Are you an intermediate or advanced learner of English? Do you want to speak more like native speaker? If English is not your native language, you may not realise that you are making lots of errors in your speaking. And most native or fluent English speakers that you meet will not correct you. In this book, I present 101 typical mistakes that intermediate and more advanced learners make during speaking. I explain each mistake in clear English and show how a native speaker would say the same thing. If you correct

your mistakes with the help of this book, you will start to speak English more like a native. If you are a teacher of English, this book will also help you become more aware of your students' mistakes and better understand what they are trying to say and how to correct them.

Themes addressed range from: how literacy is learned through participation and how barriers such as violence and ill-health impact on people's lives. Based on a major research project and detailed, reflexive and collaborative methodology, the book describes a coherent strategy of communication and impact which will have a direct effect on policy and practice [Annual Reports of the Department of the Interior ... \[with Accompanying Documents\]](#) Ultimate Publications & Creations (HK) Ltd.
