JONATHAN HARRISON

Essentials of Psychology: Concepts and Applications

Houghton Mifflin College Division

This new edition focuses on preparing your students to assume the role as a significant member of the health-care team and manager of care, and is designed to help your students transition to professional nursing practice.

Developed as a user-friendly text, the content and style makes it a great tool for your students in or out of the classroom. (Midwest).

[Project Management](#) Createspace Independent Pub

[Management Principles for Health Professionals](#) is a practical guide for new

or future practicing healthcare managers. The customary activities of the manager—planning, organizing, decision making, staffing, motivating, and budgeting—are succinctly defined, explained, and presented with detailed examples drawn from a variety of health care settings. Students will learn proven management concepts, techniques, models, and tools for managing individuals or teams with skill and ease. The Sixth Edition is loaded with all-new examples from real-world healthcare settings and covers many current topics such as: ? Emerging implications of the Patient Protection and Affordable Care Act of 2010. ? A template to track the areas of impact of this major law is presented; this enables a manager to identify the topics to monitor and to prepare responses to changes as they unfold. ? Developments concerning electronic health record

initiatives ? Adapting and revitalizing one's career; ? Information concerning various staffing alternatives such as outsourcing and telecommuting, and updates the material concerning job descriptions and their application. New material has been added in the section on consultant's contracts and reports. ? Patient privacy and the detection and prevention of medical identity theft, and much more.

Essentials of Human Resource Management Createspace Independent Publishing Platform

Research shows that diverse workgroups are more productive, creative and innovative than homogeneous groups. In a global marketplace, and with the rapidly changing racial makeup of America, having a high function, diverse workforce is imperative for your organization's success. Change the WorkGame has been designed to show you how establish a

diverse workforce throughout all strata of your organization and how to sustain your progress. As a human resources executive, diversity and inclusion consultant, and a member of historically marginalized communities, I have experienced wildly unsuccessful diversity and inclusion strategies; and advised, coached, and led wildly successful diversity and inclusion initiatives. Business leaders and department heads have used the steps outlined in this how-to guide to successfully recruit and retain diverse talent. Chris, a small business owner, says, "the diversity recruitment steps listed in the book, matched with real life scenarios really helps bring to life not only how to go about recruiting and retaining a diverse workforce, but why it is important." I promise that if you follow the 7 steps outlined in *Change the WorkGame*, you will increase the diversity of your workforce within 6 months following the activation of the last step and you will increase employee satisfaction by enhancing your managers and the inclusivity of your workplace. Don't wait to activate your diversity initiative. Don't wait to make your workforce stronger, nimbler, more creative, and more dynamic. Don't wait to establish an inclusive work environment where everyone feels respected, appreciated and heard. Be the person to take the lead towards Change. If not you, then who!? The workforce diversity and inclusion strategies and scenarios you are about to read have been proven to create positive and long lasting results for leaders. These strategies will help ALL employees inside your organization, but will specifically help you recruit and retain underrepresented employees. Each chapter will give you new insights towards enhancing your workforce and your workplace. Let me show you how to be the Change for your company.

Business Ethics Human Kinetics Publishers
Zoo of Emotions is a read-aloud illustrated children's book that teaches simple and complex emotions using the alphabet, rhythmic prose and colorful illustrations. By combining kid-friendly artwork, roll-off-the-tongue rhymes, and a fun exploration of the alphabet, *Zoo of Emotions* is set to become a favorite bedtime classic.

Dynamic Business Law: The Essentials McGraw-Hill Education
 In the face of growing customer expectations, turbulent economic conditions and increasing IT complexity, ideal execution of IT strategies have never been more important and challenging. This book is about methods of delivering the most value at the lowest cost. It offers a collection of business and technical

problem solving techniques to solve many of the recurring IT problems in your firm. If you are looking to transform your IT organization into a lean, high velocity, high quality and high precision machine that can deliver amazing results with less, this book is for you. Simply apply the Lean, Agile and Six Sigma methods outlined in this book and see the remarkable improvements in customer satisfaction and return on your IT investments. The lessons in this book are for the entire management team, for those who want to achieve perfection with IT, for the senior executive, the IT strategist and the practitioners alike.

Contemporary Nursing Createspace Independent Publishing Platform

This title responds head-on to the growing requests by business faculty for a concise, theory-driven strategic management concepts and cases text.

Uprising UK Createspace Independent Pub
 Jones/George, *Essentials of Contemporary Management* is the concise edition of the market bestselling textbook by the same author team. Jones and George are dedicated to the challenge of "Making It Real" for students. The authors present management in a way that makes its relevance obvious even to students who might lack exposure to a "real-life" management context. This is accomplished thru a diverse set of examples, and the unique, and most popular feature of the text, the "Manager as a Person" Chapter 2. This chapter discusses managers as real people with their own personalities, strengths, weaknesses, opportunities, and problems and this theme is carried thru the remaining chapters. This text also discusses the importance of management competencies--the specific set of skills, abilities, and experiences that gives one manager the ability to perform at a higher level than another in a specific context. The themes of diversity, ethics, globalization, and information technology are integrated throughout.

Her Perfect Life McGraw-Hill Education

The Ogre faces not just the undead, but also the demonic powers that control and drive them to feed on human flesh.

Contemporary Management McGraw-Hill Education

Essentials of International Relations covers the field's core concepts and offers professors the freedom to supplement their courses with additional texts from the Norton Series in World Politics. This second edition features new chapters on globalizing issues, addressing scarcity of resources, growing populations and cross-cultural ethics. An accessible and authoritative coverage, this text should provide students with the analytical tools they need for study in this dynamic field.

Corporate Bravery F.A. Davis

What are Leon Cook's secrets to managing employees? What does he do to get such high levels of employee morale, motivation, and productivity? These questions are answered in THE SUPERMANAGER as Leon teaches new manager Andrew Hernandez the seven principles that he follows starting with the first principle which is to surround yourself with high-quality employees. This short story should take most people just an hour or two to read.

Wound Healing Createspace Independent Pub

Jones and George's, *Essentials of Contemporary Management*, Ninth Edition, provides the most current, concise account of changes taking place in the world of

management and management practices while making the text relevant and interesting to students. It mirrors the changes taking place in today's management practice by incorporating recent developments in management theory and research. This text also provides vivid, current examples of how managers of companies, large and small, address the challenges and opportunities they face and how they can effectively meet them. A hallmark of this text is how the authors infuse real managers who seize opportunities, overcome challenges, and effectively manage and lead their organizations in their Manager as a Person feature, allowing students to see real-life management in action. Central to the books' approach, boxed material is seamlessly integrated into the text and an integral part of the learning experience; it is not disembodied from the chapter narrative.

Essentials of Strategic Management

Cengage Learning

Contemporary Nursing, Issues, Trends, & Management, 6th Edition prepares you for the rapidly evolving world of health care with a comprehensive yet focused survey of nursing topics affecting practice, as well as the issues facing today's nurse managers and tomorrow's nurse leaders. Newly revised and updated, Barbara Cherry and Susan Jacob provide the most practical and balanced preparation for the issues, trends, and management topics you will encounter in practice. Content mapped to the AACN BSN Essentials emphasizes intraprofessional teams, cultural humility and sensitivity, cultural competence, and the CLAS standards. Vignettes at the beginning of each chapter put nursing history and practice into perspective, followed by Questions to Consider While Reading This Chapter that help you reflect on the Vignettes and prepare you for the material to follow. Case studies throughout the text challenge you to apply key concepts to real-world practice. Coverage of leadership and management in nursing prepares you to function effectively in management

roles. Career management strategies include advice for making the transition from student to practitioner and tips on how to pass the NCLEX-RN® examination. Key terms, learning outcomes, and chapter overviews help you study more efficiently and effectively. Helpful websites and online resources provide ways to further explore each chapter topic. Coverage of nursing education brings you up to date on a wide range of topics, from the emergence of interactive learning strategies and e-learning technology, to the effects of the nursing shortage and our aging nursing population. Updated information on paying for health care in America, the Patient Protection and Affordable Care Act, and statistics on health insurance coverage in the United States helps you understand the history and reasons behind healthcare financing reform, the costs of healthcare, and current types of managed care plans. A new section on health information technology familiarizes you with how Electronic Health Records (EHRs), point-of-care technologies, and consumer health information could potentially impact the future of health care. Updated chapter on health policy and politics explores the effect of governmental roles, structures, and actions on health care policy and how you can get involved in political advocacy at the local, state, and federal level to help shape the U.S. health care system. The latest emergency preparedness and response guidelines from the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), and the World Health Organization (WHO) prepare you for responding to natural and man-made disasters.

LOOSE LEAF CONTEMPORARY

MANAGEMENT Cengage Learning

The Doomsday Clock gauges the threat of nuclear war. Currently, the clock is set at six minutes before midnight. What happens after the hands reach midnight? Survivalist Leeland Dawcett finds out when he and his family are plunged into the nightmare of their country returned to a third-world state. No phones. No computers. No television. At first, Leeland

thinks basic survival is the answer. Until he crosses the path of the wrong guy... Someone who wants to do more than just survive...

McGraw-Hill Higher Education

BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today's social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Mazes for 5 Year Olds (My Book of Mazes) McGraw-Hill Companies

The fundamentals of project management with a wide assortment of business applications. "Project Management" takes a decision-making, business-oriented approach to the management of projects, which is reinforced throughout the text with current examples of project management in action. And because understanding project management is central to operations in various industries, this text also addresses project management within the context of a variety of successful organizations, whether publicly held, private, or not-for-profit.

Essential Quantitative Methods McGraw-Hill Education
