Covering key topics such as technology, sustainability, digitalization, and aviation management, this reference work is ideal for industry professionals,

policymakers, researchers, scholars, academicians, practitioners, instructors, and students.

#### Europe Review World Trade Press

This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as 'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three

hundred miles away. This heart-rending tale is about more than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong. In *Airplane Reading*, Christopher Schaberg and Mark Yakich bring together a range of essays about air travel. Discerning and full of wonder, this prismatic collection features perspectives from a variety of writers, airline workers, and everyday travelers. At turns irreverent, philosophical, and earnest, each essay is a veritable journey in and of itself. And together, they illuminate the at once strange and ordinary world of flight.

Elegant, charming, and

stunningly beautiful, Rodney Smith's fashion photography is a delightful revelation. "I would hope that I am one of a kind." —Rodney Smith  
Mystery and manners, romance and fun—the sophisticated compositions and stylish characters in the extraordinary pictures of fashion photographer Rodney Smith (1947–2016) exist in a timeless world of his imagination. Born in New York City, Smith started out as a photo-essayist, turned to portrait photography, and found his niche, and greatest success, in fashion photography. Inspired by W. Eugene Smith, taught by Walker Evans, and devoted to the techniques of Ansel Adams, Smith was driven by the dual ideals of technical mastery and pure beauty. This lavish volume features nearly two hundred reproductions of Smith's images—many that have never before been published—and weaves together a biocritical essay by Getty Museum curator Paul Martineau and a technical assessment of Smith's production by the Center for Creative Photography's chief curator, Rebecca A. Senf.

It maps Smith's creative trajectory—including his introduction to photography, early personal projects, teaching, commissioned pieces, and career in fashion—and provides insight into his personal life and character, contextualizing his work and creative tendencies within his privileged but lonely upbringing and complex emotional and psychological makeup. Rodney Smith is the definitive record of the life's work and worldview of a truly original artist.

A masterful, thought-provoking, and wide-ranging study of how the vestiges of the imperial era shape society today. In this groundbreaking narrative, *The Shadows of Empire* explains (in the vein of *The Silk Roads* and *Prisoners of Geography*) how the world's imperial legacies still shape our lives—as well as the thorniest issues we face today. For the first time in millennia we live without formal empires. But that doesn't mean we don't feel their presence rumbling through history. From Russia's incursions in the Ukraine to Brexit; from Trump's America-First policy to China's forays into Africa; from Modi's India to the hotbed of the Middle East, Samir Puri provides a bold new framework for understanding the world's

complex rivalries and politics. Organized by region, and covering vital topics such as security, foreign policy, national politics and commerce, *The Shadows of Empire* combines gripping history and astute analysis to explain why the history of empire affects us all in profound ways; it is also a plea for greater awareness, both as individuals and as nations, of how our varied imperial pasts have contributed to why we see the world in such different ways.

Ukraine is a country caught in a political tug of war: looking East to Russia and West to the European Union, this pivotal nation has long been a pawn in a global ideological game. And since Russia's annexation of Crimea in March 2014 in response to the Ukrainian Euromaidan protests against oligarchical corruption, the game has become one of life and death. In *Ukraine: A Nation on the Borderland*, Karl Schlögel presents a picture of a country which lies on Europe's borderland and in Russia's shadow. In recent years, Ukraine has been faced, along with Western Europe, with the political conundrum resulting from Russia's actions and the ongoing Information War. As well as exploring this present-day confrontation, Schlögel provides detailed, fascinating

historical portraits of a panoply of Ukraine's major cities: Lviv, Odessa, Czernowitz, Kiev, Kharkov, Donetsk, Dnepropetrovsk, and Yalta—cities whose often troubled and war-torn histories are as varied as the nationalities and cultures which have made them what they are today, survivors with very particular identities and aspirations. Schlögel feels the pulse of life in these cities, analyzing their more recent pasts and their challenges for the future.

India, monsoon season. Connor, an Australian expat with a brutal past, spends his time running low-stakes scams on tourists in a sleepy beachside town. Sasha, an American in search of spiritual guidance, heads to an isolated ashram in the hope of mending a broken heart. When one of Connor's gifts goes horribly wrong, it sets in motion a chain of events that brings the two lost souls together – and as they try to navigate a world of gangsters, gurus and secret agendas, they begin to realise that within the ashram's utopian community, something is deeply, deeply wrong . . . Racing

from the beaches of Goa to the streets of Delhi to the jungles of Tamil Nadu, *Sweetness and Light* is an intoxicating, unsettling story of the battle between light and dark, love and lust, morality and corruption. This is an explosive and unforgettable novel that confirms Liam Pieper's place as one of Australia's finest, sharpest writers. Some Chairs. Broken Chairs. Bradt Travel Guides

This is the third edition of a popular introductory guide to the function and future of the air cargo supply chain, an industry which responded with remarkable efficiency when faced with the challenges and impact of the COVID-19 pandemic. The book reviews the role and strategy of air cargo and its contribution to world trade and international economies. This industry, which accounts for more than 35% of the world's trade in value, will be even more vital in the coming years. Building on the success of previous editions, Air Cargo Management now puts the emphasis on basic functionality, economics and historical precedents, but most of all it focuses on how traditional legacy methods are being replaced by the adoption of technologies and cloud-based applications - new methods which are changing and streamlining the entire

industry. The book reviews the supply chain process and the technology applications as well as the effects of the pandemic and the fundamental lack of cargo capacity hitherto supplied by passenger aircraft. It also explores the increased use of freighter aircraft and the need for faster and more efficient processing, particularly on the ground and in road transport. The third edition features new content on: Security and crime, including pharmaceutical counterfeiting and fraud The role of airports and road feeder services Typical air cargo products, including the heavy-lift sector Regulations and treaties Aircraft in use, historically and currently New technologies The book is illustrated with statistical evidence, examples and photographs and is enriched with comments from industry leaders and experienced professionals. The style and breadth of content are designed to be easily readable and should be of practical interest to anyone either currently working in the logistics, supply chain or transport industries, or contemplating a career in

this sector.

Community Pvt. Ltd. Rich in local color, this is a journey through the former Soviet Union. It is also a journey through the hearts and minds of ordinary Russians, Ukrainians, and their neighbors, as they scratch out a meager living, help one another through difficulties, and openly share their optimism -- and pessimism -- about the future. Kafkaesque, hilarious, heartwarming and sometimes bloodcurdling, the events recounted here are real, seen through the eyes of an American lawyer who has studied the former Soviet Union and knows how the game of life is played there.
