Case File: The First Unsittable Summary: The Association Linking Intergalactics and Earthlings (hereby known as A.L.I.E.N.) has a new member. After months of investigation, Gabby Duran, Associate 4118-25125A, has proven herself to be a babysitter extraordinaire. Her celebrity clients fly her around the country to care for their rambunctious little humans. Our spy, Associate 4118-23432B, otherwise known as Edwina, believes Gabby can be trusted with the truth: aliens are living among humans on Earth. And here at A.L.I.E.N we believe that even extraterrestrials need a babysitter now and then. No one was up to the task...until

now. After accepting the top-secret position, Edwina has paired our new associate up with her first charge, a little girl from the planet Flarknartia. The timing for associate 4118-25125A is less than ideal. It's a school day on Planet Earth, Gabby's audition for the solo part in the band is tonight, and this tiny alien is a bit more than meets the eye. Can Gabby Duran, Associate 4118-25125A, First Sitter to the Unsittables, keep her otherworldly charge safe in the unpredictable halls of middle-school and keep A.L.I.E.N hidden? *Elixir (A Covenant Novella)* Simon and Schuster

Blair is accepted into the princess charm school of Gardania, but with the scheming Delancy and her mother Dame Devin trying to trip her up, Blair does not know if she has what it takes to be a princess. *Eat Well on \$4/Day* Disney-Hyperion
 Actress, singer, and mother Hilary Duff offers a beautiful and inspiring picture book about bravery and love. The world is big, my little brave girl. It's all here for you. A poetic text encourages girls to reach higher, dream bigger, and approach the world with their hearts wide open. This love letter to little girls was inspired by Hilary Duff's own experience as a mother as she considered all the ways her daughter had to be brave even as an infant. With lush illustrations and an empowering message, *My Little Brave Girl* is the perfect gift for baby showers,

birthdays, Mother's Day, graduation, and any time a girl—or woman—is embarking on a new chapter of her life!

The Moon Over Star Simon and Schuster

"Eerie, twisty, fast, and funny, *Dream Boy* will forever change the way you see your dreams—and your nightmares."—Lois Metzger, author of *A Trick of the Light When Dreams Start Coming True...* It was all just brain waves, I

thought—disconnected, like the notebook my friend Talon keeps. She draws a line down the middle; on the right she writes everything she remembers about a dream, and on the left notes about what's happening in real life. Reality on one side, dreams on the other, a clear line between the two. But it turns out there are no clear lines—just a jumble of what is and what might be. And all of it is real. How Do You Know What's Real? Annabelle's dreams have started coming to life. Which is great when you're dreaming about a gorgeous guy whose purpose in life is to win the Best Boyfriend Ever Award. And then *Dream Boy* walks into your science class. Talk about the perfect date to homecoming. But not all of Annabelle's dreams are so...friendly. And when the dream stops, the nightmare begins... "The authors expertly weave the real world and the mysterious world of dreams—where we access our deepest desires—in a perfect blend."—Eric Orloff, author of *In Dreams*

In the kingdom of Kaloon, nothing is quite as it seems.... "Y-y-y-you," he stammered, and Flissa turned to see he'd gone ashen. "T-t-t-two of you!" Uh-oh. Flissa reached up and checked. Sure enough, her hood had fallen off. Their secret was out. Princesses Flissa and Sara are even closer than most twins. In fact, most of the kingdom thinks they're the same person.

When magic was outlawed in Kaloon generations ago, twins, black cats, and other potentially -magical beings were outlawed, too. Since they were born, Flissa and Sara have pretended to be one princess, Flissara, trading off royal duties like attending glamorous balls, participating in fencing exhibitions, and making friends with other young nobles, all while hiding in plain sight. But when the first magical attack in years puts their mother's life in danger, the girls must break the rules that have protected them to save her. With a brave servant boy and his plucky black kitten as their guides, they set off on an epic quest to the Twists—a forbidden place full of dark magic—to find the evil mage who cursed the queen. With a case of mistaken identity, a wickedly powerful exile out for vengeance, and time running out for their mother, the twins might just need to make their own magic to save the day. In the first book of this new series, author Elise Allen brings to life a fantastical world filled with high-stakes adventure, incredible twists, and all the spark and humor of sisterhood.

In Susan Gal's delightful young-concept book, a family travels up a mountain, over a bridge, and under a canopy of trees to reach their campsite in the great outdoors. A forest hike offers more opportunities to showcase words that describe spacial relationships and show young readers where they are in the world. Beside a lake! Next to a waterfall! On top of a mountain! Then after the sun slips behind the hills, they'll snuggle alongside each other and dream sweet dreams inside their tent among the trees. Gal's pictures capture all the beauty of the natural world. And she's included a humorous cast of animal characters on a parallel journey of their own, so the art is full of funny things to spot. This is a gem of a story for parents and teachers to share with their happy campers.

CASE FILE: The Third (and fourth and fifth and sixth . . .) Unsittable SUMMARY:

Gabby Duran, Associate 4118-25125A, Sitter to the Unsittables, has proven herself an integral member of A.L.I.E.N.—the Association Linking Intergalactics and Earthlings as Neighbors. She has amassed an impressive roster of alien clients, and is a trusted babysitter among humans and intergalactics alike. We here at A.L.I.E.N. are proud to call her one of our greatest success stories, and believe she is ready to take on more responsibility. To that end, we've entrusted Gabby with one of our most formidable charges. His name is One and while he looks like a normal human baby, watching him can be difficult enough to make a sitter see double. Or triple. Or more. this assignment will indeed be so daunting that we're even willing to ignore regulations and forgive Gabby calling in her friends Satchel and Zee for help. After all, a babysitter only has so many hands. (Unless, of course, they are a Flarknartian.) Of course, things are never simple for Gabby, and even as she babysits One, she's assigned to protect a very dangerous object—one that, if it falls into the wrong hands, could cause the destruction of Earth itself. It remains to be seen whether Gabby and her friends are able to handle the demands of eleven . . . wait, twelve . . . no, thirteen babies, while ensuring the safety of the world at the same time. All we can do is wait, and hope, and trust. And ready our escape pods.
