Theological correctness has made speaking in tongues controversial, and it confuses everyone within Christendom. Many doubts which surrendering it are creating fear instead of faith for its authenticity, meanwhile Jesus promised every believer as one of the signs to follow us. Speaking in tongues is not the Holy Spirit, but it is the evidence indicating that the Holy Spirit has come upon you. It happened on the day of Pentecost, when one hundred and twenty believers gathered together in Jerusalem. The Holy Spirit came upon all of them, and they began to speak in tongues as evidence to confirm Jesus's prophecy. Peter couldn't ignore its reality but confirmed that the Holy Spirit had come upon the Gentiles just as they received, when he heard the household of Cornelius speaking in tongues. In Ephesus, Paul also believed the fact that the Holy Spirit had come upon all the twelve converts by laying his hands on them, because they spoke in tongues. Now we contemporary Christians cannot overlook this evidence. Instead, we must continue until we pass to the next generation. Because the truth has to be told.

In this publication, Apostle Frequency Revelator contends that the gift of tongues is one of the most powerful gifts bequeathed upon a New Testament believer. Tongues are not we speaking but the Spirit speaking using our voice. The words come from the Holy Spirit and it says here, he who speaks in tongues speaks in mystery. If you will know the value of speaking in tongues, you will speak all the time. If we realize how much wisdom flows when our mouth speaks in tongues, we will never again neglect speaking in tongues. But we have to move deeper, as we say there are different qualities of speaking in tongues and different levels; we have to move into the level where the interpretation starts flowing. In this publication, Apostle Frequency Revelator expounds revelations of what tongues are, the types of tongues, various categories of tongues as well as the impact of praying in tongues. He reveals that speaking in tongues consistently builds your faith and edifies you. It is an effective means of spiritual communication with the Lord and allows you to communicate at the highest level with God; it transcends the natural mind or intellect. It is communication that is beyond the throes and frailties of the earth realm. Speaking in tongues prepares a fertile ground for your inward man to show up as it refreshes your spirit. It is an evidence of being filled with the Holy Ghost. It activates the power of the Holy Ghost in you and grants you the ability to command angels to perform certain ministerial tasks. Therefore, the reading of this book will enlighten you on the power of speaking in tongues so that you can tap into that realm. If you could only dedicate a minimum of just one hour a day to pray in tongues, you will experience torrents of breakthroughs in every area of your life, to the glory of God!

The Taboo of Speaking in Tongues Destiny Image Publishers

The Biblical gift of speaking in tongues is the supernatural gift from God of speaking in a known foreign language to unbelievers without any previous knowledge or training in that language. And what is spoken in that foreign language is the Gospel of Jesus Christ. The main purpose is in order that Christ and Him crucified

would be preached to all nations in a language that the hearer would understand. Yet today, many wolves in sheep clothing have perverted what the true gift of speaking in tongues really is, and have replaced it with all sorts of false doctrines. This Bible study teaches verse by verse on this topic, teaching what the Bible says as compared to what the heretics of today have to say, who are deceiving Christians by telling them to pray in ecstatic utterance that was once only associated with demonic possession. And as you will see, a very dangerous doctrine is being spewed from the tongues of these false prophets.

The Challenge We are going to present (and prove) a number of concepts in this study that are new and even revolutionary to the student of speaking in new tongues. Among these concepts are:

- All men have (passively) spoken in tongues from birth, even before they spoke in their native tongue. This includes non-Christians.
- Speaking in tongues is a natural and normal thing to do.
- People were (actively) speaking in tongues hundreds of years before Christ was born.
- New tongues are not real languages and cannot be understood by any man. They can be understood by God because of His power.
- The believers in Acts Chapter Two were not speaking in new tongues.
- Jesus spoke in new tongues.
- By speaking in new tongues one can commune with God, heal the sick, and raise the dead.
- You can learn to (actively) speak in new tongues, and do it at will.
- Speaking in new tongues is for all intents and purposes gibberish. It is gibberish that only God (by His supernatural power) can understand.
- A spiritual thing is not necessarily a supernatural thing.
- Speaking in new tongues is a "merely spiritual" manifestation as opposed to a supernatural manifestation.
- Speaking in new tongues is not "diversities of tongues".
- "Diversities of tongues" is both a spiritual manifestation and a supernatural manifestation.
- Speaking in tongues is a co-operative effort between the spirit and the soul.

Numbers. It is estimated that:

- Denominations that promote speaking in tongues add 20 million converts to their pews each year.
- 100 million Catholics identify with the Charismatic movement and speaking tongues.
- If these statistics are true and continue. By 2025 there could be over 1.14 billion believers who practice speaking in tongues.

Glossolalia (paranormal speaking in tongues) and xenolalia (paranormal speaking in allegedly foreign languages) are features of many sub-cultures and religions. The most obvious example is Pentecostalism, where every believer in many denominations is expected to speak in tongues at least once –

the gift in other cultures being limited to individuals, shamans and mediums. This book, first published in 1978, surveys the practice of 'speaking in tongues' in anthropology, Christianity and spiritualism, and provides an analysis of the psychological, theological and linguistic considerations of the phenomenon.

Almost 40 years ago John and Elizabeth Sherill introduced the world to the phenomenon of 'speaking in tongues' in their book, *They Speak with Other Tongues*. The book was an immediate success as thousands were touched by the power of this spiritual gift. The *Hidden Power of Speaking in Tongues* again explores this spiritual experience powerfully prevalent in the early church.
