_____ 'It is almost impossible not to fall under the spell of Eustace Conway ... his accomplishments, his joy and vigor, seem almost miraculous' - New York Times Review of Books 'Gilbert takes a bright-eyed bead on Eustace, hitting him square with a witty modernist appraisal of folkloric American masculinity' - The Times 'Conversational, enthusiastic, funny and sharp, the energy of The Last American Man never

ebbs' - New Statesman _____ A fascinating, intimate portrait of an endlessly complicated man: a visionary, a narcissist, a brilliant but flawed modern hero At the age of seventeen, Eustace Conway ditched the comforts of his suburban existence to escape to the wild. Away from the crushing disapproval of his father, he lived alone in a teepee in the mountains. Everything he needed he built, grew or killed. He made his clothes from deer he killed and skinned before using their sinew as sewing thread. But he didn't stop there. In the years that followed, he stopped at nothing in pursuit of bigger, bolder

challenges. He travelled the Mississippi in a handmade wooden canoe; he walked the two-thousand-mile Appalachian Trail; he hiked across the German Alps in trainers; he scaled cliffs in New Zealand. One Christmas, he finished dinner with his family and promptly upped and left - to ride his horse across America. From South Carolina to the Pacific, with his little brother in tow, they dodged cars on the highways, ate road kill and slept on the hard ground. Now, more than twenty years on, Eustace is still in the mountains, residing in a thousand-acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature. But over time he has had to reconcile his ambitious dreams with the sobering realities of

modernity. Told with Elizabeth Gilbert's trademark wit and spirit, *The Last American Man* is an unforgettable adventure story of an irrepressible life lived to the extreme. *The Last American Man* is a New York Times Notable Book and National Book Critics Circle Award Finalist.

From USA Today bestseller Jennifer Sucevic comes a sexy new sports romance. Roan King. The uncrowned king of Barnett University. He's like a freaking celebrity around here. It's totally ridiculous. People, by which I mean grown women, actually stalk him on the internet. And around campus. Apparently, he's god's gift to both

football and the ladies (I'm using that term loosely). All he has to do is smile and girls just fall right onto their backs before spreading their legs nice and wide. I've heard that he's already plowed his way through half the female population here at Barnett. I'm sure he'll work his way through the second half before he gets drafted to the NFL later this year. Yeah... I don't plan to be one of them. The guy is nothing more than a conceited player. You know the type- a steroid infused meathead jock coasting through college on his football prowess. Ugh. I have three words for you- avoid, avoid, avoid. Need I say more? I don't think so. I've had the sad misfortune of running into him on campus. Literally. As in- I literally slammed into him before spilling my iced coffee drink all over that

wide rippling chest of his (did I just say that?). What I learned from the experience is that Roan King is one hell of a cocky son of a- I also learned that he has the most spectacular chest...And don't even get me started on those abs... I could probably cut diamonds on them. Unfortunately for me, Operation-Avoid-Roan-King isn't going so well. Everywhere I go, there he is. If he wasn't so ridiculously hot, he would be a hell of a lot easier to forget. With his dark hair, shocking, turquoise-colored eyes and (damn him) buff body, he's easily the most gorgeous guy I've ever laid eyes on. Crap... see what I mean? Why do I suddenly have the bad feeling that Roan King is going to lead to my utter ruin and downfall?

This book reveals the inadequacy of a unified "gay" identity in studying the lives of queer college men. Instead, seven types of identities are discernible in the lives of non-heterosexual college males, as the author shows.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived

his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

You blunder into the grand opening of a new hospital, sign up to volunteer and, with considerable reluctance, let yourself be assigned to the ER. What starts as a

Monday evening lark eventually becomes a life-changing experience. Your new course leads from the ER to becoming a volunteer EMT and, later, a paramedic and a perennial night school student. Eventually, at an age when others might be thinking of retiring to play golf, you quit your job, move away from home, and go back to college as a physician assistant student with strangers less than half your age. This book details the often humorous experience that follows from a perspective that hopefully will help others follow their own paths, whatever they may be. Along the way, new experiences evoke old memories, while new friends, teachers, and patients teach important new lessons. The book comes full circle with a view of what it is

like to be a PA, one of U.S. News & World Report's "50 hottest careers."

Each of us has only one life to live. Some lives are long and some are cut too short. They can be full of happy times, but there can also be sad moments. The events that shape our lives are all pieces of our life's puzzle. The choices we make, the lessons we learn from our life's experiences, and the people who share them with us, all help to influence who we are and who we will become. I have been around for over 80 years, and during my long life, I have had many experiences and learned many lessons along the way. In sharing some of these with you, it is not my intention to teach or give advice. Nor do I want to tell anyone how they should live, what they

should believe, or what they ought to do. Instead, I want to share some of the things I learned that proved to be useful to me on my life's journey. I hope some of these lessons might also be helpful as you make your way on your own journey through life.

f you lived and worked in Boston at any point during the last half century, you were aware of a force emanating from an increasingly influential institution on the banks of the Charles River; the institution was Boston University and the force behind it was John Silber. From his induction in 1971 until his retirement in 2011, Silber was unrelenting in improving the standards and quality of his university. What he may have lacked

in tact, he more than made up for in intellectual brilliance, wide-ranging vision, and stubborn advocacy. A professor of philosophy, celebrated for his work on Immanuel Kant, Silber was a humanist in the tradition of Jefferson, Holmes, Whitehead, and Barzun. Small Farm, Big Farm Boy Stephanie Queen

December 25, 2023! The #1 New York Times bestselling true story about the American rowing triumph of the 1936 Olympics in Berlin—from the author of Facing the Mountain For readers of Unbroken, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the

American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington's eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys' own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable

portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

Jack They say I'm a troubled kid, labeled a bad-boy jock for my rebel attitude. You'd think at St. Paul University that label would put me at the top of the watch list for expulsion, or at least be a death sentence to my social life. But no. In truth, I should be a pariah, but I'm not. I'm the BMOC because I'm the starting quarterback of the prized football team. After last season's bowl game victory, I could be Voldemort and I'd still get the champagne treatment. But who cares? Because the one girl on this campus I want doesn't give a sh*t about football. She thinks bad boys are, well, bad. Worst of all, she's my nemesis from back home. It's messed up that I'm stuck on Joni, because she's the biggest threat to my goal of winning the Heisman Trophy.

It kills me that she's also a hot tamale as my grandpa would say. If he were still alive. Losing grandpa started my trouble. Being with Joni could ruin me. Or it could save me. All I need to do is convince her she's not my enemy... Big Man on Campus is a sizzling college sports romance. This full length standalone novel is the first in the Big Men On Campus series. If you love stories where enemies become lovers and bad boys are redeemed, then you'll enjoy this one! (Contains sex and language for a mature audience.)

An eye-opening and at times controversial insider's look at the current state of higher education in America, from one of the nation's most distinguished and down-to-earth university presidents. At a time when
