Manufacturing Industrial Technology - Electrical ... Electrical  
 Technology Second Semester Diploma  
 Electrical Systems Technology Diploma . Credential: Diploma. ... Courses requiring a  
 grade of "C" or better: ELC and ELN. First Semester. Introduction  
 to Electricity. ELC 111. 3 Credit Hour(s) Algebra/Trigonometry I.  
 MAT 121. 3 Credit Hour(s) Second Semester. Software for  
 Technicians . ELC 127. 2 Credit Hour(s) Circuit Analysis I.  
 Electrical Systems Technology Diploma | Electrical Systems  
 Northampton's electrical technology program offers a range of stackable  
 degrees; starting with a specialized diploma that can be  
 completed in one-year, a certificate requiring a minimum of 39  
 credits, and an AAS degree requiring a minimum of 64  
 credits.  
 Electrical Technology, Specialized Diploma - SmartCatalog

IQElectrical Systems Technology Diploma  
 Electrical Systems Technology The Electrical Systems Technology curriculum is  
 designed to provide training for persons interested in the  
 installation and maintenance of electrical systems found in  
 residential, commercial and industrial facilities.  
 Electrical Systems Technology Diploma  
 of Labor and Industry's electrical program  
 requirement of specific curriculum and 95% course attendance  
 policy. Apprenticeship opportunity  
 Completion of the Electrical Technology Diploma program meets the Minnesota Department of  
 Labor and Industry requirements. 95% attendance in each course  
 and completion of the diploma may qualify for one year  
 of  
 Electrical Technology DIPLOMA - Saint Paul College  
 Diploma Programs in Industrial Electrical Technology. In addition to the  
 core technical curriculum, these programs require fundamental  
 coursework in composition and mathematics. Core classes cover  
 fundamental topics on electrical systems currently used in  
 residential and commercial buildings.  
 Industrial Electrical

Technology: Diploma Program Summary  
 Diploma in Electrical Engineering. Diploma in Electrical Engineering is  
 Diploma level Electrical Engineering course. Electrical engineering is a field of  
 engineering that generally deals with the study and application of  
 electricity, electronics and electromagnetism. The field first  
 became an identifiable occupation in the late nineteenth  
 century...
