Advance vocabulary for students in grades 4-5 using Vocabulary: Daily Skill Builders. This 96-page book features two short, reproducible activities per page and includes enough lessons for an entire school year. It covers topics such as defining, relating, classifying, writing, expressing opinions, and applying vocabulary words. Frequent reviews

provide practice in a standardized test format, the activities align with state standards, and the book includes a matrix for selected states.

How long does it take to get into outer space? About nine minutes! Powerful

vehicles carry people beyond Earth's atmosphere in a short time. But astronauts train for years before they go on missions. In this book, you'll learn about what it's like to be an astronaut in space! As part of the Searchlight Books™ collection, this series explores outer space and sheds light on the question What's Amazing about Space? Fantastic photos, kid-friendly explanations of science concepts, and useful diagrams will help you discover the answers!

Over the years the earth has moved many times under San Francisco. But it has been thirty-eight years since the last strong earthquake. People have forgotten how bad it can be. But soon they will remember. Based on actual events of the 1906 San Francisco earthquake and told from the alternating perspectives of two young friends, the earth dragon awakes chronicles the thrilling story of the destruction of a city, and the heroes that emerge in its wake.
