In this sequel to the dystopian fantasy-adventure ELEMENTAL, which James Dashner called "fantastic," the stakes are life-or-death and nothing is as it appears to be. Thomas and his friends have rescued the Guardians and commandeered the pirates' ship, but the pirates still hold fast to Roanoke Island. Using his newly discovered element, Thomas hears a radio message calling for refugees to head to Fort Sumter. They sail south, but quickly discover that their elements wane as they leave Roanoke behind. There is something sinister going on in the refugee colony too. From the

perilous food-gathering squads, to the constant threat of rat infestation, to dangerous secrets, Thomas and his colonists begin to realize that this promising new world may be even more terrifying than the one they left behind. Fans of *The Maze Runner* and *Ship Breaker* will love the fast pace, high stakes, and touches of romance in this thrilling novel by an award-winning author.

I'm Selena Pearce, and in the past few days I've been kidnapped by faeries, gifted with powerful magic, and forced by the gods to compete in a twisted game to the death. Growing up on the magical island of Avalon should be great... but I have no magic to speak of. And my parents forbid me from leaving. So when I sneak out to Earth for a night and meet a hottie named Julian with ice blue eyes that leave me breathless, of course I say yes to a date with him. But when Julian pulls me through a magical portal, I realize he isn't human. He's a half-blood faerie sent to bring me to his realm of the Otherworld. Because apparently, I'm a half-blood faerie, too. And I've been chosen to compete in the annual Faerie Games--a brutal, gladiator-

like competition where half-bloods fight to the death. Too bad I can't get my new magic under control. But with all eyes on me, I only have two options: Die in the Faerie Games, or win and earn my freedom. Now the other players--including Julian, who still captivates me even though I should hate him--better watch out. Because I'm determined to get home. And I'll fight anyone blocking my path to get there. Full of magic, mythology, adventure, and romance, *The Faerie Games* is the first book in an addicting young adult urban fantasy series by USA Today bestselling author Michelle Madow that will keep you reading late into the night!

The much-anticipated finale to Amie Kaufman's epic middle-grade trilogy. Though Anders and his friends have delayed a war between the ice wolves and scorch dragons, their mission isn't over. With adults on both sides looking for them, they've sought refuge in Cloudhaven, a forbidden stronghold created by the first dragonsmiths. The ancient text covering Cloudhaven's walls could be the key to

saving their home -- if only the young elementals could decipher it. To make matters worse, Holbard is in ruins and its citizens are reeling. Many have been forced into bleak camps outside the city, and food is running short. To rebuild Vallen, Anders, Rayna, and their allies must find a way to unite humans, ice wolves, and scorch dragons before they lose their last chance. In the final book of international bestselling author Amie Kaufman's sensational adventure series, Anders and Rayna must put everything on the line -- and the price of peace may hit closer to home than they could've ever imagined. PRAISE FOR SCORCH DRAGONS: 'I found a satisfying fantasy world like none I have read before - one in which dragons and wolves take human form and have magical powers. One of the strengths of this book is the exploration of the idea that truth is a matter of perspective - that there are two (or more) sides to every story. There is no clear enemy, the conflict arises from the tension between the dragons and the wolves, and the reader can empathise with both sides, even though many of the adults in the story cannot ... This is a great book for middle-

grade readers 8-12.' - Reading Time
