This volume is a comprehensive collection of critical essays on *The Taming of the Shrew*, and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender,

authority, female autonomy and unruliness, courtship and marriage, language and speech, and performance and theatricality.

In March 2006 I performed my thesis role in the production, *As Bees in Honey Drown*, directed by Dr. Rinda Frye at the University of Louisville. I played the role of Alexa Vere de Vere, a role that I did not, until recently, feel equipped to play. In this thesis I will come to terms with a fear that has plagued me for years: stage fright. In doing so, I will review each of the roles I performed throughout my graduate career. I will discuss the

way in which each role brought to me a new sense of enlightenment. I will show how through both triumphs and failures I identified my weaknesses. I will present the obstacles I faced with each production and how I was able to use the tools I received through one production and apply them to the next. Finally, I will use all of these attributes in order to show how I successfully played the role of a lifetime.

Filling an important gap in the literary world, The Richard Peabody Reader is a wide-ranging selection of this great writer's poetry and prose. As a publisher, Peabody's steadfast dedication to that which is new, challenging, innovative, and dynamic has won him a wide

reputation among writers whose work he has championed. This volume demonstrates those same values, embodied in nearly four decades of fiercely smart, sophisticated, and often very funny writing. From his first collection of poems, *I'm in Love with the Morton Salt Girl*, to his most recent collection of short stories, *Blue Suburban Skies*, Peabody has established and developed a thoroughly unique voice, both warm and piercing, to deliver content that ranges from the hilarious, as in the short story "Flea Wars," to the bittersweet, as in the poem "The Other Man is Always French," to the elegiac, as in the poem in "Civil War Pieta," to the absurd, as in the rollicking farce of the short story, "Bad Day at Ikea." Peabody's aesthetic is all-embracing—strands of

punk, beat, experimental, feminist, and political protest literary influences blend with the purely romantic to create a body of work that is both profound and pleasing.

From Ryan La Sala, the wildly popular author of *Reverie*, comes a twisted and tantalizing horror novel set amidst the bucolic splendor of a secluded summer retreat. Mars has always been the lesser twin, the shadow to his sister Caroline's radiance. But when Caroline dies under horrific circumstances, Mars is propelled to learn all he can about his once-inseparable sister who'd grown tragically distant. Mars's genderfluidity means he's often excluded from the traditions -- and expectations -- of his politically-connected family. This includes

attendance at the prestigious Aspen Conservancy Summer Academy where his sister poured so much of her time. But with his grief still fresh, he insists on attending in her place. What Mars finds is a bucolic fairytale not meant for him. Folksy charm and sun-drenched festivities camouflage old-fashioned gender roles and a toxic preparatory rigor. Mars seeks out his sister's old friends: a group of girls dubbed the Honeys, named for the beehives they maintain behind their cabin. They are beautiful and terrifying -- and Mars is certain they're connected to Caroline's death. But the longer he stays at Aspen, the more the sweet mountain breezes give way to hints of decay. Mars's memories begin to falter, bleached beneath the relentless summer sun.

Something is hunting him in broad daylight, toying with his mind. If Mars can't find it soon, it will eat him alive.

NATIONAL BESTSELLER • From the bestselling author of *The Night Circus*, a

timeless love story set in a secret underground world—a place of pirates, painters, lovers, liars, and ships that sail upon a starless sea. Zachary Ezra Rawlins is a graduate student in Vermont when he discovers a mysterious book hidden in the stacks. As he turns the pages, entranced by tales of lovelorn prisoners, key collectors, and nameless acolytes, he reads something strange: a story from his own childhood. Bewildered by this inexplicable book and desperate to make sense of how his own life came to be recorded, Zachary uncovers a series of clues—a bee, a key, and a sword—that lead him to a masquerade party in New York, to a secret club, and through a doorway to an ancient library hidden far below the surface of the earth. What Zachary finds in this curious

place is more than just a buried home for books and their guardians—it is a place of lost cities and seas, lovers who pass notes under doors and across time, and of stories whispered by the dead. Zachary learns of those who have sacrificed much to protect this realm, relinquishing their sight and their tongues to preserve this archive, and also of those who are intent on its destruction. Together with Mirabel, a fierce, pink-haired protector of the place, and Dorian, a handsome, barefoot man with shifting alliances, Zachary travels the twisting tunnels, darkened stairwells, crowded ballrooms, and sweetly soaked shores of this magical world, discovering his purpose—in both the mysterious book and in his own life.

The Boy in the Lake Taylor & Francis

They escape to Tiburon, South Carolina—a town that holds the secret to her mother's past. Taken in by an eccentric trio of Black beekeeping sisters, Lily is introduced to their mesmerizing world of bees and honey, and the Black Madonna. This is a

remarkable novel about divine female power, a story that women will share and pass on to their daughters for years to come.

THE STORY: Yes, we love the cinema for its great auteurs, its glorious faces and its daring images. But in this tabloid age where big stars go on Oprah and jump around like heartsick schoolboys, what we really love is all that dish! The play *Stops Along the Way* Rowman & Littlefield

From the author of *As Bees in Honey Drown* and *The Little Dog Laughed*, this delightfully au courant comedy gives us Missy, an avant-garde video artist, who entertains herself re-editing her family's

It's May 1973 when a young man wanders into a dilapidated community theater in Reading, PA. The company members welcome him—well, only because they need a set painter that day. The young man then proceeds to soak up all the idealism and the craziness that comes with being part of a struggling theater company with big dreams. When a playwright looks back at his beginnings in the theater and

decides to chronicle those experiences in a play, all sorts of things can happen. If you're Douglas Carter Beane, who grew out of his Reading, PA, community theater days to become one of the stage's master writers, it's bound to bring a measure of gimlet-eyed reflection, a large dollop of self-deprecation, and a heaping dose of hilarity.

At the heart of every bee hive is a queen bee. Since her well-being is linked to the well-being of the entire colony, the

ability to find her among the residents of the hive is an essential beekeeping skill. In *QueenSpotting*, experienced beekeeper and professional "swarm catcher" Hilary Kearney challenges readers to "spot the queen" with 48 fold-out visual puzzles — vivid up-close photos of the queen hidden among her many subjects. *QueenSpotting* celebrates the unique, fascinating life of the queen bee and chronicles royal hive happenings such as *The Virgin Death Match*, *The Nuptial Flight* — when the queen mates with a cloud of male drones high in the air — and the dramatic *Exodus of the Swarm* from the hive. Readers will thrill at Kearney's adventures in capturing these swarms from the strange places they settle, including a Jet Ski, a couch, a speed

boat, and an owl's nesting box. Fascinating, fun, and instructive, backyard beekeepers and nature lovers alike will find reason to return to the pages again and again.

Combining the best of memoir, travel literature, and food writing, Christopher Bakken delves into one of the most underappreciated cuisines in Europe in this rollicking celebration of the Greek table. He explores the traditions and history behind eight elements of Greek cuisine—olives, bread, fish, cheese, beans, wine, meat, and honey—and

journeys through the country searching for the best examples of each. He picks olives on Thasos, bakes bread on Crete, eats thyme honey from Kythira with one of Greece's greatest poets, and learns why Naxos is the best place for cheese in the Cyclades. Working with local cooks and artisans, he offers an intimate look at traditional village life, while honoring the conversations, friendships, and leisurely ceremonies of dining around which Hellenic culture has revolved for thousands of years. A hymn to slow food and to seasonal and sustainable cuisine, *Honey, Olives, Octopus* is a lyrical celebration of Greece, where such concepts have always been a simple part of living and eating well.
