Learning  
There's no  
such thing as  
business  
ethics. How  
can that be?

Because a single standard applies to both your business and personal life- and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing dividends. There's No Such Thing As "Business" Ethics offers: * Stories from history,	business, government, and sports that illustrate how talented leaders invoked this timeless principle * Examples of difficult business decisions- layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each * The five most common reasons people compromise their ethics- and how you can prevail over such moral obstacles *	How applying the Golden Rule to business builds morale, increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and
--	---	--

the ideas of history's best thinkers, this engaging book brilliantly demonstrates how doing the right thing fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity...and it's all thanks to the

tried-and-true Golden Rule. Inquiries, Cases, and Readings IGI Global Effective managers must accurately assess the legal and ethical ramifications of complex business transactions. This requires familiarity with the basic principles of comparative and international law, including trade, and an understanding of the importance of culturally diverse ethical traditions in

all business relationships. Legal and Ethical Aspects of International Business is your authoritative guide to the law and ethics of business leadership in the global market. It provides the vehicle for today's and tomorrow's managers to successfully navigate the legal and ethical environment of business around the world. New to the Second Edition: This new edition constitutes a

substantial reorganization from the first edition. In particular, the text is now composed of four parts: Part One, Public International Law and Business Ethics Part Two, Global Contracting and Resolution of Private Disputes Part Three, Import and Export Law Part Four, Protecting Ideas, Individuals and Infrastructure The new edition also includes updated cases

and new issues, including cybersecurity and sustainability. Professors and student will benefit from: Well-selected and well-edited cases in each chapter help foster discussions. Finely crafted end of chapter exercises support students' grasp of the more difficult concepts. Integrated ethics coverage appears throughout the book. Numerous examples

provide context and real-world application of concepts. Rich graphics reinforce key models. Ethical Issues In Business: Routledge The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the workplace. Therefore, business ethics has become

required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring,

drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-understand explanations and examples, Business Ethics For Dummies is a helpful resource for students, professors, business

owners, managers, and CEOs who seek a clear understanding of the importance of ethics. **Ethical Issues in Business - Second Edition** Pearson College Division An innovative text that aims to deepen students' knowledge of business ethics through a multidisciplinary approach grounded in moral philosophy, management principles, business

history, and economics. The text aims to help students make ethical decisions, demonstrate integrity in the workplace, and advocate for moral business practices. It also features content on further trends and topics that will help students build a deeper understanding of business ethics: A section on Personal Integrity in the workplace, unpacks ethical dilemmas that face

employees in the workplace including conflicts of interest, cheating, whistle blowing, and bribery. A section on Corporate Values and Responsibilities delves into ethical issues related to the financial industry, competition, safety, privacy, and intellectual property. A section on Global Capitalism examines the ethical issues related to culture, justice, the internet, and

environmental issues around the world. All content is supported by 40 contemporary case studies that allow students to grapple with a wide range of moral issues and apply ethical frameworks to a variety of situations at real-world organizations, including GlaxoSmithKline (GSK) in China, Firestone in Liberia, and the Apple Encryption Controversy. The book is complemented by online

<p>resources for instructors and students, including: Test Bank, PowerPoint slides, an Instructor's Manual with extensive case notes, Exercises and Activities, Multimedia resources, Quizzes, Flashcards, and SAGE Journal Articles. Suitable reading for undergraduate students on Business Ethics courses. <i>A Critical Approach: Integrating Ethics Across the Business</i></p>	<p><i>World</i> Routledge In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business</p>	<p>ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics. Features all</p>

Events such

as Trafigura's

illegal

dumping of

toxic waste in

Côte d'Ivoire

and BP's

environmental

ly disastrous

oil spill in the

Gulf of Mexico have highlighted ethical issues in international business at a time when business leaders, academics and business schools were reflecting on their own responsibilities following the global financial crisis.

The scope and scale of the global operations of multinational businesses means that decisions taken in different parts of the world have far reaching

consequences beyond the national settings where employees are located or where firms are registered and as such, an awareness of these responsibilities needs to be integrated into all levels and all subjects. Using four guiding principles - a critical multi-level approach rooted in the tradition of European social theory, a comparative and international perspective, a global rather than just a

European or American stand point and engaging with subject-specific issues this book aims to 'mainstream' business ethics into the work of teachers and students in business schools. This comprehensive volume brings together contributions from a range of experts in different areas of business studies thereby facilitating and encouraging a move away from business

ethics being a box to be ticked to being an integrated consideration across the business disciplines. This impressive book brings ethical considerations back to the heart of the business curriculum and in doing so, provides a companion for the progressive business student throughout their university career. A *Philosophical Approach* John

Wiley & Sons This text provides an up-to-date, critical analysis of contemporary issues in business ethics. The authors begin with an overview of the major, broad themes in business ethics, then move to a more practical discussion of ethics in key management functions. The second edition of *The Ethical Business* has been updated to address current thinking and new problems faced, with

new chapters focusing on the symbiotic relationship between business and the environment and new case studies. An essential core text for today's business students, bringing ethical dilemmas into context to provide the foundation of good management practice. Key Features: An up to date look at contemporary issues in business ethics, an area of huge

importance in today's business world  
Critical analysis of contemporary issues in business ethics  
Case studies demonstrate the practical application of ethical themes  
Pedagogical features such as boxed vignettes on current ethical dilemmas aid understanding and learning  
A companion website with topical and interactive features  
How to Spot Moral Meltdowns in Companies... Before It's Too

Late Wolters  
Kluwer  
The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to

ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law. [Ethical Issues in Business](#) Macmillan International Higher Education Issues in Business Ethics and Corporate

Social Responsibility explores these foundational themes across a wide range of topics, including artificial intelligence, workplace surveillance, supply chain management, big data, the finance industry, and many more. Coupled with a broad introduction by Dr. David Weitzner, a professor of management at York University, this book provides students with the essential information

they need to assess business practices through the lens of ethical decision-making and corporate social responsibility. **Moral Issues in Business** Oxford University Press Filled with real-world case studies and examples of ethical dilemmas, [Understanding Business Ethics, Third Edition](#) prepares students and managers alike to make ethical decisions in

today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental sustainability, and technology. In addition to

presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of

emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

**Ethical Issues in Business**  
SAGE Publications  
CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E  
introduces readers to business

ethics by focusing on the influence of market mechanisms and social values on workplace norms. And because business is increasingly a global enterprise, this edition emphasizes the role of ethics both at home and abroad.

CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E also takes time to look at ethics from the unique perspectives of either employee or employer.

Along the way, readers also learn about such topics as ethical relativism, ethics and the law, virtue ethics, and ethical decision-making. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Legal and Ethical Aspects of International Business** IAP A Contemporary

Look at Business Ethics provides a 'present day' look at business ethics to include the challenges, opportunities and increased need for ethical leadership in today's and tomorrow's organizations. The book discusses current and future business ethics challenges, issues and opportunities which provides the context leaders and their

organizations must navigate. The book includes an in-depth look at lessons learned about the causes of unethical behavior by examining a number of real-world examples of ethical scandals from around the world that have taken place over the past few decades. The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership, received wisdom, the

bottom-line mentality, groupthink and moral muteness, all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization. The book discusses ethical decision making in general and the increased role of religion and spirituality, in confronting unethical behavior in contemporary organizations. The book also takes an in-depth look

at the impact ethical scandals have on employees and more specifically the psychological contract and person-organization ethical fit with the goal of identifying, along with other things, what leaders can do to restore relationships with employees and rebuild the organization's reputation in the eyes of various stakeholders. *Business Ethics* Prentice Hall

**Selections  
from SAGE  
Business  
Researcher**  
John Wiley &

Sons  
Packed with  
examples, this  
book offers a  
clear and  
engaging  
overview of  
ethical issues  
in business. It  
begins with a  
discussion of  
foundational  
issues,  
including the  
objectivity of  
ethics, the  
content of  
ethical  
theories, and  
the debate  
between  
capitalism and  
socialism,  
making it  
suitable for  
the beginning  
student. It  
then examines  
ethical issues  
in business in  
three broad  
areas. The

first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing . The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and

the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world

example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political

<p>activity and ethical consumerism. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings. <i>Straight Talk about How to Do It Right</i> Broadview Press This collection of readings and cases begins with an introduction to moral reasoning, and then provides students with a wide range of opportunities to apply</p>	<p>ethical theory to real contemporary managerial situations - including issues facing managers in the next century. Each section contains a case study and relevant theoretical articles that range from classics in philosophy to modern commentaries by business practitioners. <u>Ethical Issues in Business</u> SAGE Publications Other Consideration s to Sustaining an Ethical Corporate</p>	<p>Culture -- Chapter Summary -- Notes -- References -- Chapter Seven What Would You Do?
