This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials. Selections discuss the play in terms of historical context, dating, and sources; character analysis; comic elements and verbal conceits; evidence of authorship; performance analysis; and feminist interpretations. Alongside theater reviews, production photographs, and critical commentary, the volume also includes essays written by practicing theater artists who have worked on the play. An index by name, literary work, and concept rounds out this valuable resource.

 For Ethan Mordden, the closing night of the hit musical, 42nd St. sounded the death knell of the art form of the Broadway musical. After that, big orchestras, real voices, recognizable books and intelligent lyrics went out the window in favor of cats, helicopters, yodeling Frenchmen, and the roof of the Paris Opera. Mordden takes us through the aftermath of the days of the great Broadway musical. From the long-running Cats to Miss Saigon, Phantom, and Les Miserables, to gems like The Producers, he is unsparing in his look at the remains of the day. Not content to scold the shows' creators, Mordden takes on the critics, too, splaying their bodies across the Great White Way like Sweeney Todd giving a close shave. Once more, it's "curtain going up," but Mordden is not applauding.

This book provides a comprehensive and lively introduction to the major trends in film scoring from the silent era to the present day, focussing not only on dominant Hollywood practices but also offering an international perspective by including case studies of the national cinemas of the UK, France, India, Italy, Japan and the early Soviet Union. The book balances wide-ranging overviews of film genres, modes of production and critical reception with detailed non-technical descriptions of the interaction between image track and soundtrack in representative individual films. In addition to the central focus on narrative cinema, separate sections are also devoted to music in documentary and animated films, film musicals and the uses of popular and classical music in the cinema. The author analyses the varying technological and aesthetic issues that have shaped the history of film music, and concludes with an account of the modern film composer's working practices.

Have a rockin' time introducing children to Footloose, rewritten for children by the one and only Kenny Loggins himself. Time to cut loose! Have a rockin' time introducing children to the fun of Footloose, rewritten for children by the one and only Kenny Loggins. As a zookeeper named Jack joins the zoo animals in an all-night dance party, this new original story from Loggins is sure to get your feet moving. Little ones will love the cast of characters, including the rockin' chimp Louise ("Geez, Louise"), Mister DJ Elephant, the lemur Marie ("Oo Wee, Marie"), Milo the wombat, Luke the funkier cat in the zoo, and so many more rocking, bopping, boogeying, tangoing, shaking, rattling and rolling animals!

A History G Schirmer Incorporated

This book offers a unique examination of the development of popular music function in film. It assesses the contribution of popular music to the interpretation of the most significant films, covering the period from rock 'n' roll's initial introduction at the opening of Blackboard Jungle, to the backlash against disco, which followed soon after the release of Saturday Night Fever. By dividing this period into five phases—The Classical American Musical Phase, The British Invasion Phase, The New Hollywood Alienation Phase, The Disco Phase and The Post-Disco Conservative Phase—the book pinpoints key moments at which individual developments occurred and lays out a path of expansion in popular music function. Each chapter offers close analyses of this period's most innovative films; examines the cultural, historical, technical and industrial factors peculiar to each phase and considers the influence of these upon the specific timing of functional advances.

Broadway Yearbook 2000-2001 is a relevant and irreverent record of the theatrical year. A vivid album of the year on the Great White Way, Broadway Yearbook gives readers front-row seats for the phenomenon of The Producers and the rest of the season's hits and misses. Steven Suskin's acclaimed new theatre annual delivers a vibrant, candid, and thoughtful account of every show to hit the boards: exciting musicals such as The Full Monty and the revival of 42nd Street; intriguing new plays like Proof and The Tale of the Allergist's Wife; and fascinating failures, including Jane Eyre and the beleaguered Seussical. Broadway Yearbook tells us what the shows were actually like. It is an interpretive record, featuring not only dates and names but also the stories behind the statistics. Each entry is accompanied by credits and cast lists, scorecards summarizing overall critical reception for each show, a summary of each show's financial performance, and copies of the illustrative program covers and title pages. Appendices provide a roundup of the season's major awards, memorable performances of the year, obituaries, long run leaders, shows still running from prior seasons, scheduled shows that never reached Broadway, and a comprehensive index. Steven Suskin has provided a unique and detailed record of the season's memorable moments and high points (and low points as well). Written from an insider's perspective, the book is knowledgeable, intriguing, provocative, and entertaining. Broadway Yearbook brings the shows of the 2000-2001 season back for an encore.
