Oliver Sacks ... Oliver Wolf Sacks, CBE FRCP was a neurologist, naturalist, historian of science, and author. Born in Britain, and mostly educated there, he spent his career in the United States. He believed that the brain is the "most incredible thing in the universe". He became widely known for writing best-selling case histories about both his patients' and his own disorders and unusual experiences, with some of his books adapted for plays by major playwrights, feature films,

animated short films, opera, dance
 Oliver Sacks - Wikipedia
 Called the “poet laureate of medicine” by The New York Times, Sacks is the author of thirteen books, including The Man Who Mistook His Wife for a Hat, Musicophilia, and Awakenings, which inspired an Oscar-nominated film and a play by Harold Pinter.
