Presents proof that an advanced black African civilization inhabited the Sahara long before Pharaonic Egypt • Reveals black Africa to be at the genesis of ancient civilization and the human story • Examines extensive studies into the lost civilization of the "Star People" by renowned anthropologists, archaeologists, genetic scientists, and cultural historians as well as the authors' archaeoastronomy and hieroglyphics research • Deciphers the history behind the mysterious Nabta Playa ceremonial area and its stone calendar circle and megaliths Relegated to the realm of archaeological heresy, despite a wealth of hard scientific evidence, the theory that an advanced civilization of black Africans settled in the Sahara long before Pharaonic Egypt existed has been dismissed and even condemned by conventional Egyptologists, archaeologists, and the Egyptian government. Uncovering compelling new evidence, Egyptologist Robert Bauval and astrophysicist Thomas Brophy present the anthropological, climatological, archaeological, geological, and genetic research supporting this hugely debated theory of the black African origin of Egyptian civilization. Building upon extensive studies from the past four decades and their own archaeoastronomical and hieroglyphic research, the authors show how the early black culture known as the

Cattle People not only domesticated cattle but also had a sophisticated grasp of astronomy; created plentiful rock art at Gilf Kebir and Gebel Uwainat; had trade routes to the Mediterranean coast, central Africa, and the Sinai; held spiritual and occult ceremonies; and constructed a stone calendar circle and megaliths at the ceremonial site of Nabta Playa reminiscent of Stonehenge, yet much older. Revealing these "Star People" as the true founders of ancient Egyptian civilization, this book completely rewrites the history of world civilization, placing black Africa back in its rightful place at the center of mankind's origins.

Go on an unforgettable journey, with a woman who has unimaginable strength. Stephanie Nielson began sharing her life in 2005 on nieniedialogues.com, drawing readers in with her warmth and candor. She quickly attracted a loyal following that was captivated by the upbeat mother happily raising her young children, madly in love with her husband, Christian (Mr. Nielson to her readers), and filled with gratitude for her blessed life. However, everything changed in an instant on a sunny day in August 2008, when Stephanie and Christian were in a horrific plane crash. Christian was burned over 40 percent of his body, and Stephanie was on the brink of death, with burns over 80 percent of her body. She would remain in a coma for four

months. In the aftermath of this harrowing tragedy, Stephanie maintained a stunning sense of humor, optimism, and resilience. She has since shared this strength of spirit with others through her blog, in magazine features, and on The Oprah Winfrey Show. Now, in this moving memoir, Stephanie tells the full, extraordinary story of her unlikely recovery and the incredible love behind it -- from a riveting account of the crash to all that followed in its wake. With vivid detail, Stephanie recounts her emotional and physical journey, from her first painful days after awakening from the coma to the first time she saw her face in the mirror, the first kiss she shared with Christian after the accident, and the first time she talked to her children after their long separation. She also reflects back on life before the accident, to her happy childhood as one of nine siblings, her close-knit community and strong Mormon faith, and her fairy-tale love story, all of which became her foundation of strength as she rebuilt her life. What emerges from the wreckage of a tragic accident is a unique perspective on joy, beauty, and overcoming adversity that is as gripping as it is inspirational. Heaven Is Here is a poignant reminder of how faith and family, love and community can bolster us, sustain us, and quite literally, in some cases, save us.

In *Reflections of Heaven*, Shockey shares the most compelling accounts he has heard over the past decade, and also offers profound insight

into what the increasing presence of the divine in daily life can mean in the new millennium. Beginning with his own personal story, Shockey goes on to introduce others who relate their miraculous experiences, ranging from visions of heaven to the presence of angels. He then puts these encounters in an enlightening context as he explores discernible patterns of divine intervention in history, as well as in the Bible. In doing so, he takes readers on an unforgettable spiritual odyssey that will change the way they look at the here-and-now--and the hereafter.

Destined War Sovereign Infinite Joy
 A firsthand, behind-the-scene account of the controversies surrounding modern explorations at Giza • Investigates the recent scandals at Giza and claims of secret excavations and tunneling inside the Great Pyramid • Reveals the historical evidence in support of secret chambers in the Great Pyramid and beneath the Great Sphinx • Exposes the secret agendas behind the latest explorations on the Giza plateau Since 1993 Robert Bauval has been embroiled in the many controversies involving the search for the lost treasures of the pyramid builders and the quest for the legendary Hall of Records of Atlantis. The strange but true story that he unfolds implicates American business moguls, the prestigious National Geographic Society, several Ivy League universities, the Edgar Cayce Foundation, the Freemasons, Christian fundamentalists, Zionists, and the

Egyptian government. In this fully updated edition of Secret Chamber, including new color photographs, Robert Bauval pursues his in-depth investigation of clandestine events at Giza and the role played by the controversial ex-Minister of Antiquities Dr. Zahi Hawass. What lies behind the mysterious doors at the end of the star shafts in the Great Pyramid? What do the mysterious inscriptions found behind the Gantenbrink door mean? What is the real purpose of the Relief Chambers and the red ochre "graffiti" in them? Who is behind the secretly tunneling and excavating in these chambers, and why? Is there really a hidden Hall of Records from Atlantis beneath the Great Sphinx? Is the Great Pyramid just a tomb or does it serve a higher purpose involving a lost science of immortality? Why do the ancient texts ascribe the Pyramid's design to the supreme god of wisdom Thoth, the writer of the fabled Books of Hermes? Will the Great Pyramid prove to be the "missing link" to our true origins or a "metaphysical machine" to access the world beyond? Providing a firsthand account of the strange events that have taken place at the Giza plateau in the last three decades, Bauval reveals the hidden agendas behind these events and raises important questions about the meaning of Egypt's ancient structures and the very origins of civilization.
