Gel Electrophoresis *Photosynthesis: Crash Course Biology #8* Chapter 20 Biotechnology Reading Guide AP Biology Reading Guide Julia Keller 12d Fred and Theresa Holtzclaw Chapter 20: Biotechnology 1. Define recombinant DNA, biotechnology, and genetic engineering. Recombinant DNA is formed when segments of DNA from two different sources, often different species, are combined in vitro. Biotechnology is the manipulation of organisms or their components to make useful products. Chapter 20: Biotechnology - Biology E-Portfolio Start studying Chapter 20: Biotechnology. Learn vocabulary, terms, and more with flashcards, games, and other study tools. Chapter 20: Biotechnology You'll Remember | Quizlet BIOLOGY I. Chapter 20 - Biotechnology DNA Cloning: Vectors A limiting property of any vector is the size of the DNA fragment it can effectively carry. The size of a DNA segment is often given in kilobases (kb): 1 kb = 1000 base pairs. Fragments smaller than 10 kb are usually inserted into plasmids for use in E. coli. Chapter 20: BIOTECHNOLOGY - HCC Learning Web AP Biology Reading Guide Julia Keller 12d Fred and Theresa Holtzclaw Chapter 20: Biotechnology 1 Define recombinant DNA, biotechnology, and genetic engineering Recombinant DNA is formed when segments of DNA from two different sources, often different species, are combined in vitro Biotechnology is the manipulation of organisms Chapter 20 Biotechnology Reading Guide Answers Chapter 20: Biotechnology The AP Biology exam has reached into this chapter for essay questions on a regular basis over the past 15 years. Student responses show that biotechnology is a difficult topic. This chapter requires a strong conceptual understanding of the technological processes and the underlying biology that guides the procedure. Chapter 20: Biotechnology - SCT JJ's Sciences Chapter 20: Biotechnology - Study Guide Multiple-Choice Questions Figure 20.1 1) Which enzyme was used to produce the molecule in Figure 20.1? A) Ligase. B) Transcriptase. C) A restriction enzyme. D) RNA polymerase. E) DNA polymerase. Answer: C Topic: Concept 20.1 Skill: Application/Analysis 2) Assume that you are trying to insert a gene into a plasmid. Chapter 20. Biotechnology - Study Guide - Chapter 20 ... We hope your visit has been a productive one. If you're having any problems, or would like to give some feedback, we'd love to hear from you.
