Lesson 21 from The 21 Irrefutable Laws of Leadership MIT Press
There's no mistaking what a great leader does. The real challenge is to know how it's done. Understanding the nuances of putting leadership into action has long been the specialty of Michael Feiner, the former chief people officer at Pepsi-Cola and current management professor at Columbia Graduate School of Business. Now, in this hands-on, plain-speaking, practical guide, Feiner shares his hard-won expertise and gives you detailed solutions to the everyday problems of leadership. "The Feiner Points of Leadership" offers fifty insightful laws covering everything from managing tough bosses and difficult subordinates, to dealing with uncooperative colleagues, to overcoming resistance to corporate change. Based on Feiner's experiences as an aspiring executive, senior leader, and management consultant, "The Feiner Points" shows you that leadership has little to do with grand strategies or personal charisma.

Lesson 12 from The 21 Irrefutable Laws of Leadership

Ries and Trout share their rules for certain successes in the world of marketing. Combining a wide-ranging historical overview with a keen eye for the future, the authors bring to light 22 superlative tools and innovative techniques for the international marketplace.

Lesson 15 from The 21 Irrefutable Laws of Leadership

Thomas Nelson
Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle—The Proximity Principle—can change everything you thought you knew about pursuing a career you love. In his latest book, *The Proximity Principle*, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set

you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading *The Proximity Principle*, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come—and you'll be prepared to take them.

Law of Connection Center Street

Jack Welch took a company that was already flying high and rocketed it into the stratosphere. What did he use as the launching pad? *The Law of Priorities*, of course.

150 Essential Insights on Leadership Thomas Nelson

How did a man in a developing country take his organization from 700 people to more than 14,000 in only seven years? He did it using leader's math. That's the secret of the *Law of Explosive Growth*.

Ask a Manager Charisma Media

In this inspiring guide to successful leadership, New York Times bestselling author John C. Maxwell shares his tried and true principles for maximum personal growth. Are there tried and true principles that are always certain to help a person grow? John Maxwell says the answer is yes. He has been passionate about personal development for over fifty years, and for the first time, he teaches everything he has gleaned about what it takes to reach our potential. In the way that only he can communicate, John teaches . . . *The Law of the Mirror: You Must See Value in Yourself to Add Value to Yourself* *The Law of Awareness: You Must Know Yourself to Grow Yourself* *The Law of Modeling: It's Hard to Improve When You Have No One But Yourself to Follow* *The Law of the Rubber Band: Growth Stops When You Lose the Tension* *Between Where You are and Where You Could Be* *The Law of Contribution: Developing Yourself Enables You to Develop Others* This third book in John Maxwell's Laws series (following the 2-million seller *The 21 Irrefutable Laws of Leadership* and *The 17 Indisputable Laws of Teamwork*) will help you become a lifelong learner whose potential keeps increasing and never gets "used up."

The Law of Buy-In American Psychiatric Pub

This expanded and updated edition of one of the most trusted and referenced leadership books of all time features new insights and revised content that is fundamental for any leader. Internationally recognized leadership expert, speaker, and author John C. Maxwell has taken this million-seller and made it even better: Every Law of Leadership has been sharpened and updated. Seventeen new leadership stories are included. Two new Laws of Leadership are introduced. New evaluation tool will reveal your leadership strengths—and weaknesses. New application exercises in every chapter will help you grow. Why would Dr. Maxwell make changes to his best-selling book? "A book is a conversation between the author and reader," says Maxwell. "It's been ten years since I wrote *The 21 Laws of Leadership*. I've grown a lot since then. I've taught these laws in dozens of countries around the world. This new edition gives me the opportunity to share what I've learned."

The 21 Irrefutable Laws of Leadership Tested By Time The 21 Irrefutable Laws of Leadership Follow Them and People Will Follow You

Using a fail-safe compass, Scott led his team of adventurers to the end of the earth and to inglorious deaths. They would have lived if only he, their leader, had known the *Law of Navigation*.

Follow Them and People Will Follow You Thomas Nelson
Ten laws of simplicity for business, technology, and design that teach us how to need less but get more. Finally, we are learning that simplicity equals sanity. We're rebelling against technology that's too complicated, DVD players with too many menus, and software accompanied by 75-megabyte "read me" manuals. The iPod's clean gadgetry has made simplicity hip. But sometimes we find ourselves caught up in the simplicity paradox: we want something that's simple and easy to use, but also does all the complex things we might ever want it to do. In *The Laws of Simplicity*, John Maeda offers ten laws for balancing simplicity and complexity in business, technology, and design—guidelines for needing less and actually getting more. Maeda—a professor in MIT's Media Lab and a world-renowned graphic designer—explores the question of how we can redefine the notion of "improved" so that it doesn't always mean something

more, something added on. Maeda's first law of simplicity is "Reduce." It's not necessarily beneficial to add technology features just because we can. And the features that we do have must be organized (Law 2) in a sensible hierarchy so users aren't distracted by features and functions they don't need. But simplicity is not less just for the sake of less. Skip ahead to Law 9: "Failure: Accept the fact that some things can never be made simple." Maeda's concise guide to simplicity in the digital age shows us how this idea can be a cornerstone of organizations and their products—how it can drive both business and technology. We can learn to simplify without sacrificing comfort and meaning, and we can achieve the balance described in Law 10. This law, which Maeda calls "The One," tells us: "Simplicity is about subtracting the obvious, and adding the meaningful."

The Law of the Picture Thomas Nelson

Elizabeth Dole has mastered it. If husband Bob had done the same, he might have become the forty-third president of the United States. It's called the Law of Connection.

The Little Black Book of Success Harvest House Publishers

A #1 New York Times bestselling author and leadership expert answers questions from his readers about what it takes to be in charge and make a difference. John Maxwell, America's #1 leadership authority, has mastered the art of asking questions, using them to learn and grow, connect with people, challenge himself, improve his team, and develop better ideas. Questions have literally changed Maxwell's life. In GOOD LEADERS ASK GREAT QUESTIONS, he shows how they can change yours, teaching why questions are so important, what questions you should ask yourself as a leader, and what questions you should be asking your team. Maxwell also opened the floodgates and invited people from around the world to ask him any leadership question. He answers seventy of them--the best of the best--including . . . What are the top skills required to lead people through difficult times? How do I get started in leadership? How do I motivate an unmotivated person? How can I succeed working under poor leadership? When is the right time for a successful leader to move on to a new position? How do you move people into your inner circle? No matter whether you are a seasoned leader at the top of your game or a newcomer wanting to take the first steps into leadership, this book will change the way you look at questions and improve your leadership life.

Lesson 13 from The 21 Irrefutable Laws of Leadership

Thomas Nelson

What saved England from the Blitz, broke apartheid's back in South Africa, and won the Chicago Bulls multiple world championships? In all three cases the answer is the same. Their leaders lived by the Law of Victory.

The Law of Addition Currency

What kind of a Fortune 500 CEO works on a folding table, answers his own phone, visits hourly employees as often as possible, and is criticized by Wall Street for being too good to his employees?

The kind of leader who understands the Law of Addition.

The Law of Intuition Thomas Nelson

"Everything I Know About Leadership I Learned From the Bible."

When bestselling author John C. Maxwell first began teaching leadership to people in the church, they were often surprised. He was clearly young and inexperienced, yet the ideas he conveyed seemed to go beyond what he should know. Later, when he started speaking to a more general audience, people asked, "Where did you learn all this?" John was happy to let them in on his secret: everything he knew about leadership he learned from the Bible. Not only is the Bible the greatest book ever written, but it is the greatest leadership book ever written. Everything you could ever want to learn about leadership—vision, purpose, strategy, communication, attitude, encouragement, mentoring, follow-through—can be found in the pages of God's Word. In this twenty-one lesson study, John guides you through the same bedrock Scriptures that have formed the basis of his life's work. Each lesson includes: The Definition of the Law: a brief description and introduction to the Law Case Studies: Three Biblical Studies—including leaders such as Moses, Joshua, David, Elijah, Esther, Mary, Paul, and Jesus—that reveal and illustrate the Law Study Questions: reflection and application questions to help you dig into the stories of the men and women in Scripture and learn from them Leadership Insight and Reflection: questions to help you assess and improve your own leadership skills Taking Action: practical takeaways and direction to help you incorporate each lesson into your daily life Group Discussion Questions: questions to help you learn and process the Bible study material with other like-minded people who want to grow in leadership Leadership is for everyone, because every person who accepts Christ is called to influence others. So learn from the best leaders who ever

lived—the men and women in the Bible.

Lesson 17 from The 21 Irrefutable Laws of Leadership Thomas Nelson

From Renowned Religious Leader and Host of The 700 Club, Pat Robertson. Know not just how the world works, but how it's supposed to work. This book will teach you ten overriding laws given by Jesus that will help you achieve your goals and bring about economic success for your family. Pat Robertson brings you a real-world guidebook that can revolutionize your life. Ten Laws for Success uncovers ten overriding laws given by Jesus Christ that are as powerful and constant as the law of gravity. These ten laws can help you: Lead a successful, prosperous, and meaningful life Bring to your family blessing and economic success Build unity to achieve your goals Discover winning principles of leadership and personal growth Grow in perseverance and reap its rewards Find healing, financial blessing, and marital bliss "I have learned that when Jesus Christ makes a clear statement that is not limited to time, place, or recipient, that statement becomes a fundamental law that is as powerful as a law of nature itself." —Pat Robertson

Keys to Win in Work, Family, and Finance HarperCollins Leadership

Easy Company withstood the German Advance at the Battle of the Bulge and dashed Hitler's last hope for stopping the Allies' advance. They were able to do it because their leaders embraced the Law of the Picture.

The Proximity Principle Thomas Nelson

If only Robert McNamara had known the Law of Solid Ground, the War in Vietnam, and everything that happened at home because of it, might have turned out differently.

The 10 Laws of Enduring Success AMACOM

Why are the Dallas Cowboys, once revered as "America's Team," now so often reviled and the subject of controversy? The Law of Magnetism makes it clear.

Lesson 19 from The 21 Irrefutable Laws of Leadership

HarperChristian Resources

Because of trust in leadership, in each other, and in the mission, a tiny company like John Deere grew into a worldwide leader. On the opposite spectrum, a lack of trust is what eventually sank the seemingly unsinkable corporation of Enron. A culture of trust for all companies large and small is invaluable. Trust turns deflection

into transparency, suspicion into empowerment, and conflict into creativity. And what many have learned unfortunately is that no enterprise is too large or too successful to withstand a lack of trust within its walls. In *The 10 Laws of Trust*, JetBlue chairman and Stanford Graduate School of Business professor Joel Peterson explores how a culture of trust gives companies an edge. Consider this: What does it feel like to work for a firm where leaders and colleagues trust one another? Peterson has found that, when freed from micromanagement and rivalry, every

employee contributes his or her best. Risk taking and innovation become the norm. In clear, engaging prose, highlighted by compelling examples, Peterson details how to establish and maintain a culture of trust, including: • Start with integrity • Invest in respect • Empower everyone • Require accountability • Keep everyone informed • And much more! As Peterson notes, "When a company has a reputation for fair dealing, its costs drop: Trust cuts the time spent second-guessing and lawyering." With this indispensable resource for businesses large and small, you will

learn how to plant the seeds of trust throughout your organization--and reap the rewards of reputation, profits, and success!

[The 50 Basic Laws That Will Make People Want to Perform Better for You](#) Thomas Nelson

He was one of the nation's most vocal critics on government interference in business. So why did Lee Iacocca go before Congress with his hat in his hand for loan guarantees? He did it because he understood the Law of Sacrifice.
