*The Complete Book of Luk Pra Kob & Herbal Balls* Elsevier Health Sciences

An illustrated guide to releasing emotional and physical blockages in the pelvic area through massage • Presents step-by-step instructions for sexual organ massages for women and men • Explains techniques to release knots, unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow • Effective for impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido as well as back pain, sciatica, and hormone imbalance Our sexual organs play a major role in our physical and emotional health. Many emotional traumas and stresses are stored in the pelvic region in the form of tension in the muscles, ligaments, and tendons and imbalances in the meridians and organs, resulting in an accumulation of toxins and energetic knots and tangles. Freeing the jing chi of the sexual organs--a powerful source of healing energy--Karsai Nei Tsang helps to resolve physical and emotional blockages in the pelvic area through massage, meridian clearing, and detoxification. Illustrating complete sexual organ massages for women and for men, this book guides you through the techniques of Karsai Nei Tsang--including necessary detox preparations and the underlying Chi Nei Tsang principles--and shows you how to release knots and tight muscles (including the hip, buttock, and thigh muscles), unravel nerve and lymphatic tangles, dissolve toxins and sediments, and increase blood flow to the pelvic area. Addressing common problems associated with our sexual organs, this practice can be used to treat impotency, frequent and difficult urination, painful menstruation, ovarian cysts, menopause symptoms, painful intercourse, and low libido. It is also effective in alleviating back pain and sciatica, improving the body's alignment, strengthening the pelvic floor, balancing the hormones, and increasing general vitality.

*Traditional Thai Medical Theory For Bodyworkers* Booksmango

This practical and highly illustrated introduction to the principles and techniques of Thai massage discusses the theories of Thai medicine and its Chinese and Ayurvedic influences. It offers clear and easy-to-follow descriptions for all Thai massage techniques accompanied by full color photographs and drawings, with arrows to indicate direction of movement. Basic explanations describe how massage therapists can use elements of these techniques and apply them immediately in their own practice. The book includes a DVD with 45 minutes of video showing techniques and routines in real time, to demonstrate appropriate pacing. Gives clear and easy-to-follow descriptions for each technique. Techniques can be used alone, in conjunction with other forms of massage, or to facilitate Yoga and other meditation practices. Clinically valuable and practical explanations of how

to use elements of the procedures make it easy for therapists to enrich their practice with these techniques -- whether applying all of the methods, or starting with stretches alone. Features an icon throughout the text that calls attention to precautions therapists must be aware of for safe and effective sessions. Includes a 45-minute DVD presenting video of techniques and routines in real time, to demonstrate proper pacing. Photographs, drawings, and illustrations of techniques are now in full color, for greater clarity of concepts. More historical background provides a deeper understanding of this ancient medical art. An accompanying DVD offers a 45-minute video of a Thai massage session in real time - demonstrating procedures with proper pacing. The visual approach along with its step-by-step narration helps viewers understand how the concepts discussed in the book translate to actual practice. The book also includes DVD icons that indicate which techniques are demonstrated on the DVD. Increased coverage of body mechanics helps readers understand the difference between correct and incorrect technique. Legends below the photographs provide specific information on the muscles being pressed or stretched with each technique to help therapists understand how this art of Asian healing corresponds to Western anatomy. A new Muscle Atlas appendix helps to further identify muscles mentioned in these legends. A new chapter, Correlations to Yoga, outlines the correlations between specific Thai massage procedures and yoga postures to help therapists incorporate Yoga into their practices. A new chapter, Suggested Sequences, provides guidelines for 60-, 90-, and 120-minute sessions - taking the guesswork out of planning Thai massage sessions.

*Advanced Thai Yoga Massage* Simon and Schuster

This fascinating anthology presents a much wider scope than other books on Thai massage, and uncovers a wealth of previously unavailable information on the historical, spiritual, and cultural connections to this powerful healing art. Topics include ways to refine and maintain a healthy practice, breathwork and body mechanics, self-protection techniques, reading body language, acupuncture concepts, and Thai herbal compress therapy. The spiritual and cultural section offers modern translations of ancient texts, Indian and Buddhist influences, magic amulets and sacred tattoos, and accessory modalities such as reusi dat ton (stretching) and tok sen (hammering therapy). Rounding out this thorough text, the final section features essays about actual practice with clients, written by therapists and teachers from around the world. The extensive experience and information provided in this reference book is invaluable to students or practitioners who wish to deepen their personal and professional understanding of traditional Thai healing arts.

*Tampa Bay Magazine* Elsevier Health Sciences

Thai Massage is the touch that enhances health, happiness, and wholeness--and with more than 150 expertly demonstrated sequences unfolding on these pages, everyone can enjoy its benefits. Sometimes called "yoga in action," Thai massage has worked its relaxing wonders for more than 1,000 years. Explore its secrets with a detailed program that includes ten complete lessons, each concentrating on a particular part of the body. Like other forms of massage, it employs a flowing sequence of stretches, but instead of using only your fingers, pressure is applied with the thumbs,

palms, elbows, knees, and feet. Full-color photographs of every move match still shots with superimposed artwork that indicate the direction of the movements. Each technique is clearly explained and its benefits--from improved flexibility to increased vitality--detailed. "All of the techniques are shown in sharp color photographs that are pleasing to the eye. Descriptions of the techniques are clear."--*Massage Therapy Journal*.

**Seven Peppercorns** Sterling Publishing Company, Inc.

In *A Myofascial Approach to Thai Massage*, the author takes a radically different approach to Thai Massage by redefining the sen lines in myofascial terms. He provides a coherent system illustrating the function and benefits of Thai Massage through its actions on the myofascial network, lymph and blood flow. In addition, the author questions some of the more dubious moves in Thai Massage; looks at the 'spiritual' aspects of Thai Massage in terms of presence, attention and the therapist/client relationship; takes a unique view of Thai Massage and opens the way for further exploration of massage in the myofascial field; and includes some examples of working with clients to illustrate the themes. Although specifically about Thai Massage, content covers many aspects of the therapist/patient relationship - well explored in psychotherapy but surprisingly little covered in massage courses. To support the therapist: the book includes references to anatomy, physiology and therapeutic processes such as neuromuscular technique and covers massage and relaxation and the techniques and relationship skills that make good massage. The author has distilled the techniques, discarded what he considers dangerous or disturbing for the patient and concentrated on understanding the techniques and ways of working necessary to promote complete relaxation for the client.

Both professional practitioners and casual massage enthusiasts will learn to raise their practice to an art with this step-by-step guide to foot massage as traditionally taught in Thailand. The practical

sections of the book clearly cover the different parts of the massage process, and color photos and graphics provide clear explanations to help learners utilize the techniques with confidence. The book also covers the history and theory behind Thai foot massage, including discussions about the reflex points on the feet and the concept of Sen (energy) lines that flow throughout the body, to help explain how this ancient healing art works. Though Thai foot massage is not a curative in itself, the featured techniques can promote general health and well-being.

**The Postures and Healing Practices of Ruesri Dat Ton** Elsevier Health Sciences

An authentic guide to Thai yoga massage, a unique therapy that combines stretching, breath work, assisted yoga postures, and pressure point therapy. • Includes more than 80 illustrations, 30 charts, and a complete series of postures for a two-hour full-body massage. • Author Kam Thye Chow has taught massage in Thailand and throughout Europe and North America. Until recently Thai yoga massage was virtually unknown in the West. It has its roots in both the ancient healing traditions of Ayurveda and Thai Buddhism. In this unique practice, the therapist gives a full-body massage that combines palming and thumbing along the Thai energy lines and pressure points with gentle stretching, movement, and breath work reminiscent of tai chi. Using his or her own hands, feet, arms, and legs, the practitioner gently guides the recipient through a series of yoga postures, creating a harmonious and therapeutic "dance" that leads to greater physical awareness, grace, and spiritual energy. In this comprehensive guide for practitioners, Kam Thye Chow leads readers through every aspect of this dance--from its history and philosophy to a detailed presentation of a

complete Thai yoga massage session. This important reference includes more than 80 illustrated postures, 30 charts and drawings, and a complete series of postures for a two-hour full-body massage that focuses attention on both the upper and lower body, which receive equal stress in the Western lifestyle. Information on contraindications, anatomy, and physiology integrates Western medical knowledge and theory with this ancient tradition. Massage therapists, physical therapists, nurses, and other medical professionals will find Thai Yoga Massage an important and innovative complement to their practice.

Reusi Dat Ton Part 1 Handbook Elsevier Health Sciences

Written by the UK's leading teacher and practitioner Natasha de Grunwald, a pioneer of Thai massage and bodywork for 30 years.

Thai Massage Dissected is a book aimed at massage therapists, yoga teachers, physiotherapists, osteopaths and all manual therapists who want to expand their therapeutic approach and are curious to learn about the body from a Thai anatomy and dissection perspective.

Therapeutic Thai massage and bodywork is a rich and diverse modality, so much more than the stretching and deep tissue work for which it is known. The book provides a richly curated combination of tools, techniques and protocols that will enhance all practitioners' skill sets. Natasha discusses the roots of this modality as Buddhist medicine, the five element system, the use of therapeutic herbs and Thai anatomy, whilst also writing about concepts such as proprioception and interoception. There is an additional chapter looking at traditional healthcare practices for women, informed by her time spent with village midwives on the Thai/Burmese border.

Natasha de Grunwald uses imagery from many hours spent in a cadaver lab to describe anatomical, textural layers and structures, bringing human form to life.

She consolidates this with a therapeutic perspective on Thai medical theory and how Thai massage and bodywork can be carried out in a clinical setting. This comes from her extensive research, studies and knowledge spanning over three decades.

Traditional Thai Yoga Findhorn Press

Learn how to reduce joint pain and stiffness and muscle aches and pain naturally with this fully illustrated, step-by-step guide to the Self Massage and Joint Mobilization Techniques of Traditional Thai Yoga "Reusi Dat Ton," the traditional holistic self-care system of Thailand. After an enlightening introduction to traditional Thai yoga, Wells dives into step-by-step instructions and color photos allowing you to start practicing these techniques on your own. These gentle low-impact techniques will help you to: Reduce joint pain and stiffness Ease muscle aches and pains Improve flexibility and range of motion Reduce neck, shoulder, back, hip, and knee pain Improve circulation Increase your energy and vitality Reduce stress Increase your mobility and pain-free movement during your daily activities Save money by learning how to give yourself a "full body Thai style massage" Improve your massage skills by learning the system which is the origin of "traditional Thai massage" Deepen your yoga knowledge and practice by studying this little known yoga tradition from Thailand. The thorough guide stays true to its traditional roots, serving as a rich resource to yoga students, massage therapists, and all people who want to improve their health and vitality. "I have been doing the Thai Yoga Joint Mobilization exercises almost daily for 6 months now. My balance and strength have improved immensely. It helps relieve the morning stiffness that comes with aging. I am so glad

to have all of this information at my fingertips as I get older." Jo Jensen, LMT "Thai Yoga "Reusi Dat Ton" offers healing practices that are as close to magic as I've ever gotten! They are simple exercises, postures, and other tools that bring energy, relieve joint pain, sore muscles, and back pain while improving both flexibility and range of motion. This gorgeous book reveals for the first time both the lore and wisdom of these ancient practices." Carol Sullivan, PhD, E-RYT "Thai Yoga is a wonderful gift which has truly improved my life! Thanks to David Wells for this carefully researched and meticulously detailed manual. As a massage therapist and yoga instructor the work has become an important daily practice for me and one that I share with my clients. The exercises help me to prepare my body for the day, identify limitations and restrictions in my body and balance my energy. The self-massage practice gives me a soothing way to treat those issues and heal myself. I use Thai Yoga to relieve tension headaches, reduce neck and shoulder tension and pain, improve a chronic back injury by mobilizing the low back and hips and releasing the accompanying muscles with self-massage. I also find the practice to reduce stress and increase energy. Most important Thai Yoga is really fun and feels good. I recommend this practice for everybody!" Jennifer Vanderburg, LMT "Thai Yoga Joint Mobilization is part of my personal daily practice and something I recommend to all my clients for keeping joints open and in full function. It can be practiced standing or seated, making it accessible to people at any level of health." Jill Strong-Harman LMT, Founder/ Director Yin Thai Somatics "Thai Yoga has done more to free me from pain than anything else I've ever tried. For most of my adult life I endured crippling back, neck and joint pain due to several injuries. Now after a year and a half of daily practice of the joint mobilization exercises, I have virtually no pain and every muscle feels energized. I have gone from almost disabled to fully functional and can work and play like I did when I was a young man. I am self-sufficient and master of my physical health for the first time in my adult life. It has literally given me my life back!" James Galusha

**Karsai Nei Tsang** Simon and Schuster

Thai Foot Massage is an ancient art, and part of traditional Thai Medicine. In Thailand, it is the most widely applied treatment. This book is indispensable for all massage teachers, as it contains information and tips from a well experienced massage instructor with 10+ years of experience. Also, it will be valuable for those who wish to start learning simple massage techniques in order to apply them to family members and friends. In this book, you will find:

- Detailed descriptions on traditional Thai Foot Massage techniques.
- Instructions on massage techniques on the dorsal and palmar surfaces of the foot
- Work with massage wooden tools and towels
- Thai Hand Massage instructions
- A small section on self-massage.

**Thai Massage** Simon and Schuster

Learn to apply the traditional Thai Massage techniques on the massage table, by the Thai Massage instructor Elefteria Mantzorou. What you will find in this book:

- Techniques in supine, side and prone positions. Face included.
- Techniques are matched with anatomy plates.
- Sen work and Thai acupressure included.
- The techniques can be combined with Swedish massage. Take your massage therapy skills to the next level with Thai mobilizations. The instructor has her own school and teaches the art since 2004! This book contains only black and white images, but full-color Kindle edition is free when you buy the paperback. Recommended for manual therapists, yoga instructors and practitioners, physiotherapists, dancers and massage therapists

**Thai Massage - E-Book** Handspring Publishing Limited

A complete guide to the ancient technique of Ruesri Dat Ton, also known as Thai yoga • Presents 60 step-by-step, illustrated exercises for self-healing and balanced well-being • Reveals the practice and evolution of Thai yoga, said to have originated with Buddha's physician, Jivaka Kumarabhaccha • Explains how the postures allow individuals to rebalance the flow of energy in the body Traditional Thai yoga--or Ruesri Dat Ton--is an individual yoga practice rooted in the ancient Ayurvedic tradition. It is comprised of exercises that--like the partnered practice of traditional Thai massage--originated with Buddha's own physician, Jivaka Kumarabhaccha. Enrico Corsi and Elena Fanfani present, for the first time in English, 60 of these postures fully illustrated with step-by-step instructions designed to stimulate self-healing by rebalancing the flow of energy in the body. Each of the postures works within the sen energy system that underlies Thai medicine. Fundamental to the practice is retention of the breath once the body has assumed the desired posture. The practitioner concentrates the breath on the place where the body is storing tension or dysfunction. When the breath is exhaled the body also expels the negative energy, allowing restorative energy to take its place. The simple yet highly effective postures in Traditional Thai Yoga address many common ailments--including physical ailments of the back, knees, shoulders, hips, arms, feet, and neck and more generalized ailments such as nausea and shortness of breath--as well as offering exercises that promote weight loss, longevity, and overall balanced well-being.

Practice, Culture and Spirituality Routledge

Thai herbs are part of a vibrant culture of healing that has been practiced and preserved over the centuries in traditional medicine schools, Buddhist monasteries, and village homes all over Thailand. Many quite ancient herbal traditions continue to be practiced throughout Thailand to this day, and some of these have now been recognized by the Ministry of Public Health as an important facet of the country's national healthcare system. This revised and updated edition provides an overview of traditional Thai medicine—including both the theory and the practical application of Thai cuisine, bodywork, and herbal medicine. Of interest to herbalist, massage therapists, and practitioners of other alternative healthcare systems, the book introduces the basic principles of Thai herbal healing in simple and clear terms, and it includes a detailed compendium of individual herbs. Best of all, this book is fun, offering easy recipes for home remedies, healthcare products, and cuisine that will make the world of Thai tradition come alive in your home.

**Everyday Life in Asia** Independently Published

Welcome to the first comprehensive encyclopedia of the human energetic anatomy. Here is a reference that no personal or professional health-care library should be without—an in-depth, illustrated guide to the invisible energies of the spirit, psyche, and consciousness that influence every aspect of our well-being. Whether you are looking for the right complementary medicine to enhance your own healing practice, seeking perennial wisdom about your body's energetic nature from world traditions, or exploring the quantum edge of intention-based care, The Subtle Body is an indispensable companion for exploring virtually any facet of holistic healing. Created for healing professionals and patients alike, this volume provides a lexicon of terms, illustrations, and detailed entries about our energetic biology and how it relates to our physical being. This invaluable information will help you enhance any form of health care and give you the knowledge you need to develop an integrated approach for your clients' well-being—or your own. All healers are "energetic" healers, whether they know it or not. Because every health issue has a physical and an energetic component, even a simple physical treatment like bandaging a cut also impacts the body's spiritual, mental, and emotional welfare. The Subtle Body is a comprehensive encyclopedia devoted to the critical world of our invisible anatomy, where so much of healing actually occurs. Compiled by intuitive healer and scholar Cyndi Dale, this 500-page full color illustrated reference book covers: What is the "subtle body"? New scientific understanding of our quantum-state existence and the unseen fields that determine our physical condition True integrative care: how combining Eastern energetic modalities with Western scientific rigor yields optimum results The meridians, fields, and chakras: detailed information and diagrams about the role of these energetic structures in our overall health Energy-based therapy principles from the world's healing traditions--including Ayurveda, Qigong, Reiki, Quabalah, and many more For professionals who want to make the leap from being good healers to great ones, one thing is clear: we need to care for every facet of our well-being. With The Subtle Body, practitioners and patients alike now have an unprecedented resource for understanding the physical, energetic, and spiritual elements of human health--for an informed, complete approach to healing.

Traditional Thai Massage Findhorn Press

Integrated Sports Massage Therapy is a highly illustrated evidence-based handbook which presents a wide range of effective sports massage techniques to cover any sports-related situation. Anders Jelveus explains and applies effective techniques from a variety of disciplines of manual therapy, ranging from commonly used sports massage strokes to more advanced concepts for real-life effective sports massage treatments.
