Alaska, dream of wading across the tundra for caribou, hope to stalk musk oxen in the Arctic, or aspire to trail a horse-killing cougar in the mountains of Alberta, you'll find stories here to inspire you. As editor for *Bowhunter* magazine, I read thousands of manuscripts, and above all I loved discovering a nugget among the dozens of new writers who submitted manuscripts. Eyad Yehyawi was one of those. From the beginning, he wrote well and exuded enthusiasm for bowhunting. In his book, *Crimson Arrows: A Bowhunting Odyssey*, Yehyawi details his beginnings and growth as a bowhunter. He starts with whitetails and turkeys in his home state of Iowa and progresses to black bears, pronghorns, mule deer, elk, caribou, musk oxen, bison, and other species. All hunters can relate to his progression as a bowhunter and will find his stories compelling and fun to read. ~ Dwight Schuh ~ Former Editor, *Bowhunter* magazine and Member of the Bowhunters Hall of Fame *Modern Bow Hunting* Oxford University Press
