*An Illuminated Novel*

Northwestern  
University Press  
The Jews of Khazaria  
chronicles the history  
of the Khazars, a  
people who, in the

early Middle Ages, founded a large empire in eastern Europe (located in present-day Ukraine and Russia). The Khazars played a pivotal role in world history. Khazaria was one of the largest-sized political formations of its time, an economic and cultural superpower connected to several important trade routes. It was especially notable for its religious tolerance, and in the 9th century, a large portion of the royal family converted to Judaism. Many of the nobles and commoners did likewise shortly thereafter. After their conversion, the Khazars were ruled by a succession of Jewish kings that began to adopt the hallmarks of Jewish civilization, including the Torah and Talmud, the

Hebrew script, and the observance of Jewish holidays. In this thoroughly revised edition of a modern classic, *The Jews of Khazaria* explores many exciting new discoveries about the Khazars' religious life, economy, military, government, and culture. It builds upon new studies of the Khazars, evaluating and incorporating recent theories, along with new documentary and archaeological findings. The book gives a comprehensive accounting of the cities, towns, and fortresses of Khazaria, and features a timeline summarizing key events in Khazar history.

Delta Novel with a Hundred Endings Peter Owen Publishers  
The Somerset

Maugham Prize-winning, international bestselling debut novel: “a dazzling linguistic and formal achievement” set in 18th century London (Salman Rushdie). In eighteenth-century London, John Lempriere works feverishly on a celebrated dictionary of classical mythology that bears his name. But when he discovers a conspiracy against his family dating back 150 years, he embarks on a personal mission that will pit him against enemies he never new he had, allies he never thought he would ever want, and a destiny he never imagined . . . Told with the narrative drive of a political thriller and a Dickensian panorama of place and time, this

“superbly entertaining” tale encompasses multinational conspiracies and a motley cast of scholars, eccentrics, prostitutes, assassins, drunken aristocrats, and octogenarian pirates—all brilliantly depicted across three continents and the world of classical mythology (The Washington Post). *Dictionary of the Khazars* Verso Books  
Two lovers in Belgrade, one from the 1700s, the other from the 1900s, reach out to each other across a gulf of time, in a story that parallels the myth of Hero and Leander. By the author of *Dictionary of the Khazars*. [Landscape Painted with Tea](#) Harper Collins  
#1 SAN FRANCISCO CHRONICLE

BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE CHICAGO TRIBUNE “A picaresque, swashbuckling adventure.”—The Washington Post Book World They’re an odd pair, to be sure: pale, rail-thin, black-clad Zelikman, a moody, itinerant physician fond of jaunty headgear, and ex-soldier Amram, a gray-haired giant of a man as quick with a razor-tongued witticism as with a sharpened battle-ax. Brothers under the skin, comrades in arms, they make their rootless way through the Caucasus Mountains, circa a.d. 950, living as they please and surviving however they can—as blades and thieves for hire and as practiced

bamboozlers, cheerfully separating the gullible from their money. But when they are dragooned into service as escorts and defenders to a prince of the Khazar Empire, they soon find themselves the half-willing generals in a full-scale revolution—on a road paved with warriors and whores, evil emperors and extraordinary elephants, secrets, swordplay, and such stuff as the grandest adventures are made of. Praise for *Gentlemen of the Road* “Within a few pages I was happily tangled in [Chabon’s] net of finely filigreed language, seduced by an old-school-style swashbuckling quest . . . laced with surprises and humor.”—San

Francisco Chronicle  
 “[Chabon] is probably  
 the premiere prose  
 stylist—the Updike—of  
 his generation.”—Time  
 “The action is intricate  
 and exuberant. . . . It’s  
 hard to resist its  
 gathering momentum,  
 not to mention the  
 sheer headlong  
 pleasure of Chabon’s  
 language.”—The New  
 York Times Book  
 Review “[A] wild, wild  
 adventure . . . abounds  
 with lush language . . .  
 This book roars to be  
 read aloud.”—Chicago  
 Sun-Times  
*Tristano* Vintage  
 Hugo and Locus Award  
 Finalist An Economist  
 Best Book of the Year A  
 Milwaukee Journal  
 Sentinel Best Book of  
 2018 “An amazing and  
 engrossing  
 history...Insightful,  
 entertaining, and  
 compulsively  
 readable.” — George R.

R. Martin Astounding is  
 the landmark account  
 of the extraordinary  
 partnership between  
 four controversial  
 writers—John W.  
 Campbell, Isaac  
 Asimov, Robert A.  
 Heinlein, and L. Ron  
 Hubbard—who set off a  
 revolution in science  
 fiction and forever  
 changed our world.  
 This remarkable  
 cultural narrative  
 centers on the figure of  
 John W. Campbell, Jr.,  
 whom Asimov called  
 “the most powerful  
 force in science fiction  
 ever.” Campbell, who  
 has never been the  
 subject of a biography  
 until now, was both a  
 visionary author—he  
 wrote the story that  
 was later filmed as *The  
 Thing*—and the editor  
 of the groundbreaking  
 magazine best known  
 as *Astounding Science  
 Fiction*, in which he

discovered countless legendary writers and published classic works ranging from the I, Robot series to Dune. Over a period of more than thirty years, from the rise of the pulps to the debut of Star Trek, he dominated the genre, and his three closest collaborators reached unimaginable heights. Asimov became the most prolific author in American history; Heinlein emerged as the leading science fiction writer of his generation with the novels Starship Troopers and Stranger in a Strange Land; and Hubbard achieved lasting fame—and infamy—as the founder of the Church of Scientology. Drawing on unexplored archives, thousands of unpublished letters,

and dozens of interviews, Alec Nevala-Lee offers a riveting portrait of this circle of authors, their work, and their tumultuous private lives. With unprecedented scope, drama, and detail, Astounding describes how fan culture was born in the depths of the Great Depression; follows these four friends and rivals through World War II and the dawn of the atomic era; and honors such exceptional women as Doña Campbell and Leslyn Heinlein, whose pivotal roles in the history of the genre have gone largely unacknowledged. For the first time, it reveals the startling extent of Campbell's influence on the ideas that evolved into

Scientology, which prompted Asimov to observe: "I knew Campbell and I knew Hubbard, and no movement can have two Messiahs." It looks unsparingly at the tragic final act that estranged the others from Campbell, bringing the golden age of science fiction to a close, and it illuminates how their complicated legacy continues to shape the imaginations of millions and our vision of the future itself. "Enthralling...A clarion call to enlarge American literary history." — Washington Post "Engrossing, well-researched... This sure-footed history addresses important issues, such as the lack of racial diversity and gender parity for much of the genre's history."

— Wall Street Journal  
 "A gift to science fiction fans everywhere." — Sylvia Nasar, New York Times bestselling author of A Beautiful Mind  
**Doomi Golo—The Hidden Notebooks**  
 Del Rey  
 The Thirteenth Tribe is a ground breaking work of great importance, if only because it has shaped the way that people think about The Jews. It is based on the theory that European Jews, Ashkenazi Jews from Europe, are not descendants of Abraham but rather are the remnants of a tribe, the Khazars, that converted to Judaism in the Eighth Century. We know little about the Khazars, but we do know for certain that they existed and that they were Jewish. The

Jews, Russians, Georgians and Armenians all wrote about the Khazars, but the Khazars left no literature, no books. This was perhaps because the Khazars existed during the Dark Ages, a period from which few books survive today. Koestler's thesis is that while the Khazars as a unified tribe may have disappeared, their descendants survived, only that they were no longer known as the Khazars. Instead, these people are now Eastern European Jews and they continue to live in the same places where the Khazars lived such as in Kiev and Odessa. The view of Arthur Koestler who himself was Jewish is that none of the mass movements of the Jewish people

happened at all. Rather, the Jews stayed in exactly the same place where they have been all along because the Eastern European Jews are the Khazars. They are the same people. Just their name has been changed. Which is more logical: The Traditional Jewish view or Arthur Koestler's theory?  
The Angle Quickest for Flight Harper Collins  
The first novel to be translated from Wolof to English, *Doomi Golo—The Hidden Notebooks* is a masterful work that conveys the story of Nguirane Faye and his attempts to communicate with his grandson before he dies. With a narrative structure that beautifully imitates the movements of a

musical piece, Diop relates Faye's trauma of losing his only son, Assane Tall, which is compounded by his grandson Badou's migration to an unknown destination. While Faye feels certain that his grandson will return one day, he also is convinced that he will no longer be alive by then. Faye spends his days sitting under a mango tree in the courtyard of his home, reminiscing and observing his surroundings. He speaks to Badou through his seven notebooks, six of which are revealed to the reader, while the seventh, the "Book of Secrets," is highly confidential and reserved for Badou's eyes only. In the absence of letters from

Badou, the notebooks form the only possible means of communication between the two, carrying within them tunes and repetitions that give this novel its unusual shape: loose and meandering on the one hand, coherent and tightly interwoven on the other.

Translated by Vera Wülfing-Leckie and El Hadji Moustapha Diop.  
*John W. Campbell, Isaac Asimov, Robert A. Heinlein, L. Ron Hubbard, and the Golden Age of Science Fiction* BRILL

By the author of the highly acclaimed literary bestseller "Dictionary of the Khazars," "Landscape Painted with Tea," Milorad Pavic's second novel, is a tale of mysterious quest that is part modern

Odyssey and part crossword puzzle. It begins with the story of a brilliant but failed architect in Belgrade and his search for his father, an officer who vanished in Greece during World War II. The truth about his fate--some of it set in motion 2,000 years ago and some of it by the Nazis-- is raveled in the history and secrets of Mount Athos, the most ancient of all monasteries, perched atop its inaccessible mountain on the Aegean.

*Uvod u Microsoft Office Knopf*

Italo Calvino once remarked that in Giorgio Manganelli, "Italian literature has a writer who resembles no one else, unmistakable in each of his phrases, an inventor who is

irresistible and inexhaustible in his games with language and ideas." Nowhere is this more true than in this Decameron of fictions, each composed on a single folio sheet of typing paper. Yet, what are they? Miniature psychodramas, prose poems, tall tales, sudden illuminations, malevolent sophistries, fabliaux, paranoiac excursions, existential oxymorons, or wondrous, baleful absurdities? Always provocative, insolent, sinister, and quite often funny, these 100 comic novels are populated by decidedly ordinary lovers, martyrs, killers, thieves, maniacs, emperors, bandits, sleepers, architects, hunters, prisoners, writers, hallucinations,

ghosts, spheres, dragons, Doppelgngers, knights, fairies, angels, animal incarnations, and Dreamstuff. Each "novel" construes itself into a kind of Mbius strip, in which, as one critic has noted, "time turns in a circle and bites its tail" like the Ouroborous. In any event, Centuria provides 100 uncategorizable reasons to experience and celebrate an immeasurably wonderful writer.

York Times •  
Entertainment Weekly  
• The Christian Science  
Monitor • The Kansas  
City Star • Library  
Journal Weaving a  
brilliant latticework of  
family legend, loss,  
and love, Téa Obreht,  
the youngest of The  
New Yorker's twenty  
best American fiction  
writers under forty, has  
spun a timeless novel  
that will establish her  
as one of the most  
vibrant, original  
authors of her  
generation. In a Balkan  
country mending from  
war, Natalia, a young  
doctor, is compelled to  
unravel the mysterious  
circumstances  
surrounding her  
beloved grandfather's  
recent death.  
Searching for clues,  
she turns to his worn  
copy of *The Jungle  
Book* and the stories he  
told her of his

encounters over the  
years with "the  
deathless man." But  
most extraordinary of  
all is the story her  
grandfather never told  
her—the legend of the  
tiger's wife. NAMED

For sixty years Jewish refugees and their

descendants have prospered in the Federal District of Sitka, a "temporary" safe haven created in the wake of the Holocaust and the shocking 1948 collapse of the fledgling state of Israel. The Jews of the Sitka District have created their own little world in the Alaskan panhandle, a vibrant and complex frontier city that moves to the music of Yiddish. But now the District is set to revert to Alaskan control, and their dream is coming to an end. Homicide detective Meyer Landsman of the District Police has enough problems without worrying about the upcoming Reversion. His life is a shambles, his marriage a wreck, his career a disaster. And in the

cheap hotel where Landsman has washed up, someone has just committed a murder—right under his nose. When he begins to investigate the killing of his neighbor, a former chess prodigy, word comes down from on high that the case is to be dropped immediately, and Landsman finds himself contending with all the powerful forces of faith, obsession, evil, and salvation that are his heritage. At once a gripping whodunit, a love story, and an exploration of the mysteries of exile and redemption, *The Yiddish Policemen's Union* is a novel only Michael Chabon could have written.

**Fragments** New Directions Publishing  
"In a counterfactual

world resembling the 1930s, the state of Khazaria, an isolated nation of warrior Jews, is under attack by the Germanii. Esther, the precocious daughter of Khazaria's chief policy advisor, sets out on a quest to ensure the survival of her homeland"--

The World of the

Khazars HarperCollins

In its more than three hundred pages, *The Dictionary of Love* gets to the heart of the matter: To rusticate is to get out of town with one's lover. A ballabust is a controlling wife or girlfriend. Bob Hope had the longest Hollywood marriage. Kinkalicious is your girlfriend in a teddy. Tahiti is an island where lovers do the 'upa'upa. From "afterglow" to "zipper," "Ikea" to "Twister," The

Dictionary of Love is chockablock with everything you ever wanted to know about love but couldn't find in your Funk & Wagnalls. The book draws from all areas of life: love songs, poems, history, law books, sex manuals, medical and psychology texts, folklore, modern science, cookbooks, classical literature, Internet dating sites, TV shows, and today's slang. What famous people best define love? According to The Dictionary of Love, they include Johnny Depp, Angelina Jolie, Bill Clinton, Casanova, Lana Turner, Nefertiti, Zsa Zsa Gabor, Don Quixote, Ben & Jerry—even Flipper and Lassie! Included, too, are charts, graphs, and illustrations, plus a G-spot directional map

for women to give their boyfriend or lover. An indispensable tool for anyone who is composing a love sonnet, breaking up over e-mail, writing a romance novel, planning a romantic getaway, or just looking for something juicy to whisper in their lover's ear, The Dictionary of Love is a first-of-its-kind compendium of all things amorous. *Astounding Open Road + Grove/Atlantic* Three wise men, one Christian, one Jewish, one Moslem, discuss the history of the ninth century Khazars, a great lost race [The Jews of Khazaria](#) McPherson These stories of disparate experience travel beyond politics and multicultural manners to become an

essential discussion of otherness.

The Book of Esther Dial Press Trade Paperback From the daring imagination of one of China's greatest living novelists comes a work of startling power and originality—the story of a young man “displaced” to a small village in rural China during the 1960s. Told in the format of a dictionary, with a series of vignettes disguised as entries, *A Dictionary of Maqiao* is a novel of bold invention—and a fascinating, comic, deeply moving journey through the dark heart of the Cultural Revolution. Entries trace the wisdom and absurdities of Maqiao: the petty squabbles, family grudges, poverty, infidelities, fantasies, lunatics,

bullies, superstitions, and especially the odd logic in their use of language—where the word for “beginning” is the same as the word for “end”; “little big brother” means older sister; to be “scientific” means to be lazy; and “streetsickness” is a disease afflicting villagers visiting urban areas. Filled with colorful characters—from a weeping ox to a man so poisonous that snakes die when they bite him—*A Dictionary of Maqiao* is both an important work of Chinese literature and a probing inquiry into the extraordinary power of language. *Lemprière's Dictionary* Simon and Schuster In 1988 Milorad Pavic burst upon the literary scene with his critically acclaimed,

international best seller, Dictionary of the Khazars. In it he asked his readers to experience his book in a new and exciting way, as he challenged their traditional concepts of the reading process. In his next two novels, Landscape Painted With Tea and The Inner Side of the Wind, he continued to challenge as he joined a modern Odyssey with a crossword puzzle, and then he told the same tale of two lovers from two perspectives -- male and female -- and asked us to read it from either front or back. His new novel, Last Love in Constantinople, does not disappoint, as Pavic once again demonstrates himself to be a master of narrative legerdemain.

A Lexicon Novel in 100.000 Words : the Androgynous Edition  
Thunder's Mouth Press  
"Walter Abish has dovetailed his novel within a Procrustean scheme that has the terrifying and irrefutable logic of the alphabet. Alphabetical Africa is in the line of writers such as Raymond Roussel, Raymond Queneau, Georges Perec and Harry Mathews, who have used constrictive forms to penetrate the space on the other side of poetry." -- John Ashbery  
Last Love in Constantinople MSU Press  
"Archetypes of the cowboy story, tropes drawn from sci-fi, love letters, diaries, confessions all abound in this relentlessly engaging tale. Dodson

has quite brilliantly exposed the gears and cogs whirring in the novelist's imagination. It is a mad and beautiful thing." --Keith Donohue, The Washington Post Winner of Best of Region for the Southwest in PRINT's 2016 Regional Design Awards Bats of the Republic is an illuminated novel of adventure, featuring hand-drawn maps and natural history illustrations, subversive pamphlets and science-fictional diagrams, and even a nineteenth-century novel-within-a-novel—an intrigue wrapped in innovative design. In 1843, fragile naturalist Zadock Thomas must leave his beloved in Chicago to deliver a secret letter to an infamous general

on the front lines of the war over Texas. The fate of the volatile republic, along with Zadock's future, depends on his mission. When a cloud of bats leads him off the trail, he happens upon something impossible... Three hundred years later, the world has collapsed and the remnants of humanity cling to a strange society of paranoia. Zeke Thomas has inherited a sealed envelope from his grandfather, an esteemed senator. When that letter goes missing, Zeke engages a fomenting rebellion that could free him—if it doesn't destroy his relationship, his family legacy, and the entire republic first. As their stories overlap and history itself begins to unravel, a war in time

erupts between a lost civilization, a forgotten future, and the chaos of the wild. Bats of the Republic is a masterful novel of adventure and science fiction, of elliptical history and dystopian struggle, and, at its riveting core, of love.
