Learning English as a Foreign Language For Dummies

Nigeria, the United States' most important strategic partner in West Africa, is in grave trouble. While Nigerians often claim they are masters of dancing on the brink without falling off, the disastrous administration of President Goodluck Jonathan, the radical Islamic insurrection Boko Haram, and escalating violence in the delta and the north may finally provide the impetus that pushes it into the abyss of state failure. In this thoroughly updated edition, John Campbell explores Nigeria's post-colonial history and presents a nuanced explanation of the events and conditions that have carried this complex, dynamic, and very troubled giant to the edge. Central to his analysis are the oil wealth, endemic corruption, and elite competition that have undermined Nigeria's nascent democratic institutions and alienated an increasingly impoverished population. However, state failure is not inevitable, nor is it in the interest of the United States. Campbell provides concrete new policy options that would

not only allow the United States to help Nigeria avoid state failure but also to play a positive role in Nigeria's political, social, and economic development.

Essential English for Foreign Students Cambridge University Press

Thoroughly revised and updated, this new edition contains 185 varied exercises to provide students with extra practice of the grammar studied in the third edition of *Essential Grammar in Use*. This edition, with answers, is ideal for self-study.

Essential English for Foreign Students Study Abroad: A Semester in Spain

David Crystal's classic *English as a Global Language* considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always

backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Essential English for Foreign Students Harmony

This series is designed to meet the English language needs of learners in a range of vocational specialisations.

Past Imperfect Createspace Independent Publishing Platform
Got study abroad on the brain? Curious as to what the experience is all about and how it can benefit your future? Take it from someone who has lived, volunteered and worked in study abroad for years. Not only will you get a first hand look at a student's entire semester abroad, but you'll also get an insiders glance at the step by step process in preparing to make it a reality, as well as how you can use the experience to your benefit once you return home. Along the way you'll pick up over 100 tips dealing with foreign languages, cultures, travel, food, romance, music and the many nuances of a semester overseas. If you're ready, step inside and live out a semester in Valencia, Spain, before ever stepping foot off campus. Get ready for action and adventure, passion and dancing and the mystical energy known to the Spanish, as el Duende. Be warned though, you will study abroad after you finish this book!

2500 Most Used Words and 531 Most Common Verbs Penguin NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable

you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

English as a Global Language National Academies Press

Essential English for Foreign Students Cambridge University Press

Essential Dutch Vocabulary For Learners. This dictionary contains ~95% of all daily spoken Dutch, and ~85% of all daily written Dutch text. The fastest way to acquire a base vocabulary for practical spoken and written Dutch! NEW IN 2ND EDITION:- Added 2.500 Dutch to English example sentences- Added International Phonetic Alphabet entries to help you pronounce Dutch words the right way. According to scientific research*, the 1000 most common words account for 95% of all daily conversational Dutch. The 2.500 most used words account for 85% of all daily written text in NL. The essential Dutch- English Word Frequency Dictionary 2.500 words and verbs give you list of the most useful words to build your Dutch vocabulary fast. These high frequency Dutch words are a great tool for beginners and intermediate students. Learn only the most important and most used words & verbs to quickly gain a practical knowledge of spoken and written Dutch. This Dutch- English dictionary is perfect for beginners and intermediate students of teenage or adult age. It is less suitable for kids and children. The IPA helps you with Dutch pronunciation, by writing a word phonetically. The example sentences, consisting of over 90.000 words, contain practical and useful information. They are designed to get you fluent fast, by using the most common and important words the most. Example sentences also help you discover Dutch idioms and expressions naturally through reading. More fun facts on language learning and vocabulary: * The first 25 words are used in 33% of all daily writing * The top 100 words make up around 50% of all student and adult writings * Top 500 words make up around 70% of all daily written texts. It has been advised to first learn the first 1000 most common words before you start speaking a new language. The facts aforementioned seem to confirm this. That is why we created a list of the most used 2500 Dutch words, and 531 most common verbs. With these words, you are able to cover 85% of the official language in the Netherlands in text, and 95% of all you need in the spoken language. It is therefore a rational move to prioritize learning the words and verbs that you are likely to use and hear the most often. Frequency dictionaries and word lists are a good starting point, and can produce the quickest results. The most common Dutch words & verbs list will give you a good grasp on the official language of the Netherlands in a short amount of time.

The word frequency is based on analysis of Dutch subtitles. Scientific research has shown that subtitles are the best source of a practical, spoken frequency dictionary in any language*. Subtitles correlate to both spoken and written Dutch, respectively 73% and 83%*. The product is unique and the best way to understand and speak Dutch quick, because other frequency dictionaries base themselves on written text. The dictionary is not divided by topics (yet), but it has been divided by part of speech, frequency order and alphabetical order. By studying this dictionary with the 2500 most common words and 531 most common verbs, you will quickly gain a broad understanding and practical knowledge of spoken and written Dutch. *Studies quoted: Nation 1990; Liu Na & Nation, 1985; New, Boris; Brysbaert, Marc; Veronis, Jean; Pallier, Christophe, 2007 Understanding the Basics Univ of California Press This Grammar Guru will solve the world's problems. Or, at least, help you figure out when to use an Oxford comma. - The New York Times Put your English skills to work for you! This book is ideal for intermediate and advanced (CEFR B1-C1) nonnative speakers of English seeking to increase their communication confidence and effectiveness in the workplace. Improve your precision and professionalism so your ideas shine! The book consists of 50 short quizzes which include the most common English errors made by nonnative speakers in professional environments. This fun format allows you to find your own frequent errors and fix them. You will test your skills quickly, daily, and build your language awareness and accuracy in writing and speaking English. Short, clear explanations after each quiz help you improve your knowledge of the grammar rules. Complementing the quizzes are Ellen says boxes with the same practical advice on good communication etiquette and habits that Ellen has been sharing for years with large corporate clients in New York City and beyond. Witty and humorous drawings illustrate confusing language and common misunderstandings. The focus of the exercises is on fixing your grammar and word-choice problems. Examples are pulled from every industry: finance, law, consulting, publishing, real-estate, retail, technology, energy, pharmaceutical, manufacturing, education, advertising, government, insurance, non-profit, and more. Whatever your profession or interest, you will benefit from the exercises contained in this book. If you are just looking to sharpen your

English, this book is for you, too. This India-specific edition includes a special section of the most common English errors made in the Indian workplace and their standard equivalents, as well as a downloadable reference guide of frequently confused and misused words and expressions. You will be learning from a professional writer with two decades of experience teaching executives in a business setting. A language-learner herself who has studied some two dozen languages, Ellen Jovin has written this book to help motivated working adults advance their business English on their own time and at their own pace.

A Remedial English Grammar for Foreign Students Hachette UK Educating dual language learners (DLLs) and English learners (ELs) effectively is a national challenge with consequences both for individuals and for American society. Despite their linguistic, cognitive, and social potential, many ELs—who account for more than 9 percent of enrollment in grades K-12 in U.S. schools—are struggling to meet the requirements for academic success, and their prospects for success in postsecondary education and in the workforce are jeopardized as a result. Promoting the Educational Success of Children and Youth Learning English: Promising Futures examines how evidence based on research relevant to the development of DLLs/ELs from birth to age 21 can inform education and health policies and related practices that can result in better educational outcomes. This report makes recommendations for policy, practice, and research and data collection focused on addressing the challenges in caring for and educating DLLs/ELs from birth to grade 12.

Book Two John Wiley & Sons

This workbook is for beginning ESOL students. The language structures were designed for immediate use in authentic, everyday situations. The lessons, activities, and worksheets build on each other and get more difficult in tiny, incremental steps. This book targets speaking and basic writing.

A Book Written IN Globish Createspace Independent Publishing Platform

The uniquely prominent role of French intellectuals in European cultural and political life following World War II is the focus of Tony Judt's newest book. He analyzes this intellectual community's most divisive conflicts: how to respond to the promise and the betrayal of Communism and how to sustain a commitment to radical ideals when confronting the hypocrisy in

Stalin's Soviet Union, in the new Eastern European Communist states, and in France itself. Judt shows why this was an all-consuming moral dilemma to a generation of French men and women, how their responses were conditioned by war and occupation, and how post-war political choices have come to sit uneasily on the conscience of later generations of French intellectuals. Judt's analysis extends beyond the writings of fashionable "Existentialist" personalities such as Jean-Paul Sartre, Albert Camus, and Simone de Beauvoir to include a wide intellectual community of Catholic philosophers, non-aligned journalists, literary critics and poets, Communist and non-Communist alike. Judt treats the intellectual dilemmas of the postwar years as an unfinished history. French intellectuals have not fully come to terms with the gnawing sense of what Judt calls the "moral irresponsibility" of those years. The result, he suggests, is a legacy of bad faith and confusion that has damaged France's cultural standing, notably in newly liberated Eastern Europe, and which reflects the nation's larger difficulty in confronting its own ambivalent past.

A Progressive Course for Foreign Students PublicAffairs

Joseph Nye coined the term "soft power" in the late 1980s. It is now used frequently—and often incorrectly—by political leaders, editorial writers, and academics around the world. So what is soft power? Soft power lies in the ability to attract and persuade. Whereas hard power—the ability to coerce—grows out of a country's military or economic might, soft power arises from the attractiveness of a country's culture, political ideals, and policies. Hard power remains crucial in a world of states trying to guard their independence and of non-state groups willing to turn to violence. It forms the core of the Bush administration's new national security strategy. But according to Nye, the neo-conservatives who advise the president are making a major miscalculation: They focus too heavily on using America's military power to force other nations to do our will, and they pay too little heed to our soft power. It is soft power that will help prevent terrorists from recruiting supporters from among the moderate majority. And it is soft power that will help us deal with critical global issues that require multilateral cooperation among states. That is why it is so essential that America better understands and applies our soft power. This book is our guide.

Teacher's Book

PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. This essential guide to English will ensure you're speaking the same language in no time. Get started with the ultimate self-study course that is easy to use and quick to learn. 4000 Essential English Words

"I must congratulate you on GLOBISH THE WORLD OVER. It's a pioneering text of great importance, full of enthralling insights for native and non-native English users alike." -- Robert McCrum, author, *The Story of English* and Literary Editor, *London Observer*. Globish, as a concept, takes to task the world hegemony of arrogant English-speakers. Hence the landmark book *Don't Speak English - Parlez Globish* became a best-seller in French, and other languages, but it never appeared in English. GLOBISH THE WORLD OVER is the first book written in Globish-English. Non-native English speakers from non-Anglophone countries use English better between themselves than with any native English speaker. Globish codifies their very efficient "similar limitations."

The word Globish may strike English-speakers as an "odd" way to rename their English. However billions of speakers in Brazil, Russia, India and China will be the new "owners" of what the world is now calling Globish. The implications are far-reaching. GLOBISH THE WORLD OVER discusses this phenomenon, and

demonstrates that Globish - as a deliberate and sufficient subset of English for international communication - is limited more by a person's communication ability than by mere words.

Promising Futures

Imagine a class of disenchanted, turned-off teens, mostly males. Then imagine those same students feeling poorly about

themselves - feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine. *Dutch English Frequency Dictionary - Essential Vocabulary*
