NOVAK LYNN

Idiot's Guide: Starting a Food Truck Business Penguin

Explains what the scientific method is and gives step-by-step directions for more than 50 projects and experiments using everyday items, for everyone from beginners to advanced students.

Project Management Penguin

Turn organizing your space into your next great project with this comprehensive guide! In our materialistic, time-crunched society, lifestyles are compromised by disorganization and clutter. In a 2008 National Association of Professional Organizers survey, 65 percent of respondents noted that their household was at least moderately disorganized, 71 percent said their quality of life would improve if they were better organized, and 96 percent of respondents indicated that they could save time every day by becoming more organized. A survey by IKEA reported that only 11 percent of Americans know where their Social Security cards are. Unfortunately, the problem has gotten so out of hand for so many, they have no idea where to begin. The Complete Idiot's Guide® to Getting Organized Fast-Track, finds readers where they are and helps them take the first steps toward a more organized and efficient life. In this book readers get: The principles behind effective organizing that can be applied to any situation in the home or office. A plan for clearing paper clutter and putting important documents where they can be found. Commonsense thoughts on prioritizing and letting go of objects that are no longer useful. A system for categorizing possessions that does not require people to buy more stuff to organize the stuff they already have. Tips for tackling disorganization hot spots, including home offices or dens, kitchens, closets, master bedrooms, garages, attics, and basement areas. Advice for staying ahead of messy family members or coworkers who can undo a person's hard work in an instant.

The Four Types of Human Behavior and How to Effectively Communicate with Each in Business (and in Life) Penguin

Following the advice in this guide will not only help your get your project off on the right foot, but will also keep you and your team marching along to its successful conclusion. You'll learn how to put together the best team for the job, how to define your goals and motivate your teammates, how to monitor the teams progress and keep the project on track, and how to stay within budget and time constraints. The book also explains how to use charts and diagrams to detail and define various aspects of the project.

Surrounded by Idiots Penguin

Making the dream a reality? For many people, owning and running a winery is a dream job. According to Wine Business Monthly, the number of wineries in the U.S. has jumped 26% in less than three years. To carry out this dream, one must understand that wine making involves both science and art. Starting a winery is just like starting any other business and requires planning and a deep understanding of the industry. In The Complete Idiot's Guide® to Starting and Running a Winery, readers will learn: ?How to put together a business plan ?Different varieties of grapes and wines ?How to lay out a floor plan and what equipment is needed ?How to promote wines
