Malcolm Fraser knew from personal experience what the person who stutters is up against. His introduction to stuttering corrective procedures first came at the age of fifteen under the direction of Frederick Martin, M.D., who at that time was Superintendent of Speech Correction for the New York City schools. A few years later, he worked with J. Stanley Smith, L.L.D., a stutterer and philanthropist, who, for altruistic reasons, founded the Kingsley Clubs in Philadelphia and New York that were named after the English author, Charles Kingsley, who also stuttered. The Kingsley Clubs were small groups of adult stutterers who met one night a week to try out treatment ideas then in effect. In fact, they were actually practicing group therapy as they talked about their experiences and exchanged ideas. This exchange gave each of the members a better understanding of the problem. The founder often led the discussions at both clubs. In 1928 Malcolm Fraser joined his older brother Carlyle who founded the NAPA-Genuine Parts Company that year in Atlanta, Georgia. He became an important leader in the company and was particularly outstanding in training others for leadership roles. In 1947, with a successful career under way, he founded the Stuttering Foundation of America. In subsequent years, he added generously to the endowment so that at the present time, endowment income covers over fifty percent of the operating budget. In 1984, Malcolm

Fraser received the fourth annual National Council on Communicative Disorders' Distinguished Service Award. The NCCD, a council of 32 national organizations, recognized the Foundation's efforts in "adding to stutterers', parents', clinicians', and the public's awareness and ability to deal constructively with stuttering." This manual presents the first empirically studied, integrative treatment approach developed specifically for co-occurring PTSD and substance abuse. For persons with this prevalent and difficult-to-treat dual diagnosis, the most urgent clinical need is to establish safety--to work toward discontinuing substance use, letting go of dangerous relationships, and gaining control over such extreme symptoms as dissociation and self-harm. The manual is divided into 25 specific units or topics, addressing a range of different cognitive, behavioral, and interpersonal domains. Each topic provides highly practical tools and techniques to engage patients in treatment; teach "safe coping skills" that apply to both disorders; and restore ideals that have been lost, including respect, care, protection, and healing. Structured yet flexible, topics can be conducted in any order and in a range of different formats and settings. The volume is designed for maximum ease of use with a large-size format and helpful reproducible therapist sheets and handouts, which purchasers can also download and print at the companion webpage. Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity - How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and

exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.
