Why the Rise of the Rest is Good for the West

Random House Books for Young Readers

If only Toots hadn't been so angry with her father. If only she hadn't run home by herself. If only she hadn't seen the fairy on the ceiling. . . . But then again, if things had been different, Toots's whole world wouldn't literally have been turned upside-down. And she would never have had the most amazing adventure. . . . A rare, special book, Toots and the Upside-Down House combines fantasy and adventure with the real, everyday issues of love and loss. This is a dazzling debut novel, one that children--and parents--will return to again and again.

Can We Solve the Problems of the Future? Simon and Schuster

The Upside-Down Magic kids are back in another topsy-turvy adventure in the next installment of this New York Times bestselling series! It's Big Night in Dunwiddle . . . and that means the whole school has a sleepover like no other. For one night every year, magic students run through the halls, hunting for the objects that will win them a super special prize. Nory is super excited for the scavenger hunt. Not only because she likes winning, but also because if her team wins, she thinks there's a chance her best friend Elliott won't move away to attend super snobby Sage Academy. Sebastian is a little less excited once the hunt is on. Yes, he has magical powers that help his team -- like being able to see invisible things or anything that

makes a sound. The problem is that the really loud sounds are hurting him . . . and nobody seems to care. The kids in Upside-Down Magic know their five F's (Flares, Flyers, Fuzzies, Flickers, and Fluxers) -- but to win this night, a sixth F is the most important . . . Friendship.

The Upside-Down Magic kids are back in another topsy-turvy adventure in the next installment of this New York Times bestselling series, now a Disney Channel Original Movie!

The Ingenuity Gap Blueheart Press

I highly recommend this book if you want to be happier, healthier and wealthier. I read this book in one sitting and began implementing some of the ideas the next day. The ideas are easy to implement but powerful in their results. Jack Canfield, Co-creator of the Chicken Soup for the Soul series and The Success Principles One of the downsides of life is that we rarely have to deal with an overabundance of gratitude. Most of us tend to focus on the negative. We don't receive nearly as much acknowledgment as we would like, and we don't give as much recognition as others deserve. Now for the upside! When we learn to harness the power of gratefulness, we can make a major positive difference in so many areas of our lives, as well as the lives of those around us. The Upside of Down Times is your first step toward making that happen.

The Upside of Down Scholastic Inc.

America is in decline, and the rise of the East suggests a bleak future for the

world's only superpower -- so goes the conventional wisdom. But what if the traditional measures of national status are no longer as important as they once were? What if America's well-being was assessed according to entirely different factors? In *The Upside of Down*, Charles Kenny argues that America's so-called decline is only relative to the newfound success of other countries. And there is tremendous upside to life in a wealthier world: Americans can benefit from better choices and cheaper prices offered by schools and hospitals in rising countries, and, without leaving home, avail themselves of the new inventions and products those countries will produce. The key to thriving in this world is to move past the jeremiads about America's deteriorating status and figure out how best to take advantage of its new role in a multipolar world. A refreshing antidote to prophecies of American decline, *The Upside of Down* offers a fresh and highly optimistic look at America's future in a wealthier world.

The Upside-Down Gardener Random House Books for Young Readers

In "The Upside of Down," Dr. Stowell presents tribulation as God's tool to prepare Christians for His use. It is through trials that God draws us closer if we will rely on Him. Citing numerous passages of Scripture and the personal experience of Christians who have suffered, Stowell explains that ordeals will come, but we can respond productively in the midst of trouble if we remember that there is an ultimate purpose behind our suffering and that the "end of the ride is God's responsibility."

The Upside Down Dog Penguin

For Clementine Haas, finding herself is more than a nice idea. Ever since she woke up in an Irish hospital with

complete amnesia, self-discovery has become her mission. They tell her she's the lone survivor of a plane crash. They tell her she's lucky to be alive. But she doesn't feel lucky. She feels...lost. With the relentless Irish press bearing down on her, and a father she may not even recognize on his way from America to take her home, Clementine assumes a new identity and enlists a blue-eyed Irish stranger, Kieran O'Connell, to help her escape her forgotten life...and start a new one. Hiding out in the sleepy town of Waterville, Ireland, Clementine discovers there's an upside to a life that's fallen apart. But as her lies grow, so does her affection for Kieran, and the truth about her identity becomes harder and harder to reveal, forcing Clementine to decide: Can she leave her past behind for a new love she'll never forget?

The World Turned Upside Down

Chronicle Books

NEW YORK TIMES BESTSELLER • The

official behind-the-scenes companion guide to the first two seasons and beyond, featuring exclusive photos and stunning concept art. Stranger things have happened. . . . When the first season of *Stranger Things* debuted on Netflix in the summer of 2016, the show struck a nerve with millions of viewers worldwide and received broad critical acclaim. The series has gone on to win six Emmy Awards, but its success was driven more than anything by word of mouth, resonating across generations. Viewers feel personal connections to the characters. Now fans can immerse themselves in the world—or worlds—of Hawkins, Indiana, like never before. Inside you'll find • original commentary and a foreword from creators Matt and Ross Duffer • exclusive interviews with the stars of the show, including Millie Bobby Brown, Finn Wolfhard, and David

Harbour • the show's earliest drafts, pitches to Netflix, and casting calls • insights into the Duffers' creative process from the entire crew—from costume and set designers to composers and visual-effects specialists • deep dives into the cultural artifacts and references that inspired the look and feel of the show • a map of everyday Hawkins—with clues charting the network of the Upside Down • a digital copy of the Morse code disk Eleven uses, so you can decipher secret messages embedded throughout the text • a look into the future of the series—including a sneak preview of season three! Adding whole new layers to enrich the viewing experience, this keepsake is essential reading for anyone and everyone who loves *Stranger Things*. Note: This ebook is best viewed on a color device with a larger screen.

A Primer for the Looking-Glass World
Simon and Schuster

Amigo, a black retriever whose name means "friend" in Spanish, loves having someone rub his tummy and sleeping with his favorite stuffed bear as a pillow. As he drifts off to sleep, he gives a deep sigh and rolls upside down. When he's awake, the dog chases all animals—actually, anything with four legs. His owners don't give him many chances to chase things, so he dreams about them. The problem is he always winds up in trouble. By the story's end, it is hoped that he has learned that chasing animals is not a good idea. Notice Amigo's favorite bear doing something in each of the illustrations. He may be hidden or not! Is the bear real or not? It's up to you to find out.

A Pull, Pop, Lift and Learn Book!

Scholastic Inc.

Upside-Down Fish lives in a big tank at a pet store filled with lots of other fish. The other fish in the tank swim the right way up though, and they don't understand why Upside-Down Fish is so different.

This makes him very lonely. One day, a child comes into the store and chooses Upside-Down Fish as a pet. He is anxious that he won't be accepted in his new tank, but much to his surprise, the new fish are friendly! They love that he is different and want to know what it's like to have the sky below and the ground above.

Upside-Down Fish realizes that it's okay to be different—it's what makes him so special. Kate Louise and Laura Matine's *The Upside-Down Fish* is about being yourself and finding happiness with people who accept you for who you are.

Inspired by the author's own upside-down fish, this is a book for any child who feels a little different and needs that extra boost of confidence. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults.

Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

[The Official Behind-the-Scenes Companion](#) Penguin

A heartwarming, feel-good story of friendship and overcoming adversity in a time of COVID, this is a book about community, giving back, and understanding the world around us through the power of generosity from debut author K. Iburu. With one little announcement from their fourth-grade teacher, Shayla, Liam, Ben, and Ai's world turned upside down. Now, with school on hold due to a strange virus that they don't quite understand, the only semblance of safety they feel is knowing that they have one another in their apartment complex. But as each of them head home and experience their own version of confinement, it becomes very real. And as their individual struggles grow, they need each other now more than ever. Very soon, they discover that they're not the only ones who need a little help. Banded together, the friends find ways to help others struggling in their building. And one by one, they do their part in making their neighbors feel just a little bit safer. As the world becomes more complex, as protests take the streets, Shayla, Liam, Ben, and Ai do everything they can to better understand the world around them and the people around them in order to discover the power and comfort that understanding and generosity can bring.

The Upside-down Cat Discovery House Pub

Jordan O'Neill isn't a fan of labels, considering he has a few. Gay, geek, a librarian, socially awkward, a nervous rambler, an introvert, an outsider. The last thing he needs is one more. But when he realises adding the label 'asexual' might explain a lot, it turns his world upside down. Hennessy Lang moved to Surry Hills after splitting with his boyfriend. His being asexual had

seen the end of a lot of his romances, but he's determined to stay true to himself. Leaving his North Shore support group behind, he starts his own in Surry Hills, where he meets first-time-attendee Jordan. A little bewildered and scared, but completely adorable, Hennessy is struck by this guy who's trying to find where he belongs. Maybe Hennessy can convince Jordan that his world hasn't been turned upside down at all, but maybe it's now--for the first time in his life--the right way up.

The Upside-Down Fish Yale University Press

"Sparkling . . . it's all systems go for a wonderful romance . . . a charming story told with large doses of love and humour." -The Australian Women's Weekly
Eva Kennedy is in a rut. After seven years of working at her uncle's Dublin delicatessen, her artistic aspirations have slipped by the wayside and her latest relationship has fizzled. Whatever happened to the Eva who was going to be someone? Hoping to shake things up and find inspiration, Eva takes a break and ventures to Melbourne, Australia, to visit her old friend Lainey, who, for fun, gives her an exciting new identity. Eva is now exotic and adventurous and . . . not herself. Joseph Wheeler is a successful London designer. Unfortunately his firm is thriving at such a high level that he doesn't have time to actually design anymore. And his love life is nonexistent. In Australia on business, Joseph meets Eva, and the sparks fly--even as Eva is stuck pretending to be someone she's not. Little does she know that Joseph has some secrets of his own. . . . When what starts as a holiday fling quickly blossoms into something more, Joseph and Eva discover that romance can turn life upside down and inside out at the

bottom of the world. BONUS: This edition contains excerpts from Monica McInerney's *Lola's Secret*, *At Home with the Templetons*, *The Faraday Girls*, *Family Baggage*, *The Alphabet Sisters*, and *Greetings from Somewhere Else*.

Upside Down North South Books

The men behind a squad of fierce female vigilantes form their own team in the first of this thrilling series from a #1 New York Times–bestselling author. Through public triumphs and private sorrows, the men in the Sisters' lives—husbands, friends, colleagues, and lovers—have offered invaluable aid and support. In the process, they've become an informal brotherhood of their own, able to relate to the unique challenges and rewards of life among the vigilantes. But after years of bit parts, the Sisterhood's significant others are itching to take center stage. Frustrated with the limits of the criminal justice system, Nikki's husband Jack Emery has recruited his friends Ted, Joe, Harry, Bert, Jay, and Abner. They have brand-new headquarters with state-of-the-art equipment, an unlimited bankroll, and a plaque on the door that reads BOLO Consultants. Their first case: toppling ruthless slum landlord Tyler Sandford—also lieutenant governor of Virginia. Sandford may have friends in very high places, but that's no match for BOLO—or the women who've got their backs...

The Upside of Down Times Pan

MacMillan

Ambigram Christmas childrens' book that bridges the gap between the Santa story and the Jesus story. This ambigram book has two stories in one. The first story shares people celebrating this traditional holiday. Then at the last page, readers are directed to turn the book upside down to read the second story of the birth of Jesus on Christmas day.

The Upside of Falling Down Dell

"New York Times- and "USA Today"-bestselling author Williams delivers poignant romance that explores the deep and sometimes dark corners of love./16.

Inside Outside Upside Down Scholastic Inc.

A ten-year-old girl learns the importance of family and community in this tale of love and hope set during the Hurricane Katrina disaster. Armani Curtis can think about only one thing: her tenth birthday. All her friends are coming to her party, her mama is making a big cake, and she has a good feeling about a certain wrapped box. Turning ten is a big deal to Armani. It means she's older, wiser, more responsible. But when Hurricane Katrina hits the Lower Nines of New Orleans, Armani realizes that being ten means being brave, watching loved ones die, and mustering all her strength to help her family weather the storm. A powerful story of courage and survival, *Upside Down in the Middle of Nowhere* celebrates the miraculous power of hope and love in the face of the unthinkable. Praise for *Upside Down in the Middle of Nowhere* "Lamana goes for and achieves realism here, carefully establishing the characters and setting before describing in brutal detail, beyond what is typical in youth literature, the devastating effects of Katrina—loss of multiple family members, reports of attacks in the Superdome, bodies drifting in the current and less-than-ideal shelter conditions. An honest, bleak account of a national tragedy sure to inspire discussion and research." —Kirkus Reviews "I recommend the book because I think it does a good job of capturing what life was like in New Orleans both before and after Katrina and because Armani's journey will give

readers a lot to think about and discuss. But parents will want to know that it doesn't flinch when describing the death and destruction that hit New Orleans during that time and be cautious with younger, sensitive readers." —Cindy Hudson, author of *Book by Book Hide and Seek (Upside-Down Magic #7)* eBook Partnership

From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable *Memory of Fire Trilogy*, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of

study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page
