part of the Macmillan English Grammar In Context series, a three-level grammar practice series with a difference. Incorporating contextual examples in grammar practice activities, Macmillan English Grammar In Context is a grammar book that can be used in both the classroom and for self-study. Key Features: Grammar explanations with traditional practice activities and contextual examples Cross-curricular content areas include: literature science, geography, history and social sc

With Key The English Tenses Exercise Book 161 English tenses exercises to help test and improve grammar. Both form and use are tested with a mixture of conversion, gap-fill and analytical exercises. Thousands of examples are provided in individual sentences, and mixed tenses are tested through unique and entertaining, long-form prose exercises. The English Tenses Practical Grammar Guide A comprehensive guide to the grammatical forms, rules and usage patterns of all 12 aspects of the English language, The English Tenses: Practical Grammar Guide is ideal as either an accompaniment to core texts or as a

full self-study guide. For English learners of an intermediate level and above, this book introduces the reader to flexible uses of the English tenses, with simple, easy-to-follow explanations and colourful examples. This guide explains the theory behind the grammar of the different aspects of English, as well as the many ways native English speakers adapt the rules. It covers

simple, continuous, perfect and perfect continuous forms in the past, present and future, explaining their uses for showing time, emphasis and other purposes. Also covered are the specific applications of bare infinitives, participles and time clauses. Phil Williams, tutor and author of the website "English Lessons Brighton," takes the reader from the past, to present to

future, in a friendly, readable style - carefully comparing the tenses along the way. The book offers valuable advice to guide students towards more natural, and fluent, use of advanced English language. It highlights confusing areas in grammar, and compares individual tenses directly, to show how the rules are applied and can sometimes change. The

New Cambridge English Course 4 Teacher's Book The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, The Blue Book of Grammar and Punctuation includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and

high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with

easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English

grammar and usage, The Blue Book of Grammar and Punctuation offers comprehensive, straightforward instruction. With Answers. Intermediate Longman This is an adaptation of Essential Grammar in Use for Thai elementary learners. Cambridge University Press The shortest route to mastering verb conjugations One of the greatest challenges in learning a language is mastering verb conjugations. The books in the unique Language Verb Drill series make it easier than ever for learners to meet that challenge. Drilling, whether it's for learning a musical instrument, a sport, or a language, is an essential part of a sound education because repeated, concentrated practice makes specialized skills become second nature. Unlike most verb books, which tend to concentrate on tables of conjugations, the books in the Language Verb Drills series allow students to focus exclusively on building mastery of verbs without being distracted by other elements of grammar. Combining the features of a workbook and reference manual, they clearly and systematically explain how a verb system

works while providing numerous drills for practice. These revised editions of the popular study guides now include a final review section to reinforce the reader's ability to automatically select the correct verb form.

Understanding and Using English Grammar Collins
The Gramming Guide to English Grammar is a resource book on the grammar of Standard British English. It is intended for intermediate to advanced students of English as a second or foreign language who have already studied the basic grammar of English. It covers the most important areas of English grammar and concentrates on structures which may cause difficulty at an intermediate level or above. The book starts with a pretest that helps you identify the areas you need to work on. The pretest is followed by eleven chapters, broken down to a number of subchapters that each deal with a specific grammar point. The related explanations are accompanied by real-life sample sentences, timeline diagrams, tables, and quotes. If a similar point or the same point is discussed in a different part of the book,

you will find cross-references to that point. Where appropriate, chapters begin with guiding questions and end with revision questions. Most of the chapters are followed by exercises, including multiple choice, sentence transformation, error correction, gap filling and matching exercises, as well as communicative tasks that can be done in language

lessons. At the end of the book, there is an appendix which contains a list of the most common irregular verb forms and the most important spelling rules; a list of the quotes that appear in the book; and a glossary that defines grammatical terms frequently used in the explanations. The chapters in this book are not arranged in order of difficulty. This way, the book can be used

for quick reference on specific points of interest, as well as for systematic study, either as a self-study grammar book or as additional material in an ESL/EFL course. No matter which way you use the book, it is recommended that you follow the cross-references, which will lead you to further information on a given item. The exercises, which come with suggested answers, are best done

using pen and paper. These exercises will not only help you to practise grammar but also to tie grammatical forms to real-world meaning.

Grammar & Vocabulary
 McGraw Hill Professional
 The Basics of New Testament Syntax provides concise, up-to-date guidance for

intermediate Greek students to do accurate exegesis of biblical texts. Abridged from Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament, the popular exegetical Greek grammar for studies in Greek by Daniel B. Wallace, The Basics of New Testament Syntax offers a practical grammar for second-year students. The strengths of this

abridgment will become quickly apparent to the user: • It shows the relevance of syntax for exegesis and is thoroughly cross-referenced to Exegetical Syntax. • It includes an exceptional number of categories useful for intermediate Greek studies. • It is easy to use. Each semantic category is discussed, and a definition and key to identification are provided. • Scores of charts and

tables are included to enable the intermediate student to grasp the material quickly.

The Blue Book of Grammar and Punctuation

Cambridge University Press

Fully comprehensive and user-friendly, this book provides a thorough review of previously learned grammar, together with a strong emphasis on new areas. Designed for use in class or for self-

access, the book is suitable for FCE, CAE or non-exam classes.

Steering the Craft

Macmillan ELT
