The Bock Saga is the story of mankind as passed down through the generations of the Bock family, whom, according to Ior Bock, was the keeper of an ancient oral tradition that sheds light on the time period from the beginning of prehistory -- also called "Paradiset" -- to the present time. It begins with the first two people dwelling on this earth and ends with the untimely and tragic death of Ior Bock in 2010. It covers a huge time span and an enormous number of events have taken place since then. The Bock Saga narrates this all in great detail. It is, in short, an enormous story...

The Arctic Home in the Vedas FilRougeViceversa

Drawing upon his vast knowledge of the Hindu Vedas and the Zoroastrian Avesta, Tilak makes a painstakingly detailed analysis of the texts and compares them with the geological, astronomical, and archaeological evidence to show the plausibility of the Arctic having been the primordial cradle of the Aryan race before changing conditions forced the Aryans southward into present-day Europe, Iran, and India.

The Presence of Siva Adventures Unlimited Press

THE Zend-Avesta is the sacred book of the Parsis, that is to say, of the few remaining followers of that religion which feigned over Persia at the time when the second successor of Mohammed overthrew the Sassanian dynasty, and which has been called Dualism, or Mazdeism, or Magism, or Zoroastrianism, or Fire-worship, according as its main tenet, or its supreme God, or its priests, or its supposed founder, or its apparent object of worship has been most kept in view. In less than a century after their defeat, nearly all the conquered people were brought over to the

faith of their new rulers, either by force, or policy, or the attractive power of a simpler form of creed. But many of those who clung to the faith of their fathers, went and sought abroad for a new home, where they might freely worship their old gods, say their old prayers, and perform their old rites. That home they found at last among the tolerant Hindus, on the western coast of India and in the peninsula of Guzerat. There they thrived and there they live still, while the ranks of their co-religionists in Persia are daily thinning and dwindling away.

Indian Unrest Createspace Independent Publishing Platform
Bal Gangadhar Tilak was a frontline fighter, intimately involved with the Indian national movement. This book explores Tilak's engagements, not just with the Indian national movement, but also the nuanced diversities associated with a context that preceded the mass movements. Based on a variety of sources, the contributors attempt to historicize a nationalist icon. In the process, the reader is presented with a holistic picture of a leading nationalist personality, including his contradictions and ambiguities. In this sense, the different contributions in this book question the 'received wisdom' associated with Tilak. Bal Gangadhar Tilak: Popular Readings would be of use to those interested in the Indian national movement and the manner in which it intersected with a range of social, cultural and political issues. The 'non-specialist' reader, too, will be interested in the way in which the book makes both Tilak and his context accessible.

The Secret of The Veda Createspace Independent Publishing Platform

Lokmanya Tilak declared the purport of the Bhagavad-Gita as, 'the Karma Yoga founded on knowledge, in which devotion is the principal factor.' Author-Scientist, Prof. Arun Tiwari presents this new manifestation of Shrimad Bhagavad Gita Rahasya written by Lokmanya Bal Gangadhar Tilak with the objective to give the new generation a sense of purpose, determination, good moral values and a sense of duty & responsibility.

The Arctic Home in the Vedas Psychology Press

In this pathbreaking book, the authors show that the ancient Indians were no primitives but possessed a high spiritual culture, which not only influenced the evolution of the Western world in decisive ways but which still has much to teach us today. India's archaic spirituality is codified in the rich symbols, metaphors and myths of the magnificent Rig-Veda, which is shown to be much older than has been widely assumed by scholars. The present book also unravels the astonishing mathematical and astronomical code hidden in the Vedic hymns. Anyone interested in ancient cultural history, India, archaeo-astronomy or spirituality will find this well researched and cross-cultural work spellbinding and enriching.

The Spirit of Indian Nationalism Aakar Books

In the present volume, the author has confirmed emphatically that India was also the original homeland not only of the Indo-Aryans but also of the Indo-Iranians and the Indo-Europeans.

Arctic Home in the Vedas DigiCat

One of the three great gods of Hinduism, Siva is a living god. The most sacred and most ancient book of India, The Rg Veda, evokes his presence in its hymns; Vedic myths, rituals, and even astronomy testify to his existence from the dawn of time. In a lively meditation on Siva--based on original Sanskrit texts, many translated here for the first time--Stella Kramrisch ponders the metaphysics, ontology, and myths of Siva from the Vedas and the Puranas. Who is Siva? Who is this god whose being comprises and transcends everything? From the dawn of creation, the Wild God, the Great Yogi, the sum of all opposites, has been guardian of the absolute. By retelling and interweaving the many myths that keep Siva alive in India today, Kramrisch reveals the

paradoxes in Siva's nature and thus in the nature of consciousness itself.

The Orion, Or, Researches Into the Antiquity of the Vedas Aditya Prakashan, Publishers & Booksellers

A biography detailing Gandhi's twenty-year stay in South Africa and his attitudes and behavior in the nation's political context. In the pantheon of freedom fighters, Mohandas Karamchand Gandhi has pride of place. His fame and influence extend far beyond India and are nowhere more significant than in South Africa. "India gave us a Mohandas, we gave them a Mahatma," goes a popular South African refrain. Contemporary South African leaders, including Mandela, have consistently lauded him as being part of the epic battle to defeat the racist white regime. The South African Gandhi focuses on Gandhi's first leadership experiences and the complicated man they reveal—a man who actually supported the British Empire. Ashwin Desai and Goolam Vahed unveil a man who, throughout his stay on African soil, stayed true to Empire while showing a disdain for Africans. For Gandhi, whites and Indians were bonded by an Aryan bloodline that had no place for the African. Gandhi's racism was matched by his class prejudice towards the Indian indentured. He persistently claimed that they were ignorant and needed his leadership, and he wrote their resistances and compromises in surviving a brutal labor regime out of history. The South African Gandhi writes the indentured and working class back into history. The authors show that Gandhi never missed an opportunity to show his loyalty to Empire, with a particular penchant for war as a means to do so. He served as an Empire stretcher-bearer in the Boer War while the British occupied South Africa, he demanded guns in the aftermath of the Bhambatha Rebellion, and he toured the villages of India during the First World War as recruiter for the Imperial army. This meticulously researched book punctures the dominant narrative of Gandhi and uncovers an ambiguous figure whose time on African soil was marked by a desire to seek the integration of Indians, minus many basic rights, into the white body politic while simultaneously excluding Africans from his moral compass and political ideals. Praise for The South African Gandhi "In this impressively researched study, two South African scholars of Indian background bravely challenge political myth-making on both sides of the Indian Ocean that has sought to canonize Gandhi as a founding father of the struggle for equality there. They show that the Mahatma-to-be carefully refrained from calling on his followers to throw in their lot with the black majority. The mass struggle he finally led remained an Indian struggle." —Joseph Lelyveld, author of *Great Soul: Mahatma Gandhi and His Struggle with India* "This is a wonderful demonstration of meticulously researched, evocative, clear-eyed and fearless history writing. It uncovers a story, some might even call it a scandal, that has remained hidden in plain sight for far too long. The South African Gandhi is a big book. It is a serious challenge to the way we have been taught to think about Gandhi." —Arundhati Roy, author of *The God of Small Things*

Bal Gangadhar Tilak Abhishek Publications

Unlock the mysteries of ancient wisdom with "The Arctic Home in the Vedas" by Bal Gangadhar Tilak. Join him on a fascinating journey of exploration as he deciphers the enigmatic Vedic texts and ancient legends to reveal the secrets of the Arctic's role in ancient Indian culture. As Tilak's meticulous research unfolds, prepare to be transported to a time of myth and legend, where gods and mortals roamed the frozen landscapes of the Arctic. From celestial chariots to divine battles, immerse yourself in the rich tapestry of Vedic mythology and discover the hidden truths that lie beneath the surface. But amidst the epic tales and ancient lore, a deeper narrative emerges: What if the Arctic was more than just a distant land in the Vedic imagination? Prepare to explore Tilak's groundbreaking theory that the Arctic was the original home of the ancient Aryans, shaping the cultural and spiritual heritage of India in profound ways. Are you ready to embark on a quest for knowledge and enlightenment? The Arctic Home in the Vedas: A New Key to the Interpretation of Many Vedic Texts and Legends by BalGangadhar Tilak: Explore the intriguing connections between ancient Vedic texts and the Arctic region with "The Arctic Home in the Vedas" by Bal Gangadhar Tilak. In this thought-provoking work, Tilak presents a compelling argument that suggests the existence of an ancient Aryan homeland in the Arctic. Drawing upon Vedic texts and legends, Tilak offers a fresh interpretation of the scriptures, shedding new light on the geographical and cultural origins of the Vedic civilization. Key Aspects of the Book "The Arctic Home in the Vedas": Vedic Interpretation: Delve into Tilak's interpretation of Vedic texts and legends, as he connects them to the Arctic region, proposing an alternative perspective on the historical and cultural context of the Vedic civilization. Geographical Analysis: Explore Tilak's analysis of ancient geographical references in Vedic literature, as he presents evidence to support the notion of an Arctic homeland for the Aryans. Paradigm-Shifting Ideas: Engage with Tilak's groundbreaking theories and their implications for our understanding of ancient civilizations, cultural migrations, and the interplay between mythology and historical narratives. Bal Gangadhar Tilak, a prominent Indian philosopher, scholar, and independence activist, authored "The Arctic Home in the Vedas." Tilak's work in Vedic studies and his profound insights into ancient Indian texts have had a lasting impact on Indian scholarship and nationalism. Through his writings, Tilak aimed to reinterpret and revive the cultural and historical

heritage of India, contributing to the intellectual discourse surrounding ancient civilizations and the Vedic tradition.

Arctic Home In The Vedas Prabhat Prakashan

The Arctic Home in the Vedas is a book on the origin of Aryans by Lokmanya Bal Gangadhar Tilak, a mathematician turned astronomer, historian, journalist, philosopher and political leader of India during 1880 to 1920. It propounded the theory that the North Pole was the original home of Aryans during pre-glacial period which they had to leave due to the ice deluge around 8000 B.C. and had to migrate to the Northern parts of Europe and Asia in search of lands for new settlements. In support to his theory Tilak has presented certain Vedic hymns, Avestic passages, Vedic chronology and Vedic calendars with interpretations of the contents in detail. The book was written at the end of 1898, but was first published in March 1903 in Pune."

The South African Gandhi Namaskar Book

This beautiful edition, contains the essence of the Vedas and the Upanishadas, and is a sure guide of the way to perfect happiness, here as well as hereafter. This book is a golden embossed edition of the classic and is suitable for festive gifting as well as keeping in ones own personal library. Its soft matt finish and embossed gold gives it a rich look topped up with enriching content

The Arctic Home in the Vedas OUP India

Indian astronomy was one of the first subjects which attracted the attention of Western scholars after the existence of Sanskrit literature became known to them in the last quarter of the 18th century. There are a number of learned and critical works written by Indologists like William Jones, Colebrooke, Davies, Bailey, Bentley, Whitney, Jacobi, Plunkett, Biot and many more. Some of these works were highly critical of the Indian system and led to several controversies, and some explored the depth and antiquity of the system followed in India quite brilliantly and in an unbiased manner. This small treatise attempts to put things in proper perspective, edevouring to sum up the whole controversy, thus recasting, revising, enlarging, and bringing upto date, the theories which were readily accepted by scholars from all parts of the world.

The Arctic Home in the Vedas, Being Also a New Key to the Interpretation of Many Texts and Legends Stanford University Press

"Arktos is the first book ever written on the archetype of the Poles: celestial and terrestrial, North and South. It is a hair-raising voyage through cosmology, occultism and conspiracy theory leads to startling revelations about the secrets of the Poles. The author investigates legends of a Golden Age, which some claim ended in a prehistoric catastrophe, a shift in the earth's axis. This is examined in the light of the latest geological theories, as are predictions of a coming pole-shift. The perennial fascination of these ideas is shown to be part of a "polar tradition" of hidden wisdom. There are many recorded tales of an ancient race said to have lived in the Arctic regions, which later spread through the Northern Hemisphere. This supposedly "Aryan Race" entered the pantheon of Nazi Germany, with dreadful consequences. The author examines the origins of modern neo-Nazi ideology, its "polar" inspiration, and its links with other arcana, including the survival of Hitler, German bases in Antarctica, UFOS, the Hollow Earth, and the hidden kingdoms of Agartha and Shambhala. However, "Arktos" differs from most writings on these subjects in its responsible and scholarly treatment, and its extensive use of foreign-language sources."--Provided by publisher.

The Rigveda editionNEXT.com

The Bird of Time is a science fiction novel by American writer Wallace West, telling about the adventures of the Martian bird-

woman Yahna and Earthman Bill Newsome and the conflict between their worlds.

The Vedanta Philosophy Arktos

This volume addresses issues of tremendous topical relevance: the transmission of Hinduism to the United States, Gandhi's religious politics and secularism, analysis of 'Vande Mataram' and its immensely rich history, popular patriotism in Hindi cinema, and much more.

[A Modern Interpretation of Lokmanya Tilak's Gita Rahasya](#)
Independently Published

Reader beware, the information within this treatise is of a nature known in toto only to a handful of people in this world. Amongst the information within this treatise is of the most esoteric and occult nature concerning Atlantis the ancient Aryan race and the Third Reich. The powers that be have attempted to keep this truth in utter secrecy since the destruction of The Third Reich and have gone to great lengths to demonize the school of thought associated with these secrets. They have since attempted to skew the truth by creating a popular culture of fantasy designed to conceal the true nature regarding the history of the ancient Aryans and their modern rebirth as a culture. To some, this information will seem so outside the norm of what they have been taught their entire lives that they will choose to reject it, out

of cognitive dissonance or the fear of having to confront a false world view that many if not most have held since childhood. Within this work many of your most cherished beliefs about history, about your place in this world, and about the moral fortitude of your leaders (both on the left and the right) may be challenged. The lies, which predominantly white/Aryan nations have been indoctrinated to hold true through social engineering for decades will be dispelled like an evil mist before your eyes and you will be set free of the psycho-spiritual prison in which you now reside...if you choose to accept it. This acceptance will require a total paradigm shift for most, a radical mental reprogramming that can make the most powerful of men cower in fear...fear of the radical kind of change that will bring about a total transformation of one's way of life, ones relationship with others, and how one views their place in the world. Likewise, if you choose to accept and proclaim the truth within these pages you will find yourself amongst the growing ranks of social pariah unable to express the truth locked inside them to family, friends, or the public at large without fear of being alienated or even persecuted for attempting to share their enlightenment. Though with every courageous step you take toward the light of truth you will come closer to a complete understanding of who you are, and your glorious destiny as a descendent of the Aryan race!
