This collection unites Ingersoll Lockwood's classic Baron Trump adventure stories in one volume. Filled with exotic flights of fancy, the Baron Trump tales feature the titular character - a wealthy boy who lives in Trump Castle. His actual name is Wilhelm Heinrich Sebastian Von Troomp, but for the sake of simplicity he goes by his title of Baron Trump. The young fellow embarks on time travelling adventures through human history. Through his travels, he meets societies of people and tribes from long ago, picking up their language and social customs. Accompanied by his faithful and protective companion hound Bulger, the young Baron navigates a variety of adventures and surmounts many obstacles. The final book discusses the rise of a US President and has been variously described as coincidental or prescient of the 21st century political climate. Set in an America torn by division, there are references to a hotel on Fifth Avenue in New York, and an election of an outsider candidate ensuing amid chaos.

Masterful Suspenseful Genius Work "Bulger was not himself at all, dear friends. There was a lack-lustre look in his eyes, and his tail responded with only a half-hearted wag when I spoke to him. I say half-hearted, for I always had a notion that the other end of Bulger's tail was fastened to his heart. His appetite, too, had gone down with his spirits; and he rarely did anything more than sniff at the dainty food which I set before him, although I tried to tempt him with fried chickens' livers and toasted cocks' combs-two of his favorite dishes. "There was evidently something on his mind, and yet it never occurred to me what that something was; for to be honest about it, it was something which of all things I never should have dreamed of finding there. "Possibly I might have discovered at an earlier day what it was all about, had it not been that just at this time I was very busy, too busy, in fact, to pay much attention to any one, even to my dear four-footed foster brother. As you may remember, dear friends, my brain is a very active one; and when once I become interested in a subject, Castle Trump itself might take fire and burn until the legs of my chair had become charred before I would hear the noise and confusion, or even smell the smoke." Baron Trump's Marvelous Underground Journey Baron Trump's Marvelous Underground Journey is actually a sequel of Ingersoll Lockwood's 1st published novel - Travels & Adventures of Little Baron Trump and his wonderful dog Bulger in 1889. In Lockwood's story, Baron Trump is a young aristocrat suffering of lack of excitement . Then a friend of his father's gives him a 15th century manuscript penned by a man named Don. The manuscript details a mystic "World within a World" near the center of the Earth, and the only way to reach it is through a portal in Russia. There is no map to the portal, but Don explains that as the reader travels through Russia, "the people will tell thee" where the portal is and how to get there. Baron Trump then sets off for Russia with his trusted dog, Bulger, and finds the portal with the help of the Russian people. In this ' World within a World ' , he encounters four strikingly different lands: The Land of Transparent Folk The Land of Sodopsies (or Ant People) The Frozen Land of King Gilead The Land of Rattlebrains (or Happy Forgetters) What Baron Trump discovered in that 4 land ? As doubting Thomases seem to take particular pleasure in popping up on all occasions, Jack-in-the-Box-like, it may be well to head them off in this particular instance by proving that Baron Trump was a real baron, and not a mere baron of the mind.

Lockwood published the first novel, Travels and adventures of Little Baron Trump and his wonderful dog Bulger, in 1889, and its sequel, Baron Trump's Marvelous Underground Journey, in 1893. The novels recount the adventures of the German boy Wilhelm Heinrich Sebastian Von Troomp, who goes by "Baron Trump", as he discovers weird underground civilizations, offends the natives, flees from his entanglements with local women, and repeats this pattern until arriving back home at Castle Trump.The novels were part of a trend in U.S. children's literature that responded to the demand for fantastic adventure stories triggered by Lewis Carroll's Alice in Wonderland (1865). They were, however, indifferently received and did not enter the canon of children's literature. An 1891 reviewer wrote about one of Lockwood's novels: "The author labors through three hundred pages of fantastic and grotesque narrative, now and then striking a spark of wit; but the sparks emit little light and no warmth, and one has to fumble for the story

In the 1890s, Ingersoll Lockwood authored the Baron Trump Novels. The series followed a literary trend of the time, which had child protagonists adventuring to enchanted lands and encountering fantastic beings. Lewis Carroll's Alice in Wonderland, and L. Frank Baum's The Wonderful Wizard of Oz are two famous examples of this genre. Lockwood's Baron is an aristocratic youth bored with his life of luxury in Castle Trump. Searching for adventure, Baron travels to Russia to discover an underground world beneath his feet. He journeys downward and finds himself lost in peculiar settings surrounded by the strange inhabitants of this new world. The stories follow his adventures and eventual struggle to find his way back to the surface he left behind. The Baron Trump novels were obscured by the more successful children's books of the time. Lockwood's tall tales seemed destined for the literary dust bin, but the election of Donald Trump in 2016 renewed interest in these works due to the President's youngest son's name: Barron Trump. Now, back in print, the Baron Trump series is enjoying considerable interest and success

The Little Baron Trump is a man of adventure. He and his dog Bulger have already braved many adventures together, but at the time our story opens, they are kind of dull at home, upset with the increasing familiarity of both two- and four legged neighbours. What to do? Luckily, an old manuscript of the learned Spaniard, Don Constantino Bartolomeo Strepholofidgeduaneriusfum, falls into his hands, and off he goes to a journey to the centre of the earth. Lockwood published the first novel, Travels and adventures of Little Baron Trump and his wonderful dog Bulger, in 1889, and its sequel, Baron Trump's Marvellous Underground Journey, in 1893. The novels recount the adventures of the German boy Wilhelm Heinrich Sebastian Von Troomp, who goes by "Baron Trump", as he discovers weird underground civilizations, offends the natives, flees from his entanglements with local women, and repeats this pattern until arriving back home at Castle Trump.
