ISBN-13: 978-1865082554. ISBN-10: 1865082554. Why is ISBN important? ISBN. This bar-code number lets you verify that you're getting exactly the right version or edition of a book.
 Chemistry in the Marketplace: Selinger, Ben: 9781865082554 ...
 Ben Selinger, Professor of Chemistry at the Australian National University and Scientific Issues Management Consultant, is a long time consumer activist. He has been a government chemical regulator, an expert court witness, and a setter of Australian standards for consumer products - all in the interests of making chemistry more accessible to discerning consumers.
 Chemistry in the Marketplace - Ben Selinger - Google Books
 Chemicals are everywhere. Many are natural and safe, others synthetic and dangerous. Or is it the other way around? Walking through the supermarket, you might ask yourself: Should I be eating organic food? Is that anti-wrinkle cream a gimmick? Is it worth buying BPA-free plastics? This Sixth Edition of Chemistry in the Marketplace provides fresh explanations, fascinating facts and funny ...
