, she has said, are set in 'Yorkshire granite'. Born into a working class family in Dewsbury in 1929, there was little money, but Betty grew up in a home that radiated love and warmth. Betty was popular and a talented dancer who eventually

went on to become one of the celebrated Tiller Girls - the full story of which she tells here for the first time. But by the age of twenty-five, Betty's dreams of taking the West End by storm had crashed - and her father's ambition of seeing her settled with a nice safe job had been abandoned. Undaunted, she won a national speaking award, stood for election to the local council and

became a full-time worker for the Labour Party. Nothing would ever part Betty Boothroyd from politics again. In 1953 Betty began work at the House of Commons for Barbara Castle and Geoffrey de Freitas. She speaks candidly about the devastation of losing two by-elections and the time she spent in America campaigning for JFK. Back in Britain, Betty landed a top job with millionaire Labour

Minister Lord Harry Walston and the Yorkshire girl became part of the inner circle of the socialist elite, which included Hugh Gaitskell and Roy Jenkins. She describes the elation she felt on becoming an MP at last in 1973, the huge debt she owes her mother for her support, and the full story behind her role in the struggle to save the Labour Party from the hard left. Betty Boothroyd's long political

career reached its apogee in 1992 when she was appointed the first woman Speaker of the House of Commons with overwhelming support from both sides of the House. Her term of office coincided with John Major's attempts to defend his slim majority. Detailing many of the true stories behind the headlines, she writes of the sleaze scandals that beset the Major

government, her feelings when Labour won their landslide election in 1997 and her strongly held views on the role of Parliament. Finally, she tells why she decided to retire, her plans for the future and - in retrospect - what she feels about her decision to put public service above marriage.

**The Oxford History of the British Army**

Haus Publishing  
From longbow, pike, and musket to Challenger tanks, from the Napoleonic Wars to the Gulf Campaign,

from the Duke of Marlborough to Field Marshal Montgomery, this stimulating and informative book recounts the history of the British army from its medieval antecedents to the present day. Commanders, campaigns, battles, organization, and weaponry are all covered in detail within the wider context of the social, economic, and political environment

in which armies exist and fight, making this the definitive one-volume history of the British army for specialists and non-specialists alike. Book jacket.

"A female investigator every bit as brainy and battle-hardened as Lisbeth Salander."

—Maureen Corrigan, NPR's Fresh Air, on Maisie Dobbs Maisie

Dobbs got her start as a maid in an aristocratic London household when she was thirteen. Her employer, suffragette Lady Rowan Compton, soon became her patron, taking the remarkably bright youngster under her wing. Lady Rowan's friend, Maurice Blanche, often retained as an investigator by the European elite, recognized Maisie's intuitive gifts

and helped her earn admission to the prestigious Girton College in Cambridge, where Maisie planned to complete her education. The outbreak of war changed everything. Maisie trained as a nurse, then left for France to serve at the Front, where she found—and lost—an important part of herself. Ten years after the Armistice, in the spring of 1929, Maisie sets out on her own as a

private investigator, one who has learned that coincidences are meaningful, and truth elusive. Her very first case involves suspected infidelity but reveals something very different. In the aftermath of the Great War, a former officer has founded a working farm known as The Retreat, that acts as a convalescent refuge for ex-soldiers too shattered to resume normal life.

When Fate brings Maisie a second case involving The Retreat, she must finally confront the ghost that has haunted her for over a decade.

Bloomsbury Publishing  
A reader favorite from the Queen of Regency Romance, The Grand Sophy is an utterly hilarious and completely endearing story of a charming young heroine and the outrageous lengths she

goes to solve everyone else's problems, and the surprises in store for everyone!

When Sir Horace Stanton-Lacy is ordered to South America on diplomatic business, he parks his only daughter, Sophy, with his sister in Berkeley Square.

Forward, bold, and outspoken, Sophy sweeps in and immediately takes the ton by storm.

Upon her arrival, Sophy can see that her cousins are in a sad

tangle: Ceclia is in love with a poet, Charles is engaged to a dour bluestocking, her uncle is of no use at all, and the younger children are in desperate need of some fun and freedom. They all need her help and it's providential that Sophy arrives when she does.

What reviewers are saying about The Grand Sophy: "The Grand Sophy was an exciting, charming read. The

characters grab you and don't let go." —Anna's Book Blog "Fun, engaging and hilarious, I cannot recommend it more highly. Sophy is a devilishly fine girl." —AustenProse "The Grand Sophy is a very entertaining Regency romance with wonderfully eccentric characters and a very humorous plot."—Once Upon a Romance "Georgette Heyer is the Queen of the Regency

Romance. Long may she reign!" —New York Times bestselling author LAUREN WILLIG **The Dream of Rome** Soho Press Marks the centenary of the posting of the first Australian High Commissioner in London, so beginning what is today Australia's oldest diplomatic mission. In 1910, when Sir George Reid was appointed its first High Commissioner in London,

Australia was a self-governing but not yet sovereign state and the Australian Governor-General remained the most important channel of communication between the Australian and United Kingdom governments until the late 1920s. The book traces the history of the office and in doing so illuminates the larger story of Australian-United Kingdom relations in

the twentieth century, the evolution of Australia from British colony to sovereign state and the gradual transition of the United Kingdom from head of an empire to member of the European Union.

**The Windrush Betrayal**

Good Press (Applause Books). Curtain Times is a uniquely comprehensive, uniquely detailed and uniquely contemporaneous history of the New York theater in the

seasons from 1964-65 up to 1987. This is a collection of more than two decades of annual critical surveys (originally published in the Best Plays series of yearbooks) in a single volume. Each of these surveys is a report and criticism of a whole New York theater season: its hits and misses onstage and off, its esthetic innards. Each is a comprehensive overview which takes in

every play, musical, specialty and revival, foreign and domestic, produced on and off Broadway during the theater season. Hardcover. [Joseph Andrews](#) Biteback Publishing In this work, Maurice Keen explores why a host of men were accepted as entitled to coat armour because they were 'gentlemen', not because they were knights or of knightly ancestry.
