ASHLEY SULLIVAN

Take Me to a Circus Tent (the Jefferson Airplane Flight Manual)

Grand Central Publishing
NEW YORK TIMES BESTSELLER • “A
fascinating account of a double tragedy:
one physical, the other

psychological.”—Truman Capote This is the frighteningly true story of two young cops and two young robbers whose separate destinies fatally cross one March night in a bizarre execution in a deserted Los Angeles field. “A complex story of tragic proportions . . . more ambitious than *In Cold Blood* and equally compelling!”—The New York Times “Once the action begins it is difficult to put the book down. . . . Wambaugh’s

compelling account of this true story is destined for the bestseller lists.”—Library Journal

Military Review AuthorHouse
ANGLICO: "Super Grunts" of 1st ANGLICO were deployed to all four tactical zones of Vietnam in small mobile fire control teams, providing support to U.S. Army and allied elements. This organization was the last tactical unit to stand down from the war and gained distinction as the only Marines in-country reporting directly to MACV. Working closely with Korean Marines, recounting several actions involving these legendary warriors from the Land of the Morning Calm, this little known but highly effective unit had an impact on the war far greater than their small numbers. Field radio operators and naval gunfire

spotters composed the tactical membership of this unit. Both professions were cross trained in each competence, and each in turn was further qualified as tactical air controllers. An airborne capable platoon was established, mandating many ANGLICOs attend jump school and undertake other specialty training in the event they are called on to enter combat by unconventional means. Not being able to predict who they may be called on to support, training was pushed to the level of the most elite forces in the free world. BLUE DRAGONS: Most men of the Blue Dragon Brigade came of age during a war that raged fierce on their own homeland little more than a decade earlier. During a short lived occupation by North Korea, the people of the south

endured extremely harsh treatment by would be conquerors. Events of recent history still burned in their hearts and haunted their dreams. They were mostly all children at the time leaving scarcely a man untouched by personal tragedy that could only be forged in a crucible of terror. Many were orphaned and all shared a thirst to settle a score that only those who drink deep from the same cup of dread can truly understand.

Steel and Blood Delta

The hit television show that helped revolutionize emergency medical care in the streets is still a favorite with fans all over the world. When the show premiered in 1972 fire department paramedic services were being piloted in just a handful of cities. By 1977 over 50% of the US population was within 10

minutes of a paramedic unit. The paramedics of Fire Station 51 showed viewers critical techniques such as CPR that saved lives both on screen and off. Emergency! Behind the Scene contains real life tales from the production crew - from medical and fire technical advisors, cast members and writer, to paramedics and fire fighters. Learn more about Johnny Gage, Roy DeSoto, Dixie McCall and the rest of the Station 51 Rampart General Hospital staff. If you are a fire fighter, paramedic or simply a fan you will enjoy this in depth look behind the scenes.

The Onion Field Lulu.com

In 1964, Title VII of the Civil Rights Act outlawed workplace sex discrimination, but its practical meaning was uncertain. Equality on Trial examines how a

generation of workers and feminists fought to infuse the law with broad notions of sex equality, reshaping workplaces, activist channels, state agencies, and courts along the way.

Trial by Fire UPNE

American politics changed forever in January 1973. In the span of 31 days, the Watergate burglars went on trial, the Nixon administration negotiated an end to the Vietnam War, the Supreme Court issued its Roe v. Wade decision, Lyndon Johnson died in Texas (and Harry Truman had just died), and Richard Nixon began his second term. The events had unlikely links and each worked along with the others to create a time of immense transformation. Roe in particular pushed political opponents to the outer reaches of each party, making

compromise something that has become more and more difficult. Using newly released Nixon tapes, author and historian James Robenalt provides readers a fly-on-the-Oval-Office-wall look at what happened in the White House, events both fascinating and terrifying, during this monumental month. He also delves into the judge's chambers and courtroom drama during the Watergate break-in trial, and the inner sanctum of the US Supreme Court as it hashed out its decision in Roe v. Wade. A foreword by John W. Dean sets the stage for this unique, insider history. Though the events took place more than forty years ago, they're key to understanding today's political paralysis. James Robenalt is a trial lawyer and the author of *The Harding Affair* and *Linking Rings*.

He, along with lecture partner John W. Dean, are sought-after speakers on the Watergate scandal. John W. Dean was White House Counsel under Richard Nixon, and is a bestselling author, most recently of The Nixon Defense.

Airborne Infrared Forest Fire Surveillance McFarland

The Trial and Death of Socrates includes the four Platonic dialogues Euthyphro, Apology, Crito and Phaedo.

The Fire People Modern War Studies (Hardcover)

JOHN W. MAUCK provides an exciting new way of understanding the Book of Acts. With great skill and powerful arguments, the author contends that Acts was written primarily to defend Paul for his forthcoming trial in Rome. After reading Mauck's volume, the read we

will not only gain a fuller understanding of Acts, but also obtain rock-solid arguments for defending Christianity and understanding its Jewish roots. What's Inside: A fresh study of Acts as a legal "brief" Insights gained from understanding of Roman law Numerous Charts that outline Luke's "argument" Recorded speeches viewed as "witness testimony" A section-by-section review of all of Acts A powerful apologetic defending the claims of Christianity Endorsements: "The book is a terrific addition to any lawyer's library. It makes the Book of Acts come alive with new and useful insights." -- Samuel B. Casey, Executive Director, Christian Legal Society "It makes a constructive, fresh, and fascinating contribution to the understanding of Acts." -- Dr. Donald

reviews on topics in military history.

Trial by Fire Farrar, Straus and Giroux
Kim Pring of Cheyenne, a national baton-
twirling champion, was a contestant in
the 1979 Miss America pageant. Shortly
thereafter, a story appeared in
Penthouse magazine about a fictional
baton-twirling Miss Wyoming who
excelled at fellatio. Pring hired Spence, a
well-known trial lawyer and author of
Gunning for Justice, etc., to undertake a
libel suit against the magazine. This
book is the story of that trial and its
subsequent appeals. Citing parallels
throughout, going back to the 1487

Malleus Malificarum on the punishment
of witches, Spence argues that women
are still treated as sexually menacing
repositories of evil and that society
enjoys their victimization. Serious
questions are raised by the Pring case,
including what constitutes a public figure
and whether fiction can be libelous.

America's Last Vietnam Battle

Arcadia Publishing

A firsthand account of a desperate battle fought during Hanoi's 1972 Easter Offensive.

Quarterly Review of Military Literature
Penguin

In the spring of 1972, North Vietnam invaded South Vietnam in what became known as the Easter Offensive. Almost all of the American forces had already withdrawn from Vietnam except for a small group of American advisers to the

South Vietnamese armed forces. The 23rd ARVN Infantry Division and its American advisers were sent to defend the provincial capital of Kontum in the Central Highlands. They were surrounded and attacked by three enemy divisions with heavy artillery and tanks but, with the help of air power, managed to successfully defend Kontum and prevent South Vietnam from being cut in half and defeated. Although much has been written about the Vietnam War, little of it addresses either the Easter Offensive or the Battle of Kontum. In *Kontum: The Battle to Save South Vietnam*, Thomas P. McKenna fills this gap, offering the only in-depth account available of this violent engagement. McKenna, a U.S. infantry lieutenant colonel assigned as a military adviser to

the 23rd Division, participated in the battle of Kontum and combines his personal experiences with years of interviews and research from primary sources to describe the events leading up to the invasion and the battle itself. Kontum sheds new light on the actions of U.S. advisers in combat during the Vietnam War. McKenna's book is not only an essential historical resource for America's most controversial war but a personal story of valor and survival.

Ordeal by Trial Thomas Nelson

Set in the ironmaking town of Merthyr Tydfil, *The Fire People* is the story of Dic Penderyn who in 1831 became the first Welsh Martyr of the working class. Hanged for a crime that he did not commit, his story is told in this powerful novel which describes the events which

took place during the famous Merthyr Tydfil riots of 1831.

Monthly Catalog of United States Government Publications Jones & Bartlett Learning

When South Vietnam was abandoned by its American allies and consequently defeated by the North Vietnamese in 1975, all its military records were lost to the enemy. This has led to a paucity of factually based analyses of the war by South Vietnamese authors. In a project lasting some ten years, and financed by his own hard-earned resources, Colonel Viet has researched, documented, and analyzed the Vietnam War from the perspective of South Vietnamese armor forces, elements in which he himself played an important role as leader, teacher, and innovator. His travels to

interview hundreds of people with first-hand knowledge of these matters took him back and forth across the United States (and to Canada, France and Australia) and enabled him to piece together the story as recalled by virtually every senior South Vietnamese who was involved, along with many of lesser rank but important experience, and many Americans as well. The result is a unique and invaluable work, one recounting from the early days of the Army of the Republic of Vietnam its organization and development, its combat operations, and its interaction with American advisors and then later with deployed American units. Viet tells this story as an historian would, not glossing over the shortcomings and failures of his fellow Vietnamese soldiers

(or of the Americans), but also providing definitive accounts of their successes, their innovations, their courage and determination, and the hardships experienced and survived in the course of a long, difficult, and ultimately unsuccessful struggle. In Colonel Viet's words: "In order to give the truth back to history, we did not hide anything, whether it be victory or defeat." Finally, in a very touching portion of the work, Colonel Viet memorializes his fallen comrades of the armored force and commemorates the service of all the American advisors to the armored force he was able to identify.

Emergency! Bloomsbury Publishing
With Wicked Carlisle, author Joe Cress revisits the criminal history of Cumberland County. Taking a more

focused and less bloody approach, Cress will largely bring new stories of mischief to the table, though he will revisit the lighter side of two or three crimes from Murder and Mayhem in Cumberland County. From stories of college pranks gone wrong, Carlisle's own Robin Hood and the robbing and subsequent torching of a beloved local theater (the Strand where the local HS now sits) to abuses at the Carlisle Indian School and the town's connection to the raid on Harper's Ferry, Cress scours the underbelly of the borough for mischief and misdeeds.

Monthly Catalog of United States Government Publications, Cumulative Index Macmillan

From going AWOL to collaborating with communists, assaulting fellow

servicemen to marrying without permission, military crime during the Cold War offers a telling glimpse into a military undergoing a demographic and legal transformation. The post-World War II American military, newly permanent, populated by draftees as well as volunteers, and asked to fight communism around the world, was also the subject of a major criminal justice reform. By examining the Cold War court-martial, *Defending America* opens a new window on conflicts that divided America at the time, such as the competing demands of work and family and the tension between individual rights and social conformity. Using military justice records, Elizabeth Lutes Hillman demonstrates the criminal consequences of the military's violent

mission, ideological goals, fear of homosexuality, and attitude toward racial, gender, and class difference. The records also show that only the most inept, unfortunate, and impolitic of misbehaving service members were likely to be prosecuted. Young, poor, low-ranking, and nonwhite servicemen bore a disproportionate burden in the military's enforcement of crime, and gay men and lesbians paid the price for the armed forces' official hostility toward homosexuality. While the U.S. military fought to defend the Constitution, the Cold War court-martial punished those who wavered from accepted political convictions, sexual behavior, and social conventions, threatening the very rights of due process and free expression the Constitution promised.

Professional Journal of the United States Army Chicago Review Press

A #1 New York Times Bestseller! "Funny, insightful, illuminating . . ." —The Boston Globe Twelve years ago, *Midnight in the Garden of Good and Evil* exploded into a monumental success, residing a record-breaking four years on the New York Times bestseller list (longer than any work of fiction or nonfiction had before) and turning John Berendt into a household name. *The City of Falling Angels* is Berendt's first book since *Midnight*, and it immediately reminds one what all the fuss was about. Turning to the magic, mystery, and decadence of Venice, Berendt gradually reveals the truth behind a sensational fire that in 1996 destroyed the historic Fenice opera house. Encountering a rich cast of

characters, Berendt tells a tale full of atmosphere and surprise as the stories build, one after the other, ultimately coming together to portray a world as finely drawn as a still-life painting.

Lightning from the Sky, Thunder

from the Sea Hodder & Stoughton
The perfect companion to Generation One and the #1 New York Times bestselling I Am Number Four series! Fan-favorite characters Six and Sam Goode return in this new saga, which is X-Files meets the X-Men. In the aftermath of a thwarted alien invasion, teenagers across the globe have begun to develop incredible powers known as Legacies. While most are sent to the Human Garde Academy, countless others slip through the cracks—either by choice or by force. Desperately wanting

to help these lost teens, Six and Sam have joined a covert group tasked with investigating suspicious incidents that might be Legacy-related. The Legacy Chronicles companion series follows them on this mission, and this book collects the first three novellas.

Originally published as digital originals, they are now together in one print volume for the first time ever. In Legacy Chronicles #1: Out of the Ashes, Six and Sam's first mission has them looking into a string of disappearances—but as they dig deeper, they stumble upon a treacherous Human Garde underworld. In Legacy Chronicles #2: Into the Fire, Six, Sam, and their young allies infiltrate a new foe who is using powered teens for a deadly game. In Legacy Chronicles #3: Up in Smoke, the couple is faced

with dual threats after they've been split apart—and more than one life will hang in the balance.
