one). The earlier learners are exposed to English, the more proficient they will become. Included in this book are strategies for introducing English into the classroom, techniques for teaching English alongside learners' home language, teaching resources for classroom use, and ideas for planning lessons.

Fiela's Child Bucknell University Press Billy is one of four teens chosen as the finalists in a competition to spend a long weekend in the Kruger Park. But on their first night in the bushveld, they run into a group of rhino poachers and land in grave danger. Who is the mysterious boy, and the anonymous "Hornblower"? Will they help the four friends expose the villains and save the rhino?

 Lady Anne: A Chronicle in Verse by Antjie Krog is

the first English translation of an award winning book published in Afrikaans in 1989. It engages critically and creatively with a key moment of colonial history—the time Lady Anne Barnard spent at the Cape of Good Hope, from 1797 to 1802. Usually mentioned merely as a witty hostess of fabulous parties, Anne Lindsay Barnard, the daughter of a Scottish Earl and the wife of a colonial

administrator, was an independent thinker and a painter and writer of genius. She left diaries, correspondence and watercolors documenting her experiences in this exotic land, the contact zone of colonizers and indigenous peoples. Antjie Krog acts as bard and chronicles an epic about this remarkable heroine's life in South Africa, and intertwines it with life two hundred years

later in the same country but now in the throes of anti-apartheid anger and vicious states of emergency. Krog's powerful and eloquent bringing together of the past and the present, and the historical and the poetic embodies an experience that is as pertinent and compelling today in a democratic but still turbulent South Africa, as it is in the USA and other places where the

intersections of race, identity, power, and language lie at the center of civic life. *Finders Keepers* Theatre Communications Group High schools are jungles. And there are rules for surviving. All teenagers need to know these rules. They're pretty simple: never let your mom drive you to school in her dressing-gown. Never let her comment on your Facebook page. Never let her choose

your clothes. Especially not your underwear. Common sense, right? Thirteen-year-old Ben Smith, flying under the radar at St David's, a rugby-worshipping school, knew all the rules. His mom knew them, too. That's why he trusted her to be cool. But then Ben broke the most important rule of all: never tell your mom stuff. First, he spilled the beans, then she did. And all hell broke loose. Ben

wasn't Ben, Benno, Ben-dude anymore. He was the rat, the weasel, the sneak. He was Snitch. Snitch is the award-winning book of the 2017 M.E.R Prize for the best English or Afrikaans youth novel. *Dutch: A Comprehensive Grammar* Cape Town : A. A. Set in South Africa, *MindF**k* is a powerful, disturbing, and at times frightening story. Chris Burns, and his friends - Kerbs and Sky Eyes - take to the road, heading for the *MindF**k* rock festival. Along the way they pick up the gorgeous Partygirl. Burns and Partygirl connect immediately. But on the first night, while the rockmusic blasts from the stage, something unexpected

happens - Burns's world gets turned on its head as one of the boys emerges from the tent with blood on his hands. *MindF**k* is a real page-turner. The gripping, character-focused, first-person narrative delves right to the heart of a life on-the-edge and virtually out of control. Gritty, hard-hitting, and often shocking, it is packed with drama, emotion, suspense and intrigue from one page to

the next. And there is a serious sting in the tail. MindF**k is part of the Cutting Edge series: fast-paced, quick reads for teens and young adults looking for fiction which chimes with their perspective on life. MindF**k is a title in the highly contemporary Cutting Edge fiction series for young adults. The series features fast-paced quick reads. Each book focuses on difficult topics and situations

that many teenagers will have experienced first-hand or through friends. Cutting Edge is ideal for readers aged 14+ with a reading age of 12+.

It focuses on the evolution of grammatical form and

meaning from lexical material, which has reinvigorated historical analysis and theory and led to advances in the understanding of the relation between diachrony and universals. The richness and potential of some of the leading approaches to grammaticalization are here illustrated in thirteen selected papers. **In Mid-Victorian Cape Town** National Library of South Africa

Mindf**k John Benjamins Publishing Confessional and often hilarious, in Normal Sucks a neuro-diverse writer, advocate, and father meditates on his life, offering the radical message that we should stop trying to fix people and start empowering them to succeed Jonathan Mooney blends anecdote, expertise, and memoir to present a new mode of thinking about how we live and learn—individually, uniquely, and with

advantages and upshots to every type of brain and body. As a neuro-diverse kid diagnosed with dyslexia and ADHD who didn't learn to read until he was twelve, the realization that that he wasn't the problem—the system and the concept of normal were—saved Mooney's life and fundamentally changed his outlook. Here he explores the toll that being not normal takes on kids and adults when

they're trapped in environments that label them, shame them, and tell them, even in subtle ways, that they are the problem. But, he argues, if we can reorient the ways in which we think about diversity, abilities, and disabilities, we can start a revolution. A highly sought after public speaker, Mooney has been inspiring audiences with his story and his message for nearly two decades. Now

he's ready to share what he's learned from parents, educators, researchers, and kids in a book that is as much a survival guide as it is a call to action. Whip-smart, insightful, and utterly inspiring—and movingly framed as a letter to his own young sons, as they work to find their ways in the world—this book will upend what we call normal and empower us all. *Study and Master*
