## **CLARENCE TRISTIN**

*Worst. President. Ever.*  
Thistle Publishing  
In this hard-hitting collection, acclaimed author Nigel Cawthorne examines ten of the most sickeningly twisted men who are still alive today. Some of them, like serial killer Dennis Nilsen and cult leader Charles Manson, are thankfully behind bars. Others, including the world's most wanted terrorist, Osama bin Laden, are still at large. Unbelievably, one of them, Robert Mugabe, is still clinging to the reins of power and continues to inflict suffering and economic mayhem on the desperate people of Zimbabwe. Inside this book is the gut-twisting story of Charles Taylor, the blood-soaked African general who has 'recruited' thousands of child soldiers, and one of the most shocking cases of recent years: that of Josef Fritzl, the Austrian man who imprisoned and sexually abused his own daughter for almost a quarter of a century. This collection is a terrifying reminder that monsters really do exist.

**No Country for Old Men**

Vintage  
Author Tedd Levy's first book takes a direct, harsh, truthful look at the evil that is Donald Trump. It's a bumpy ride, but one full of insight, logic, candor, and just a little humor. Tedd's unique style, tone, and personal voice makes his book an interesting read. Tedd frames and presents his examination of Donald Trump as no one else has. From the book:  
"According to his first wife, Ivana, Donald Trump was never keen on bequeathing his name to anybody. It was Ivana who wanted to call their newborn Donald Junior. 'You can't do that!' Trump is quoted as saying in Ivana's memoir, *Raising Trump*. 'What if he's a loser?'"  
"To compare the Trump Foundation to the foundations of other wealthy business leaders is like comparing Mother Theresa to a pick pocket. Donald Trump is a high-tech pick pocket."  
"Trump's conduct is on display to America and to America's children. When we assume the crucial task of building healthy children, we look to foster positive values. We teach our children to be honest-but Trump is deceitful, to be modest-but Trump is egotistical,

to be kind-but Trump is cruel, to be generous-but Trump is greedy, to be respectful-but Trump is insolent, to be fair-but Trump is partial, to be compassionate-but Trump is coldhearted."  
"Let me see if I have this right. Trump says he kisses women without their consent. Several women say he kissed them without their consent. Trump says the women are lying. Got it."  
"Several other sources affiliated with *The Celebrity Apprentice* said during [Marlee] Matlin's appearance on the show, Donald Trump mocked her hearing loss and speech pattern and seemed to get a real kick out of doing so. They said Trump would regularly ridicule and disrespect the actress. He is reported to have repeatedly called her retarded because of her deafness and deaf accent. Pure, unadulterated, unbelievable, cruel, medieval ignorance."  
"Trump is said to have had a passion for Princess Diana. In 1995, Trump offered Diana complimentary membership in his Mar-a-Lago Club (she declined). After her divorce, Trump sent her massive bouquets of flowers. TV

journalist Selina Scott, a friend of Lady Di, has since revealed that Diana had said that she felt stalked by Trump and that he gave her the creeps. In 1997 on his radio show, Howard Stern asked Trump, 'You could've nailed her, right?' Trump responded, 'I think I could've.'"Table of Contents: 1. Trump the Liar, 2. Trump the Bigot, 3. Trump the Hypocrite, 4. Trump the Bully, 5. Trump the Thief, 6. Trump the Braggart, 7. Trump the Crude, 8. Trump the Ignorant, 9. Trump the Religious Charlatan, 10. Trump the Philanthropic Phony, 11. Trump the Lewd, 12. Trump the Bizarre, 13. Trump the Ad Hominem King, 14 Trump the Narcissist, 15. Trump the Terrible, 16. Explaining Trump, 17. Colin, 18. Malala, 19. Marwa, 20. Miscellany, 21. Endnotes

This book is written with reverence for the all patriots who have helped develop and foster our remarkable American values.

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that

Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's *Willing Executioners* provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing

Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."--New York Review of Books "The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly integrity."--Philadelphia Inquirer [Hitler](#) HarperChristian + ORM

This fascinating and richly detailed new biography of Hitler reinterprets the known facts about the Nazi Fuehrer to construct a convincing, realistic portrait of the man. In place of the hollow shell others have made into an icon of evil, the author sees a complex, nuanced personality. Without in any way glorifying its subject, this unique revision of the historical Hitler brings us closer to understanding a pivotal personality of the twentieth century.

Heydrich, Hitler's Most Evil Henchman  
Kings Road Publishing

Napoleon Bonaparte and Adolf Hitler were two of history's greatest dictators. In this groundbreaking study, Desmond Seward finds striking parallels between their careers and their roles in

shaping the destiny of modern Europe. He also shows how Carl von Clausewitz's classic treatise *On War* - a penetrating analysis of the Napoleonic campaigns read and re-read by Hitler- provides a crucial link between the two men. Napoleon and Hitler demonstrates in an entirely new way how history can repeat itself - and gives new and unexpected insights into these two terrible giants of modern times. "A careful study, clearly written, easy to read. He takes us through the careers of both men in turn, side by side, noting the similarities as he goes along. I am reminded of Plutarch's 'parallel lives' of the great Greeks and Romans... His interesting book deserves to be read both by those who would 'demonise' Hitler and those who are dazzled by Napoleon." Hugh Trevor-Roper - *Sunday Telegraph*  
'Desmond Seward is right to draw attention to their similarities, and to their differences. We should study both: both are among the possibilities inherent in our civilisation.' *Independent*  
'Solid historical biography with a compelling historical slant.' *Booklist*  
'A clever and cohesive

look at megalomania in action.' *Kirkus Review*  
*The Most Evil Men and Women in History* St. Martin's Press

The twentieth century was among the bloodiest in the history of humanity. Untold millions were slaughtered. How people are enrolled in the service of evil is a question that continues to bedevil. In this trenchant book, Abram de Swaan offers a taxonomy of mass violence that focuses on the rank-and-file perpetrators, examining how murderous regimes recruit them and create what De Swaan calls the "killing compartments" that make possible the worst abominations without apparent moral misgiving, without a sense of personal responsibility, and, above all, without pity. De Swaan wonders where extreme violence comes from and where it goes—seemingly without a trace—when the wild and barbaric gore is over. And what about the perpetrators themselves? Are they merely and only the product of external circumstance? Or is there something in their makeup that disposes them to become mass murderers? Drawing on a wide range of disciplines,

including sociology, anthropology, political science, history, and psychology, De Swaan sheds new light on an urgent and intractable pathology that continues to poison peoples all over the world.

#### The Satanic Verses

Rowman & Littlefield  
An incisive look into the lives, politics, and horrible deeds of fifty-six of history's most notorious world leaders—and how they shaped our world for the worst. For the most notorious leaders in the history of the world, evil is more than just a moment of weakness—it's a way of life. For every noble king, righteous emperor, and peace-loving president, history seems to serve up a double portion of murderous pharaohs, deranged dictators, or corrupt czars. Thus probes this dark and twisted side of raw human power—from France's King Louis XIV to China's Mao Tse-Tung and everywhere in between. It's a fascinating peek into the lives of the rich and infamous, the sour crème de la crème. Some, like Herod the Great, earned villainous reputations for slaughtering their own family members and countrymen. Others, like Egypt's King Farouk, were

almost laughable in their misdeeds, amassing the world's largest collection of pornography. Then there are those leaders, such as Hitler, who committed acts of such unspeakable evil that their names are uttered as curses. From Filipino first lady Imelda Marcos's bullet-proof bras to African strongman Ide Amin's bizarre fixation with all things Scottish, Micah D. Halpern turns the yellowed pages of history and contemporary news accounts to profile the bewildering, outrageous, horrific, gut-wrenching, zany, and tragicomic behavior of the world's worst leaders. Praise for Thugs "Written in short, easy-to-digest sentences, columnist and historian Halpern fills his brief sketches with colorful, terrible details in the manner of that rare, beloved history teacher whose lectures stir rapture in a nap-prone student body."

"I have committed many acts of cruelty and had an incalculable number of men killed, never knowing whether what I did was

right. But I am indifferent to what people think of me." - Genghis Khan  
A spine-chilling chronicle of dictators and their crimes against humanity, Tyrants introduces the most bloodthirsty madmen - and women - ever to wield power over their unfortunate fellow human beings. From Herod the Great, persecutor of the infant Jesus, to Adolf Hitler, mass murderer and instigator of the most devastating war the world has ever known, this book examines history's most infamous despots and tells in vivid detail the story of the lives they led, their ruthless climb to the top and the destruction and sorrow they left in their wake. Unflinching in its coverage, Tyrants is a gripping and compelling portrait of the darker side of politics and power, revealing the strange and grisly stories behind the world's most infamous autocrats.

#### **The Bad Popes** Blake Publishing

A compulsively readable and utterly original account of world history—from an atrocitologist's point of view. Evangelists of human progress meet their opposite in Matthew White's epic examination of history's one hundred

most violent events, or, in White's piquant phrasing, "the numbers that people want to argue about." Reaching back to 480 BCE's second Persian War, White moves chronologically through history to this century's war in the Congo and devotes chapters to each event, where he surrounds hard facts (time and place) and succinct takeaways (who usually gets the blame?) with lively military, social, and political histories. With the eye of a seasoned statistician, White assigns each entry a ranking based on body count, and in doing so he gives voice to the suffering of ordinary people that, inexorably, has defined every historical epoch. By turns droll, insightful, matter-of-fact, and ultimately sympathetic to those who died, *The Great Big Book of Horrible Things* gives readers a chance to reach their own conclusions while offering a stark reminder of the darkness of the human heart.

**The World's Most Evil Men** Arcturus Publishing  
Presented with accounts of genocide and torture, we ask how people could bring themselves to commit such horrendous acts. A searching meditation on our all-too-human capacity for inhumanity, *Evil Men* confronts atrocity head-on—how it looks and feels, what motivates it, how it can be stopped. Drawing on firsthand interviews with convicted war criminals from the Second Sino-Japanese War (1937–1945), James Dawes leads us into the frightening territory where soldiers perpetrated some of the worst crimes imaginable: murder, torture, rape, medical experimentation on living subjects. Transcending conventional reporting and commentary, Dawes's narrative weaves together unforgettable segments from the interviews with consideration of the troubling issues they raise. Telling the personal story of his journey to Japan, Dawes also lays bare the cultural misunderstandings and ethical compromises that at times called the legitimacy of his entire project into question. For this book is not just about

the things war criminals do. It is about what it is like, and what it means, to befriend them. Do our stories of evil deeds make a difference? Can we depict atrocity without sensational curiosity? Anguished and unflinchingly honest, as eloquent as it is raw and painful, *Evil Men* asks hard questions about the most disturbing capabilities human beings possess, and acknowledges that these questions may have no comforting answers.

History is blighted by the deeds of many men - Pol Pot, Idi Amin, Joseph Stalin, Papa Doc Adolf Hitler, Al Capone, the Kray twins and many others. Their cruelty and violence changed the face of the human race and certainly gave it cause to examine its own nature more closely.

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition

includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

**Killers** Quercus Books

One hundred years of the most depraved criminal minds—from H. H. Holmes and Ted Bundy to John Wayne Gacy, Ian Brady, and Myra Hindley. Their monikers have become part of the true crime lexicon: among them, the Moors Murders; the Hillside Strangler; Killer Clown; Son of Sam; the Love Slave Killers; the Scorecard Killer; and the BTK Strangler. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain.
