Publisher Description

**Gary Goldschneider's Everyday Astrology** Blurb

This book looks at the inner meaning and rationale of each of the signs of the zodiac, in the process discovering universal patterns of behaviour.

*The Key to Your Own Nativity* Legare Street Press

The topos of magic has fascinated people from antiquity to the present day. This study uses a thematic and structural approach to examine the various functions performed by magic in two important Renaissance epics, Boiardo's Orlando innamorato and Ariosto's Orlando furioso. It breaks new ground by exploring the association of magic with the chaotic and irrational, as contrasted more or less strongly with order and reason. It also examines the poets' use of magic as a vehicle in the Renaissance dialectic between fortune and self-determination.

**Evoluzione dello Zodiaco** Arktos

A modern classic and international best-seller that revolutionized modern understanding of astrology, this book is truly a pioneering work that

established a new science of astrological psychology. It clearly presents a language of energy that enables astrology to be reliably used by those in the helping professions as well as by the general public. As Library Journal stated, "Transcending the boundaries of separate disciplines, this work represents a major distillation of astrological principles."

**33 Artists in 3 Acts** Oxford University Press

Un libro che conduce a una nuova comprensione di se stessi utilizzando, come piattaforma verso nuove straordinarie connessioni, non solo l'astrologia già conosciuta. Si ricollega infatti agli insegnamenti cabalistici degli antichi rabbini, ai saggi e filosofi di tutti i tempi, ai testi e simboli sacri delle religioni. L'autrice inoltre rivisita in chiave evolutiva il metodo astrologico finora utilizzato, arricchendolo con innovazioni appassionanti. Denso di spunti e teorie rivelatrici che invitano a riflettere, punta al cuore e all'anima di ogni lettore riuscendo ad appassionare, pagina dopo pagina. L'ultimo capitolo è dedicato agli Arcangeli e ad alcuni inediti di Helene Kinauer Saltarini, amata esoterista, in suo caro ricordo: "... saprai che farne!" le disse. Adatto sia per chi già conosce gli argomenti trattati, sia per chi li scoprirà grazie a questo libro: scritto, soprattutto, per comprendere le logiche umane e la correlazione con il Tutto attraverso una filosofia di vita diversa... più sana, evoluta, proattiva.

*Capricorn Rising* Red Wheel/Weiser

" Mr. Henry Morley, an eminent English scholar, in his *Life of Cornelius Agrippa*, makes these tributary statements: He secured the best honors attainable in art and arms; was acquainted with eight languages, being the master of six. His natural bent had been from early youth to a consideration of Divine Mysteries. To learn these and teach them to others had been at all times his chief ambition. He is distinguished among the learned for his cultivation of Occult Philosophy, upon which he has written a complete work..."

**Astrology for All** Peter Lang Incorporated, International Academic Publishers

It is November 1918. Germany has just surrendered after four years of the most savage warfare in history. It is teetering on the brink of total social and economic collapse, and the German people now lie at the mercy of new, liberal politicians who despise everything Germany once stood for. The Communists are rioting in the streets, threatening to topple the new government in Weimar and bring about their own revolution. The frontline soldiers are returning from the hell of the war to find an unrecognizable land, the principles and traditions they had sacrificed so much to defend now the stuff of mockery. The narrator of *The Outlaws*, a 16-year-old military cadet, is too young to have served in the trenches, but feels the sting of this betrayal no less than they. Since Germany's armies have been all but disbanded, he joins the paramilitary Freikorps - groups of veterans who refuse to lay down their arms, and who have pledged to stop the Communists - and begins fighting, first in the streets of Germany's cities, and then in the Baltic states, defending Germany's eastern frontiers from Communist subversion while ignoring the calls to disengage by the meek politicians at home. After months of intense fighting abroad, the Freikorps soldiers return to settle scores with their enemies in Germany, dreaming of a nationalist counter-revolution, and, their trigger fingers still itchy, fix their sights on bringing down the hated new government once and for all... *The Outlaws* is a chronicle of the experiences of the men who fought in the Freikorps, but it is also an adventure and a war story about an entire generation of soldiers who loved their homeland more than peace and comfort, and who refused to accept defeat at any price. "What we wanted we did not know; but what we knew we did not want. To force a way through the prisoning wall of the world, to march over burning fields, to stamp over ruins and scattered ashes, to dash recklessly through wild forests, over blasted heaths, to push, conquer, eat our way through towards the East, to the white, hot, dark, cold land that stretched between ourselves and Asia - was that what we wanted? I do not know whether that was our desire, but that was what we did. And the search for reasons why was lost in the tumult of continuous fighting." - p. 65 Ernst von Salomon (1902-1972) was one of the writers of the German Conservative Revolution of the 1920s. Like the narrator of *The Outlaws*, he was a military cadet at the end of the First World War, and joined the Freikorps, participating in many of the events described in the book, including the assassination of Foreign Minister Walther Rathenau, for which he was imprisoned. He went on to write many books and film scripts.

He is considered the father of modern astrology: Alan Leo opened up the secrets of divination by the stars to the general public in the early 20th century with a popular line of astrology manuals that set off a craze for horoscopes that continues to this day. Here, in this replica of the 1910 fourth edition of his essential primer, Leo teaches us . the basics of astronomy required for an understanding of astrology . the nature and character of the twelve signs of the Zodiac . complete breakdowns of the affect of the Sun and the Moon on each house . what a horoscope is and how to cast one . and more. ALSO FROM COSIMO: Leo's *The Key to Your Own Nativity, Symbolism and Astrology: An Introduction to Esoteric Astrology, Horary Astrology, and Mars: The War Lord* British astrologer WILLIAM FREDERICK ALLAN (1860-1917), aka Alan Leo, published *Astrologer's Magazine* as well as a line of astrological materials; he founded the Astrological Lodge of the Theosophical Society in 1915.

[Le case astrologiche. L'evoluzione dell'Io: esistere, essere e divenire](#) Weiser Books

This work presents the transcripts of four seminars on Mars given at the Centre for Psychological in London.

**Esoteric Astrology** EIFIS Editore

A manual of magical and mystical techniques for contacting the Goddess within • Draws from two thousand years of source material to demonstrate the ongoing reality of the feminine power and its relevance for today • Includes rituals, exercises, and techniques for evoking the Goddess • Explains how the dynamics of the sacred or magic circle serve as a guide to living harmoniously In this wide-ranging view of magic and ritual, Gareth Knight demonstrates the presence of the Goddess throughout Western esoteric traditions. From Greek myths and the Mysteries of Isis to the emergence of the cult of the Blessed Virgin and seventeenth-century Rosicrucian spiritual alchemy, he shows how the Goddess--the elemental consciousness of Earth--has revealed herself in different times and places. Honoring her many guises, Knight explores the powers of the Goddess as maiden, mother, initiator, protector, sorceress, and faery queen. Guided meditations on each of these qualities lead the practitioner into direct contact with the potent healing energy of the Divine Feminine. The author also offers rituals, exercises, and other practical tools for integrating the Western magical tradition with worship of the Goddess. He shows how we, and our planet, have suffered due to the repression of the feminine principle. For our own health, and that of our environment as well, we must recognize the power of the Goddess within to reconstitute and guide our existence.

This compelling narrative goes behind the scenes with the world's most important living artists to humanize and demystify contemporary art. The best-selling author of *Seven Days in the Art World* now tells the story of the artists themselves—how they move through the world, command credibility, and create iconic works. *33 Artists in 3 Acts* offers unprecedented access to a dazzling range of artists, from international superstars to unheralded art teachers. Sarah Thornton's beautifully paced, fly-on-the-wall narratives include visits with Ai Weiwei before and after his imprisonment and Jeff Koons as he woos new customers in London, Frankfurt, and Abu Dhabi. Thornton meets Yayoi Kusama in her studio around the corner from the Tokyo asylum that she calls home. She snoops in Cindy Sherman's closet, hears about Andrea Fraser's psychotherapist, and spends quality time with Laurie Simmons, Carroll Dunham, and their daughters Lena and Grace. Through these intimate scenes, *33 Artists in 3 Acts* explores what it

means to be a real artist in the real world. Divided into three cinematic "acts"—politics, kinship, and craft—it investigates artists' psyches, personas, politics, and social networks. Witnessing their crises and triumphs, Thornton turns a wry, analytical eye on their different answers to the question "What is an artist?" *33 Artists in 3 Acts* reveals the habits and attributes of successful artists, offering insight into the way these driven and inventive people play their game. In a time when more and more artists oversee the production of their work, rather than make it themselves, Thornton shows how an artist's radical vision and personal confidence can create audiences for their work, and examines the elevated role that artists occupy as essential figures in our culture.

**La Secchia Rapita** Yale University Press

T. Lobsang Rampa was preordained to be a Tibetan priest, a sign from the stars that could not be ignored. When he left his wealthy home to enter the monastery, his heart was filled with trepidation, with only a slight knowledge of the rigorous spiritual training and physical ordeal that awaited him.

**The Complete Prophecies of Nostradamus** Quest Books

For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how these numbers relate to each of the nine planets, and how they apply to every aspect of life--including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health.

[The Life of Plants](#) Five Star (ME)

We barely talk about them and seldom know their names. Philosophy has always overlooked them; even biology considers them as mere decoration on the tree of life. And yet plants give life to the Earth: they produce the atmosphere that surrounds us, they are the origin of the oxygen that animates us. Plants embody the most direct, elementary connection that life can establish with the world. In this highly original book, Emanuele Coccia argues that, as the very creator of atmosphere, plants occupy the fundamental position from which we should analyze all elements of life. From this standpoint, we can no longer perceive the world as a simple collection of objects or as a universal space containing all things, but as the site of a veritable metaphysical mixture. Since our atmosphere is rendered possible through plants alone, life only perpetuates itself through the very circle of consumption undertaken by plants. In other words, life exists only insofar as it consumes other life, removing any moral or ethical considerations from the equation. In contrast to trends of thought that discuss nature and the cosmos in general terms, Coccia's account brings the infinitely small together with the infinitely big, offering a radical redefinition of the place of humanity within the realm of life.

Leo is an Italian writer in his thirties. Thomas, his German lover, is dead. On a plane to Munich, Thomas's home town, Leo slips into a reverie of their meeting and life in Paris, nights in Thomas's flat in Montmartre and a desperate, drug-induced flight through the forests of northern France that spells the end for Leo and Thomas' languid, erotic life together. Leo travels to find anonymity. Structured in three musical movements, *Separate Rooms* is a story of ideal love, broken by absence and separation. When Thomas was alive, he and Leo had separate rooms in order to preserve the urgency of their passion. Now, Leo faces solitude, the impossible striving of memory to recreate life and the hostility of a prejudiced world. *Separate Rooms*, Tondelli's last book, is a powerful novel of the strength of love and the trauma of death.

[Grande dizionario della lingua italiana](#) Simon and Schuster

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture.

Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

L'importanza della meditazione sulle case astrologiche si rivela nella possibilità di intervenire in modo concreto e pratico su ciò che viene comunemente definito, destino, al di là del fatto di conoscere o meno il proprio tema natale. La terza casa astrologica rappresenta l'aspetto dell'ambiente di crescita della persona, la famiglia, la scuola ed i parenti più vicini. Questa casa indica il proprio grado di socievolezza che trae la propria origine nel periodo dell'adolescenza. Inoltre mette in evidenza le proprie attitudini intellettive e l'intelligenza. In questo eBook, la meditazione proposta dall'autrice, vi porterà in una profonda connessione con il significato della casa, vi aiuterà a rivelare e trasformare contenuti ancora sconosciuti della mente, a sciogliere conflitti ancora in atto, a liberare nuova energia creativa. "Le dodici Case astrologiche - Conoscenza e evoluzione personale - Meditazione sulla terza Casa" di Silvia Brunastri, è disponibile anche in formato audioBook.

**The Outlaws** Cosimo, Inc.

Looks at the characteristics, mythology and sensuality of each sign of the zodiac and offers advice on finding one's true love. Reissue.
