The first instruction guide exclusively about this major innovator and stylist. It reveals Gary Davis' style of playing and hints about playing in Davis' own words. More than 20 tunes, including Cocaine Blues, Candyman, and Lost Boy In The Wilderness. [Sting - The Best of 25 Years \(Songbook\)](#) Alfred Music Publishing
Hymns for Fingerstyle Guitar contains twenty five well-known

hymns arranged for fingerstyle guitar in standard tuning. The arrangements are designed for easy sight reading, with the potential to embellish them on the fly to create more complex arrangements in your own style. In addition to the hymn arrangements, the book includes tips and suggestions on adding your own introductions and endings as well as improvising variations. Recordings of all hymns are available as a free download. From the author's Introduction: This book grew out of a need. Recently, I was asked to play during several funerals, with the request being to "just play some hymns." When I began looking for material, I found a wealth of wonderful arrangements for fingerstyle guitar, but none of them were going to work for me

in this situation. Naturally, I had only a few days' notice, so I wasn't going to learn and memorize complex arrangements, no matter how beautiful they were. Even the simplest arrangements I found were many pages long, and I didn't want to be turning pages during a funeral service, the way I would if I tried to read the music rather than memorize it. I also realized that in this setting, the focus wasn't on me, or how clever or complex the music was. I just needed to play appropriate music for the occasion that helped set the mood and that didn't detract from the service. Uncomplicated, melodic arrangements would be a plus. My solution forms the basis of this book - my own arrangements that are simple, almost "sketches" of an arrangement. What I decided I needed was a type of book known as a "fake book" in jazz circles - but for hymns - and designed for solo fingerstyle guitar. Jazz fake books are typically limited to just chord names and perhaps melody. I wanted a bit more than that - basically easily-playable arrangements with no complicated parts, and designed to be extended on the fly. Hymns: Abide With Me Amazing Grace A Mighty Fortress is Our God Be Thou My Vision Blessed Assurance Come Thou Fount of Every Blessing Fairest Lord Jesus Faith of Our Fathers For the Beauty of the Earth He Leadeth Me Holy, Holy, Holy I Have Decided to Follow Jesus In the Garden Jesus Loves Me Jesus, Keep Me Near the Cross Just As I Am Love Lifted Me Praise Him, Praise Him Sweet Hour of Prayer The Old Rugged Cross This is My Father's World Turn Your Eyes Upon Jesus We Are Climbing Jacob's Ladder What a Friend We Have in Jesus Whispering Hope

The band continue to release albums and play live into the new millennium.

It will guide you through a step by step process that will allow the execution of complete songs of average technical difficulty. It is not important that you have a high level of ability at the start. The book is designed so that even absolute beginners can learn from using it. Every aspect of the technique is explained in detail and all the fingerings and techniques used are clearly indicated. The book is divided into three levels of increasing difficulty: - The first level is for absolute beginners and in it are numerous combinations of fingerings for the right hand. - The second level introduces new incremental technical difficulties and the first simple complete songs. - In the third level some intermediate guitar techniques

are explained with some songs using these techniques. The method is completely written in tablature to be readily accessible to all students, many of whom can not read music. The use of tablature will allow everyone to play the music and do the exercises very quickly. Not only beginners but also intermediate level guitarists can find, especially in the second and third levels, exercises and songs useful to refine the technique of alternating bass.
