Stories Little, Brown Books for Young Readers

Emotions are difficult for most children to understand, but they pose a particular challenge for children with autism spectrum disorders due to their literal and concrete way of thinking and learning. Help for young children now comes in the form of this charming picture book, which presents examples of the basic emotions, happy, sad, mad, etc., in environments and situations that are familiar to children and, therefore, are easier to understand. Fun activities at the back of the book make this a truly interactive instructional experience.

WHEN IT COMES TO LOVE, SOMETIMES IT TAKES THE HEAD YEARS TO DISCOVER WHAT THE HEART HAS ALWAYS KNOWN
When Forbes Branson was a young man ready for something new. A senior in high school, he was the golden boy. Heir to a fortune, he knew what his life was going to be. But he wanted adventure first. A year to do what he wanted, where he wanted before college. An unexpected betrayal would change everything. Sophie Lipton was fifteen the first time she set foot on the Branson ranch. Dragged from one place to another, never having more than one pair of shoes or enough to eat, the moment she saw the wide open spaces, she felt she could breathe for the first time in her life. It was the home she always dreamed of. But her happiness came at a price. To stay in her new home, Sophie had to keep somebody else's lies. Lies that would eventually tear apart a family. And tear apart her friendship with Forbes. Coming home is never easy-especially after twelve years. Forbes isn't the same young man. He found his adventure-and more. Weary, he's ready to settle into a slower, calmer life. Working on his family's ranch and taking the job as Chief of Police sounds like a piece of cake after the things he had seen and done. Sophie isn't the quiet girl Forbes remembers. She's grown into a strong, confident woman. A woman used to being in charge. The Branson ranch is her territory now. If Forbes thinks he's going to waltz back in and take over, he's going to find out fast that Sophie is no pushover. Twelve years ago, they shared one goodbye kiss. More sweet than passionate. Now, as adults it's a whole new game. The attraction between them is undeniable. Just as they begin to move forward, the past has other ideas. Secrets rarely stay buried forever. Lies. Betrayal. Maybe even murder. Before Forbes and Sophie can think about the future, they will need to deal with the past. Together.

The Storm Makers Shadow Mountain

A hockey romance love story challenging the creation of love itself. Is love something manifested through experience, wants, needs, desire and luck? Or is love just "there?" Perhaps the seed of love is planted by the spiritual energies of the universe after which fateful life experience dictates. True love manifested dependent on circumstance. Uncontrollable, creating anxiety with the thought. Cathy Wilson delivers again with a spectacular story in fiction hockey romance. A tale of two lives so inertly different interconnecting through a passion for hockey. Marcus, a young man you normally wouldn't notice. Rather plain looking, not many friends, more like acquaintances, definitely a different breed. A people pleaser you could say. Used often by acquaintances and discarded afterwards. Marcus grounds himself playing hockey, the only time he can shut his "thoughts" off. Falls head over heels for a wonderful woman at a vulnerable time in her life. Trista, a single young mother of three struggling to make ends meet. Desperate to give her kids the world but unable to accept the support she needs to do so. Strong willed, determined, trusting, forgiving, with a carefree spirit and unguarded heart. They meet . . . Her gut says no. Her head says yes. A decision that will change her life forever. Deep dark secrets uncovered, wrongs trying to

be made right. Should Trista follow her inert instincts, vulnerable head or confused head? Hockey romance at it's best!

Ellie O'Neill and Graham Larkin fell hard for each other when a misspelled email address unexpectedly brought them together. Now, over a year has passed since they said goodbye with the promise to stay in touch, and their daily emails have dwindled to nothing. Ellie is a freshman in college and has told herself to move on, and Graham has kept himself busy starring in more movies, as well as a few tabloid columns. But fate brought these two together once before--and it isn't done with them yet. In this sequel novella to *This is What Happy Looks Like*, Jennifer E. Smith revisits two beloved characters to tell the story of one magical night in Manhattan. When Ellie and Graham come face to face once more, can they get past the months of silence and the hurt feelings to find their happily-ever-after again? Word Count: ~18,000

Tori Brown is recovering from the embittered breakup of her engagement and seeks solace in the depths of Herefordshire. Living alone, she adapts to the close and friendly village life, where her personal life is not questioned, thus distancing herself from any prospective relationships. With the calming influence that her horse Carlos gives her, she is soon riding the bridle paths and woodland and beginning to enjoy her life once again. Sudden events take a hold and Tori is thrown, not only from Carlos, but into the beginnings of a new life that is to change everything. Someone else comes into her life, not what she quite expected but certainly what she wanted. Johan Andersen, a local Norwegian forester, captures Tori's heart and from that point on life is not the same again... just better, beyond her wildest dreams.

And I Thought... Random House Studio

Soon to be a feature film starring Jordan Fisher! On the night before they leave for college, Clare and Aidan only have one thing left to do: figure out whether they should stay together or break up. Over the course of twelve hours, they retrace the steps of their relationship, trying to find something in their past that might help them decide what their future should be. The night leads them to family and friends, familiar landmarks and unexpected places, hard truths and surprising revelations. But as the clock winds down and morning approaches, so does their inevitable goodbye. The question is, will it be goodbye for now or goodbye forever? Charming, bittersweet, and full of wisdom and heart, this irresistible novel from Jennifer E. Smith, author of *The Statistical Probability of Love at First Sight* and *Field Notes on Love*, explores the difficult choices that arise when life and love lead in different directions.

The Sea of Storms Poppy

A devoted employee of the FIA (Federal Intelligence Agency), Eurian lives a comfortable and secure life, spanned with bureaucratic conflicts and desires for promotion. He will find himself thrust into an international conflict to track down and stop a subversive cyberterrorist movement. His desire for a foreign assignment will finally be met, but not in the way he expected. Assigned to Kerploueck, a sleepy village at the far edge of the world, he will be forced to let go of the comfort and stability of his previous lifestyle. With this temporary assignment, the complacent bureaucrat finds himself a spy-but with none of the excitement and adventure he had dreamed of. He now must find new objectives to survive this wholly uninteresting assignment. What happens to the FIA and to the success of the worldwide search for the subversive cyber-terrorists will slowly drift away from Eurian's mind. Interestingly enough, when this book was started, internet spying, hacking, and cyberterrorism were rhetorical discussions. Today, we live in a different reality. Truth and facts are not as important as swaying unmindful, gullible populations. George Orwell's "alternative facts" are common place and universally acceptable. With the ocean of information now accessible to anyone, individuals, organizations, and even governments are scrambling to control its sources and promulgate their agendas. This is the essence of "The Happy Fools." Following Eurian and his unanticipated quest for truth, many topics of modern society will be discussed. This book also serves as a compendium of the latest technologies, sciences, ideas and movements. Focusing primarily on the most pertinent latest developments, each providing hope and insights that could change our lives. The underlying prerequisite of being happy is to avoid stress and the unknown. Therein lies a potential philosophical issue. Shutting the doors to outside turmoil, to world problems and issues, is a good safeguard for happiness. Close-mindedness brings confidence, as the world's problems appear simple and the solutions two-sided. Inversely, knowledge creates a spirit of inquiry, a burning desire for more knowledge,

spurring new questions that beg for answers, ultimately resulting in a loss of conviction and an understanding that we will never truly understand the world in its endless complexities. Do we choose closed-minded confidence, or a life dedicated to the pursuit of knowledge with the uncertainties, frustrations, and complexities that it yields?

"Among the thousands of books for prospective and new parents, I doubt any will make you feel more understood and less alone than this one."—ANTHONY DOERR, author of *ALL THE LIGHT WE CANNOT SEE* "Armed with wit, tenderness and candor, [Look How Happy I'm Making You] helps obliterate any taboos that may still exist surrounding the tribulations of women's reproductive lives."—PEOPLE MAGAZINE A candid, ultimately buoyant debut story collection about the realities of the "baby years," whether you're having one or not The women in Polly Rosenwaik's *Look How Happy I'm Making You* want to be mothers, or aren't sure they want to be mothers, or--having recently given birth--are overwhelmed by what they've wrought. Sharp and unsettling, wry and moving in its depiction of love, friendship, and family, this collection expands the conversation about what having a baby looks like. One woman struggling with infertility deals with the news that her sister is pregnant. Another woman nervous about her biological clock "forgets" to take her birth control while dating a younger man and must confront the possibility of becoming a single parent. Four motherless women who meet in a bar every Mother's Day contend with their losses and what it would mean to have a child. Witty, empathetic, and precisely observed, *Look How Happy I'm Making You* offers the rare, honest portrayal of pregnancy and new motherhood in a culture obsessed with women's most intimate choices.

From the author of *The Statistical Probability of Love at First Sight* comes a humorous and heartwarming novel about small towns, big love, and mistaken email identity. When teenage movie star Graham Larkin accidentally sends small town girl Ellie O'Neill an email about his pet pig, the two seventeen-year-olds strike up a witty and unforgettable correspondence, discussing everything under the sun, except for their names or backgrounds. Then Graham finds out that Ellie's Maine hometown is the perfect location for his latest film, and he decides to take their relationship from online to in-person. But can a star as famous as Graham really start a relationship with an ordinary girl like Ellie? And why does Ellie want to avoid the media's spotlight at all costs?

Kristina, an adoptee, struggled with emotional issues directly related to her adoption throughout her adolescence and young adulthood. As a result, she made life decisions that would ultimately backfire, leaving her to pick up the pieces of her life and move forward. Kristina found herself a three-time divorced single mom of four by the age of 30, struggling with identity issues and feeling like a complete failure. Through perseverance and a little hardheadedness, Kristina owned her mistakes and pushed through her obstacles, resulting in earning a Bachelors Degree in Psychology from Liberty University, and becoming the teacher she had always dreamed of being. Kristina is a champion at discovering and drawing out the potential in any human being, and especially loves speaking life into women who feel as though they have reached the point of no return, like she once did. Kristina's "enough is enough" attitude speaks boldly to those consumed in self-doubt, and pierces the ears of women all over who have low self worth and self esteem issues. Having lived through multiple divorces, teen pregnancy, adoption, reunion,

abuse, affairs, massive weight loss, financial hardship, cross-county relocation, career changes, and life as a full time working student and mom of four, Kristina has stepped up to the plate of life with a vengeance to succeed and teach others the same. *Happy Looks Good on You, Babe* is unlike any other self-help or non-fiction book out there because it is her story - one that draws people in and keeps them on the edge of their seat. From how she found out she was adopted to how she met her birth family, the drama is suspenseful and healing in nature. Let Kristina walk you through her life's mishaps, and teach you how she picked up her dignity and continued walking. *Happy Looks Good on You, Babe* is a beguiling instructional roadmap to happiness that Kristina has crafted to touch the hearts of anyone who has ever lived a life they didn't expect. If you are a fan of Rachel Hollis' "Girl, Wash Your Face", chances are you will like this one, too.

"Essential reading. This eloquent, far-ranging analysis of the national psyche goes as far as any book I've ever read toward explaining the peculiar American yen for war and more war."
—Ben Fountain, author of *Billy Lynn's Long Halftime Walk* and *Beautiful Country Burn Again* In *Looking for the Good War*, Elizabeth D. Samet reexamines the literature, art, and culture that emerged after World War II, bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life. She exposes the confusion about American identity that was expressed during and immediately after the war, and the deep national ambivalence toward war, violence, and veterans—all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States' "exceptional" history and destiny. Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures: the war correspondent epitomized by Ernie Pyle, the character of the erstwhile G.I. turned either cop or criminal in the pulp fiction and feature films of the late 1940s, the disaffected Civil War veteran who looms so large on the screen in the Cold War Western, and the resurgent military hero of the post-Vietnam period. Taken together, these figures reveal key elements of postwar attitudes toward violence, liberty, and nation—attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II. As the United States reassesses its roles in Afghanistan and the Middle East, the time has come to rethink our national mythology: the way that World War II shaped our sense of national destiny, our beliefs about the use of American military force throughout the world, and our inability to accept the realities of the twenty-first century's decades of devastating conflict.

affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage. Harper Collins

Lucy lives on the twenty-fourth floor. Owen lives in the basement. It's fitting, then, that they meet in the middle -- stuck between two floors of a New York City apartment building, on an elevator rendered useless by a citywide blackout. After they're rescued, Lucy and Owen spend the night wandering the darkened streets and marveling at the rare appearance of stars above Manhattan. But once the power is back, so is reality. Lucy soon moves abroad with her parents, while Owen heads out west with his father. The brief time they spend together leaves a mark. And as their lives take them to Edinburgh and to San Francisco, to Prague and to Portland, Lucy and Owen stay in touch through postcards, occasional e-mails, and phone calls. But can they -- despite the odds -- find a way to reunite? Smartly observed and wonderfully romantic, Jennifer E. Smith's new novel shows that the center of the world isn't necessarily a place. Sometimes, it can be a person.

Alli-Kar, a white-hole portal from another universe, rains meteoroids onto the surface of the planet Kelanni. But the so-called "lodestones" behave according to different physical laws, transforming Kelanni's society. With the aid of the fearsome Keltar in their flying cloaks, the Kelanni are being put to forced labor to mine the lodestones. Shann, an orphan with a fiery disposition, witnesses a battle between a Keltar and a stranger bearing a similar flying cloak. She tracks down the stranger, learning of the technology behind the Keltars' power and joining him on a mission to free the slaves and cut off their supply of lodestones. Meanwhile Keris, a Keltar, is sent on a mission to track down the rebels. She is attacked by a flying creature and saved by the enigmatic Chandara. At their Great Tree, she learns that a mysterious "Prophet" is out to destroy the Kelanni people. Their only hope is a powerful instrument hidden in the distant past. Pursued by Keltar, the party will encounter bizarre creatures, ancient technologies and terrifying dangers. Finally, they must seek to cross a massive storm barrier in order to reach the other side of their world, where a world-shaking revelation awaits.
