### **Principles and Cases 7th by Thomas J. Gardner; Terry M. Anderson, ISBN**

Oxford University Press, USA

This comparatively short, readable treatise is written especially for students. First published in 1978, this text examines all topics typically covered in a three-or four-hour course in evidence. Emphasis is on the Federal Rules of Evidence, now adopted in most states. Should the reader desire additional material, ample footnotes provide easy access to leading cases, articles, and standard reference works. The Fifth Edition contains an in-depth treatment of the important amendments to the Federal Rules of Evidence, including the most recent addition of Rule 502.

### Justice Case Briefs

CRIMINAL EVIDENCE: PRINCIPLES AND CASES, 9th Edition, delivers the key rules of evidence in criminal matters as well as their interpretations and applications, and is especially useful for students planning a career in law enforcement or law. Comprehensive without being encyclopedic or overwhelming, the text gives students the rationale behind the rules and demonstrates how law enforcement officers apply them on the job. Authors Gardner and Anderson include many of the features that popularized their best-selling CRIMINAL LAW, such as high-interest examples, key concepts boxes, and case excerpts that engage students and make the topics more relevant. ### Criminal Evidence: Principles and Cases + Careers in Criminal Justice American Bar Association

This practical text for students in career-oriented law enforcement programs has been thoroughly updated and carefully revised for improved clarity and comprehension. Relevant court decisions are discussed to the extent necessary to illustrate the rules explained.

### **Principles and Cases, International Edition** Oxford University Press

Easily accessible to undergraduates, *Significant Cases in Criminal Procedure, Second Edition*, offers a clear, comprehensive introduction to criminal procedure. Rather than providing complete opinions, which may overwhelm students, the authors present case briefs, along with analyses, explanations, and short excerpts. In addition to the case summaries, the book includes lists of all of

the cases it covers, both in alphabetical order and grouped by topic; a short introduction to each topic; and an index.

**CRIMINAL JUSTICE CASE BRIEFS SERIES Significant Cases in Criminal Procedure, Second Edition** Craig Hemmens, Alan Thompson, and Lisa S. Nored (978-0-19-995791-0) **Significant Cases in Corrections, Second Edition** Craig Hemmens, Barbara Belbot, and Katherine Bennett (978-0-19-994858-1) **Significant Cases in Juvenile Justice, Second Edition** Craig Hemmens, Benjamin Steiner, and David Mueller (978-0-19-995841-2)

**Analysis of Evidence** Pearson Education  
The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**Criminal Evidence: Principles and Cases** Routledge

**CRIMINAL EVIDENCE: PRINCIPLES AND CASES** delivers the key rules of evidence in criminal matters, as well their interpretations and applications, and is especially useful for students planning a career in law enforcement or law.

Comprehensive without being encyclopedic or overwhelming, Gardner and Anderson give students the rationale behind the rules, and demonstrate how law enforcement officers apply them on the job. This text includes many of the features that popularized Gardner and Anderson's best-selling text **CRIMINAL LAW**, such as high-interest examples, key concepts boxes, and case excerpts that engage students and make the topics more relevant. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Criminal Evidence* Oxford University Press, USA

A highly accessible, student-friendly text, Gardner and Anderson's **CRIMINAL LAW** is ideal for instructors who prefer not to assign lengthy case excerpts and prefer a more prescriptive approach to teaching criminal law. The text exposes students to

the language of criminal law without overwhelming them and provides comprehensive coverage of all the major components of substantive criminal law. The text's excellent coverage of current issues, accessible writing style, and numerous pedagogical aids help students understand complex legal topics more so than any other text on the market. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Outlines and Highlights for Criminal Evidence** SAGE

An essential text covering the key rules of evidence in criminal matters, as well their interpretations and applications.

Comprehensive without being encyclopedic, this text includes many of the engaging features that popularized Gardner and Anderson's best-selling text **CRIMINAL LAW**.

*A Comprehensive Look at Bail in America's Criminal Justice System* Gaunt

Choo's *Evidence* provides students with a lucid account of the core principles of the law of civil and criminal evidence in England and Wales, whilst also exploring the fundamental rationales that underlie the law as a whole. This clear and engaging text explores current debates and draws on different jurisdictions to achieve a fascinating mix of critical and thought-provoking analysis for students and practitioners alike. Where appropriate the author draws on comparative material and a variety of socio-legal, empirical, and non-legal material. Also, thorough footnoting and further reading lists provide valuable signposting to a wealth of additional sources.

**Principles of Evidence** Cengage Learning

This popular casebook is designed to provide those participating in trials with a concise understanding of the scope of the most commonly encountered types of expert testimony, and the nature of the results which may be expected from specialists. It explores both the potentialities and limitations of various types of expert proof. It considers qualifications needed for expertise in these various professional disciplines and discusses the status of the law concerning the various types of evidence encountered. The book first deals with the general concepts underlying expert opinion testimony, with the use of real and demonstrative evidence, and with opinion testimony of non-expert skilled witnesses. It then turns in succession to expert testimony based upon the physical sciences, and expert witnesses in the biological and life sciences. Finally, the book explores expert testimony in the behavioral sciences.

Never HIGHLIGHT a Book Again! Includes all testable terms, concepts, persons, places, and events. Cram101 Just the FACTS101 studyguides gives all of the outlines, highlights, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompanies: 9781111838034. This item is printed on demand.

*Principles of Evidence* Bloomsbury Publishing

The text develops the readers' understanding of the law of evidence in both a practical and an academic way by examining and analysing the law in the context of the adversarial and managed systems of criminal and civil justice. This book takes a different approach by formally recognising the operation of the different evidential principles between criminal and civil cases; including a detailed section on the law of civil evidence; recognising that the study of evidence should reflect the practical context in which the rules operate; anticipating important proposed legislative changes in the law of evidence and by recognising the impact of the implementation of the Human Rights Act 1998 on the law of evidence.

**Criminal Evidence** Bloomsbury Professional

Anyone practising in the criminal court needs to have a sound grasp of both evidence and procedure. This book

provides the criminal lawyer with access to the key points of these inter-related subjects in a single volume. It is divided into two parts: Part A deals with evidence, while Part B covers procedure. It provides the text of the most important statutory provisions, together with a concise commentary. The procedural and evidential provisions of the Criminal Justice and Public Order Act 1994 are placed in context, and there are extensive excerpts from the revised 1995 version of the codes of practice issued under PACE. The Criminal Appeal Act 1995 is also dealt with in full.

Essays in Honour of Adrian Zuckerman  
Academic Internet Pub Incorporated  
Based on Adrian Zuckerman's 'The Principles of Criminal Evidence', this book presents a comprehensive treatment of the fundamental principles & underlying logic of the law of criminal evidence. It includes changes relating to presumption of innocence, privilege against self-incrimination, character, & the law of corroboration.

**Beyond the Common Law and Civil Law Traditions** Cengage Learning  
Hall, Jerome. *General Principles of Criminal Law*. Second Edition. Indianapolis: The Bobbs Merrill Company, [1960]. xii, 642 pp. Reprint available January, 2005 by the Lawbook Exchange, Ltd. ISBN 1-58477-498-3. Cloth. \$125. \* The standard one-volume treatise based on classic legal-realist principles. As its title suggests, Hall provides more than a thorough overview of the subject; he analyzes the principles that comprise its foundations with an emphasis on their creation and definition by officials. This process is explored in its chapters on legality, mens rea, harm, causation, punishment, strict liability, ignorance and mistake, necessity and coercion, mental disease, intoxication and criminal attempt, as well as its general chapters on criminology, criminal theory and penal theory. Acclaimed when its first edition appeared in 1947, it has been cited regularly ever since.

Criminal Evidence Cambridge University Press

The law of evidence comprises the rules which govern the presentation of facts and proof in proceedings before a court. It is a subject of enormous importance to both practitioners and students. The principal

objective of *Evidence in Criminal Trials*, 2nd edn, is to update the analysis of Irish law and policy on criminal evidence. Given its nature, the law of evidence is constantly evolving and, in particular, is actively developed by the courts and occasionally the legislature. In the five years since the first edition was published, judicial decisions have been handed down in each of areas covered in the book. This is particularly true of the broad field of Testimony (chapters 2 to 6) and the area of Pre-Trial Interviews with Suspects (chapter 9). Aside from updating the text in this general sense, the second edition will examine a number of landmark developments that have occurred over the past four years. In *DPP v JC* (2015) IESC 31, the Supreme Court delivered a groundbreaking decision effectively re-writing the law on unlawfully obtained evidence by relaxing the strict exclusionary rule that had been applied by the courts for the previous fifty years. The revised exclusionary rule has been applied in a number of recent cases. In 2017, the Oireachtas substantially amended the legislative regime of special measures for vulnerable witnesses. The Criminal Justice (Victims of Crime) Act 2017, which transposed the EU Victims' Rights Directive, has extended these measures in principle to crime victims who are at risk of secondary victimisation. It has also enhanced the range of existing measures for children and persons with certain intellectual disabilities who give evidence in trials for violent and/or sexual offences. The combined effect is a substantial amendment of Part 3 of the Criminal Evidence Act 1992. Both the Victims of Crime Act and the Criminal Law (Sexual Offences) Act 2017 have introduced important changes relating to the evidence of complainants in trials for sexual offences. This area of trial practice has been the subject of controversy and various proposals for policy reform have been put forward. In 2016, the Law Reform Commission published its long-awaited Report on Consolidation and Reform of Aspects of the Law of Evidence. The very length report includes recommendations in the areas of expert evidence and the law on hearsay (two significant chapters within the book). It also examines the law relating to documentary evidence and

makes proposals for the consolidation of evidence legislation. The second edition will contain a new chapter on the subject of European Criminal Evidence. The central focus is on the Mutual Legal Assistance Act 2008 which provides the framework for the taking of evidence located abroad. It also analyses various measures adopted under the auspices of the EU including the EU Directives on the Right of Access to a Lawyer, and on European Investigation Orders (which Ireland has not opted into). The current European Commission proposal for an instrument on European Preservation and Production Orders in relation to electronic evidence is also discussed. Includes references to the relevant case law of the European Court of Human Rights throughout the book. In addition, new material is added to existing chapters. For example, the discussion of the burdens and standards of proof will be extended (chapter 1) and the analysis of privilege (chapter 12). Similarly, the law on the admissibility of mixed statements will be included in the account of pre-trial interviews with suspects (chapter 9). The analysis of DNA evidence will be revised (chapter 10) by condensing some of the older material on point and including a review of the recent Supreme Court decision in *DPP v Wilson* (2017) IESC 54.

**The Case of DNA Evidence** Cengage Learning

Examines the causes for mass incarceration of Americans and calls for the reform of the bail system. Traces the history of bail, how it has come to be an oppressive tool of the courts, and makes recommendations for reforming the bail system and alleviating the mass incarceration problem.
