Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. With its perfect balance of giggles and shivers, this silly-spooky prequel to the award-winning *I Need My Monster* and *Hey, That's MY Monster!* will keep young readers entertained.

**Becoming Monsters Book 1** Farrar, Straus and Giroux (BYR)

Should we humanize the world's most inhumane leaders? Adolf Hitler. Joseph Stalin. Benito Mussolini. Mao Zedong. Kim Il Sung. Vladimir Lenin. These cruel dictators wrote their names on the pages of history in the blood of countless innocent victims. Yet they themselves

were once young people searching for their place in the world, dealing with challenges many of us face—parental authority, education, romance, loss—and doing so in ways that might be uncomfortably familiar. Historian Brandon K. Gauthier has created a fascinating work—epic yet intimate, well-researched but immensely readable, clear-eyed and empathetic—looking at the lives of these six dictators, with a focus on their youths. We watch Lenin's older brother executed at the hands of the Tsar's police—an event that helped radicalize this overachieving high-schooler. We observe Stalin grappling with the death of his young, beautiful wife. We see Hitler's mother mourning the loss of three young children—and determined that her first son to survive infancy would find his place in the world. The purpose isn't to excuse or simply explain these horrible men, but rather to treat them with the empathy they themselves too often lacked. We may prefer to hold such lives at arm's length so as to demonize them at will, but this book reminds us that these monstrous rulers were also human beings—and perhaps more relatable than we'd like.

Prepare for the ultimate erotic LitRPG experience! Five years ago, the world Changed. He compares his drawing—showing a green monster with a long tail, pointy nails, and big teeth—with an assortment of amusing monsters, until he finds the perfect match. This turns out to be his beloved STUFFED monster toy. Children will love comparing colors, checking if tails are long or short, if nails are pointy or round, if teeth are big or small until they, too, find the monster who is a perfect match.
