The Enduring Democracy Prentice Hall

"State of the Union Addresses" by Franklin D. Roosevelt. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

[Mass Incarceration in the Age of Colorblindness](#) The New Press

Winner of the Henry Adams Prize from the Society for History in the Federal Government A Washington Post Notable Work of Nonfiction A Slate Best Book of 2014 The inside story of the Supreme Court decisions that brought true democracy to the United States As chief justice of the U.S. Supreme Court, Earl Warren is most often remembered for landmark rulings in favor of desegregation and the rights of the accused. But Warren himself identified a lesser known group of cases—Baker v. Carr, Reynolds v. Sims, and their companions—as his most important work. J. Douglas Smith's *On Democracy's Doorstep* masterfully recounts the tumultuous and often overlooked events that established the principle of "one person, one vote" in

the United States. Before the Warren Court acted, American democracy was in poor order. As citizens migrated to urban areas, legislative boundaries remained the same, giving rural lawmakers from sparsely populated districts disproportionate political power—a power they often used on behalf of influential business interests. Smith shows how activists ranging from city boosters in Tennessee to the League of Women Voters worked to end malapportionment, incurring the wrath of chambers of commerce and southern segregationists as they did so. Despite a conspiracy of legislative inaction and a 1946 Supreme Court decision that instructed the judiciary not to enter the "political thicket," advocates did not lose hope. As Smith shows, they skillfully used the Fourteenth Amendment's Equal Protection Clause to argue for radical judicial intervention. Smith vividly depicts the unfolding drama as Attorney General Robert F. Kennedy pressed for change, Solicitor General Archibald Cox cautiously held back, young clerks pushed the justices toward ever-bolder reform, and the powerful Senate Minority Leader Everett Dirksen obsessively sought to reverse the judicial revolution that had upended state governments from California to Virginia. Today, following the Court's recent controversial decisions on voting rights and campaign finance, the battles described in *On Democracy's Doorstep* have increasing relevance. With erudition and verve, Smith illuminates this neglected episode of American political history and confronts its profound consequences.

The New Struggle for Democracy in Africa Good Press

Democracy in Muslim Societies: The Asian Experience explores the character of the political transformation and democratic transition in the Asian Muslim world. It asks whether democracy is appropriate and desirable as a political system for non-Western societies, and assesses the extent of

actual democratization in each of the countries studied, namely, Bangladesh, Indonesia, Iran, Malaysia, Pakistan and Turkey. The book questions the widely held view that the socio-political ethos of Islam as a religion, and of Muslim countries as societal units, prevents Muslims from adopting democracy as a form of government. The contributors argue that this perception comes from post-9/11 studies of Arab states and that non-Arab Muslim populations in Asia and Africa do not fit the same mould. At the same time, it is clear that a single model of democracy cannot work across these six countries because each country has a different history and has tread on a different path in the quest for democracy. Ultimately, this book concludes that there is no fundamental incompatibility between Islam and democracy in the Asian Muslim societies.

An Introduction Seven Stories Press

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Democracy in America Center Street

Winner of the 2001 Gustavus Myers Program Book Award. Contrary to simple textbook tales, the civil rights movement did not arise spontaneously in 1954 with the landmark *Brown v. Board of Education* decision. The black struggle for civil rights can be traced back to the arrival of the first Africans, and to their work in the plantations, manufactories, and homes of the Americas. Civil rights was thus born as labor history. *Civil Rights Since 1787* tells the story of that struggle in its full context, dividing the struggle into six major periods, from slavery to Reconstruction, from segregation to the Second Reconstruction, and from the current backlash to the future prospects for a Third Reconstruction. The "prize" that the movement has sought has often been reduced to a quest for the vote in the South. But all involved in the struggle have always known that the prize is much more than the vote, that the goal is economic as well as political. Further, in distinction from other work, *Civil Rights Since 1787* establishes the links between racial repression and the repression of labor and the left, and emphasizes the North as a region of civil rights struggle. Featuring the voices and philosophies of orators, activists, and politicians, this anthology emphasizes the role of those ignored by history, as well as the part that education and religion have played in the movement. *Civil Rights Since 1787* serves up an informative mix of primary documents and secondary analysis and includes the work of such figures as Ella Baker, Mary Frances Berry, Clayborne Carson, Frederick Douglass, W. E. B. DuBois, Eric Foner, Herb Gutman, Fannie Lou Hamer, A. Leon Higginbotham, Darlene Clark Hine, Jesse Jackson, Malcolm X, Martin Luther King, Manning Marable, Nell Painter, Frances Fox Piven and Richard Cloward, A. Philip Randolph, Mary Church Terrell, and Howard Zinn.

Give Me Liberty! An American History Ember

Revolutionary ideas on how to use markets to bring about fairness and prosperity for all Many blame today's economic inequality, stagnation, and political instability on the free market. The solution is to rein in the market, right? *Radical Markets* turns this thinking—and pretty much all conventional thinking about markets, both for and against—on its head. The book reveals bold new ways to organize markets for the good of everyone. It shows how the emancipatory force of genuinely open, free, and competitive markets can reawaken the dormant nineteenth-century spirit of liberal reform and lead to greater equality, prosperity, and cooperation. Eric Posner and Glen Weyl demonstrate why private property is inherently monopolistic, and how we would all be better off if private ownership were converted into a public auction for public benefit. They show how the principle of one person, one vote inhibits democracy, suggesting instead an ingenious way for voters to effectively influence the issues that matter most to them. They argue that every citizen of a host country should benefit from immigration—not just migrants and their capitalist employers. They propose leveraging antitrust laws to liberate markets from the grip of institutional investors and creating a data labor movement to force digital monopolies to compensate people for their electronic data. Only by radically expanding the scope of markets can we reduce inequality, restore robust economic growth, and resolve political conflicts. But to do that, we must replace our most sacred institutions with truly free and open competition—*Radical Markets* shows how.

Tiananmen Exiles CQ Press

The key question at the heart of this book is to what extent political activists in mainland China, Taiwan and Hong Kong have made progress in their quest to liberalise and democratise their respective polities. Taking a long historical perspective, the book compares and contrasts the political development trajectory in the three regions from the early 1970s--from the election-driven liberalisation in Taiwan from 1969, the Democracy Wall Movement in mainland China in 1978, and the top-down political reforms of Governor Patten in Hong Kong after 1992--until the present day. More specifically, it sets out the different strategies and tactics political activists have taken, assesses the lessons activists have learned from both successes and failures and considers how these experiences have informed their struggles for democracy. Importantly, the book demonstrates that at the same time, throughout the period and earlier, the Chinese Communist Party has been making use of "sharp power" --penetrating the political and information environments in Western democracies to manipulate debate and suppress dissenters living both inside and outside China--in order to strengthen its domestic position. The book discusses the nature of this sharp power, explores the rise of the security state within mainland China and examines the effectiveness of the approach, arguing that in Taiwan and Hong Kong the approach has been counterproductive, with civil society, campaigns for greater democracy and the flourishing of religion in part stimulated by the Chinese Communist Party's sharp power practices.

Democracy in Africa Harper Collins

The young adult adaptation of the acclaimed, #1 New York Times bestseller *Just Mercy*--soon to be a major motion picture starring Michael B. Jordan, Jaime Foxx, and Brie Larson and now the subject of an HBO documentary feature! In this very personal work--adapted from the original #1 bestseller, which the New York Times calls "as compelling as *To Kill a Mockingbird*, and in some ways more so"--acclaimed lawyer and social justice advocate Bryan Stevenson offers a glimpse into the lives of the wrongfully imprisoned and his efforts to fight for their freedom. Stevenson's story is one of working to protect basic human rights for the most vulnerable people in American society--the poor, the wrongly convicted, and those whose lives have been marked by discrimination and marginalization. Through this adaptation, young people of today will find themselves called to action and compassion in the pursuit of justice. Proceeds of this book will go to charity to help in Stevenson's important work to benefit the voiceless and the

vulnerable as they attempt to navigate the broken U.S. justice system. A KIRKUS REVIEWS BEST BOOK OF THE YEAR A BOOKLIST EDITORS' CHOICE FEATURED ON CBS THIS MORNING A NEW YORK PUBLIC LIBRARY BEST BOOK OF THE YEAR PRAISE FOR JUST MERCY: A TRUE STORY OF THE FIGHT FOR JUSTICE: "It's really exciting that young people are getting a version tailored for them." --Salon "A deeply moving collage of true stories. . . . Jackson Rising is a chronicle of one of the most dynamic experiments in radical social transformation in the United States. The book documents the ongoing organizing and institution building of the political forces concentrated in Jackson, Mississippi dedicated to advancing the "Jackson-Kush Plan."

A People's History of the United States Pearson College Division

Named one of the most important nonfiction books of the 21st century by Entertainment Weekly, Slate, Chronicle of Higher Education, Literary Hub, Book Riot, and Zora A tenth-anniversary edition of the iconic bestseller—"one of the most influential books of the past 20 years," according to the Chronicle of Higher Education—with a new preface by the author "It is in no small part thanks to Alexander's account that civil rights organizations such as Black Lives Matter have focused so much of their energy on the criminal justice system." —Adam Shatz, London Review of Books Seldom does a book have the impact of Michelle Alexander's *The New Jim Crow*. Since it was first published in 2010, it has been cited in judicial decisions and has been adopted in campus-wide and community-wide reads; it helped inspire the creation of the Marshall Project and the new \$100 million Art for Justice Fund; it has been the winner of numerous prizes, including the prestigious NAACP Image Award; and it has spent nearly 250 weeks on the New York Times bestseller list. Most important of all, it has spawned a whole generation of criminal justice reform activists and organizations motivated by Michelle Alexander's unforgettable argument that "we have not ended racial caste in America; we have merely redesigned it." As the Birmingham News proclaimed, it is "undoubtedly the most important book published in this century about the U.S." Now, ten years after it was first published, The New Press is proud to issue a tenth-anniversary edition with a new preface by Michelle Alexander that discusses the impact the book has had and the state of the criminal justice reform movement today.

The 10 Principles of Concentration of Wealth & Power Cambridge University Press

Explains the basics of political science *Political Science: An Introduction*, 13/e, provides a comprehensive and jargon-free introduction to the field's basic concepts and themes. It draws examples from the U.S. and other countries to introduce the entire field of political science to new readers. The authors stress how exciting politics can be, balancing practical and theoretical knowledge. MyPoliSciLab is an integral part of the Roskin/Cord/Medeiros/Jones program. Activities and videos help readers engage in the material and retain its main points. Readers can watch videos that explore the key topics of politics and participate in simulations that allow them to experience politics firsthand. Assessment in MyPoliSciLab helps gauge readers' progress. Note: MyPoliSciLab does not come automatically packaged with this text. The New Jim Crow SAGE Publishing India

This ground-breaking text explores the intersection between dominant modes of critical educational theory and the socio-political landscape of American Indian education. Grande asserts that, with few exceptions, the matters of Indigenous people and Indian education have been either largely ignored or indiscriminately absorbed within critical theories of education. Furthermore, American Indian scholars and educators have largely resisted engagement with critical educational theory, tending to concentrate instead on the production of historical monographs, ethnographic studies, tribally-centered curricula, and site-based research. Such a focus stems from the fact that most American Indian scholars feel compelled to address the socio-economic urgencies of their own communities, against which engagement in abstract theory appears to be a luxury of the academic elite. While the author acknowledges the dire need for practical-community based research, she maintains that the global encroachment on Indigenous lands, resources, cultures and communities points to the equally urgent need to develop transcendent theories of decolonization and to build broad-based coalitions.

Updated in a new 10th edition, *The Struggle for Democracy* challenges students to think critically about American government and to evaluate the quality of democracy in America within a unique framework that offers a holistic view of our system. Its critical thinking approach to politics, features, and narrative are designed to teach students to look closely and question logically about the American political process.

A Reader on the Black Struggle CQ Press

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance.

Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

Democracy in Muslim Societies Hoover Inst Press

Free and attentive news media are essential to the workings of a democratic nation. But how well does the news, in reality, actually serve the needs of citizens, and thereby democracy? How well do the major methods of sharing national political information work, and how well-informed do they leave voters? For years, *News: The Politics of Illusion* has been the leading textbook to address that question, and in this ninth edition W. Lance Bennett brings his analysis fully up to date, exploring recent developments in news media and showing how they have improved--or hampered--the wide sharing of political news and information.

The Struggle for Democracy in Mainland China, Taiwan and Hong Kong NYU Press

For over thirty years, *Latin American Politics and Development* has kept instructors and students abreast of current affairs and changes in Latin America. Now in its ninth edition, this definitive text has been updated throughout and features contributions from experts in the field, including twenty new and revised chapters on Mexico, Central America, the Caribbean, and South America. The fully updated foundational section includes new chapters on political economy and U.S.-Latin American relations and covers the changing context of Latin American politics, the pattern of historical development, political culture, interest groups and political parties, government machinery, the role of the state and public policy, and the struggle for democracy. In addition to detailed country-by-country chapters, *Latin American Politics and Development* provides a comprehensive regional overview.
